A Family's Persecution, Love, and Endurance in Communist China W. W. Norton & Company

Experience the sublime beauty and flavor of one of the oldest and most delicious cuisines on earth: the food of Shanghai, China ' s most exciting city, in this evocative, colorful gastronomic tour that features 100 recipes, stories, and more than 150 spectacular color photographs. Filled with galleries, museums, and gleaming skyscrapers, Shanghai is a modern metropolis and the world ' s largest city proper, the home to twenty-four million inhabitants and host to eight million visitors a year. " China ' s crown jewel " (Vogue), Shanghai is an up-and-coming food destination, filled with restaurants that specialize in international cuisines, fusion dishes, and chefs on the verge of the next big

thing. It is also home to some of the oldest and most flavorful cooking on the planet. Betty Liu, whose family has deep roots in Shanghai and grew up eating homestyle Shanghainese food, provides an enchanting and intimate look at this city and its abundant cuisine. In this sumptuous book, part cookbook, part travelogue, part cultural study, she cuts to the heart of what makes Chinese food Chinese—the people, their stories, and their family traditions. Organized by season, *My Shanghai* takes us through a year in the Shanghai culinary calendar, with flavorful recipes that go beyond the standard, well-known fare, and stories that illuminate diverse communities and their food rituals. Chinese food is rarely associated with seasonality. Yet as Liu reveals, the way the Shanghainese interact with the seasons is the essence of their cooking: what is on a dinner table is dictated by what is available in the surrounding waters and fields. Live seafood, fresh meat, and ripe vegetables and fruits are used in harmony with spices to create a variety of refined dishes all through the year. *My Shanghai* allows everyone to enjoy the homestyle food Chinese people have eaten for centuries, in the context of how we cook today. Liu demystifies Chinese cuisine for home cooks, providing recipes for family favorites that have been passed down through generations as well as authentic street food: her mother ' s lion ' s head meatballs, mung bean soup, and weekday stir-fries; her father-in-law ' s pride and joy, the Nanjing salted duck; the classic red-braised pork belly (as well as a riff to turn them into gua bao!); and core basics like high stock, wontons, and fried rice. In *My Shanghai*, there is something for everyone—beloved noodle and dumpling dishes, as well as surprisingly light fare. Though they harken back centuries, the dishes in this outstanding book are thoroughly modern—fresh and vibrant, sophisticated yet understated, and all bursting with complex flavors that will please even the most discriminating or adventurous palate.

A free open access ebook is available upon publication. Learn more at www.luminosoa.org. In rural China funerals are conducted locally, on village land by village elders. But in urban areas, people have neither land for burials nor elder relatives to conduct funerals. Chinese urbanization, which has increased drastically in recent decades, involves the creation of cemeteries, state-run funeral homes, and small private funerary businesses. The Funeral of Mr. Wang examines social change in urbanizing China through the lens of funerals, the funerary industry, and practices of memorialization. It analyzes changes in family life, patterns of urban sociality, transformations in economic relations, the politics of memorialization, and the echoes of these changes in beliefs about the dead and ghosts.

“THE BOOK CHINA DOESN'T WANT YOU TO READ.”—CNN? A riveting insider's story of how the Party and big money work in China today, by a man who, with his wife, Whitney Duan, rose to the zenith of power and wealth—and then fell out of favor. She was disappeared four years ago. News of this book led to a phone call from Whitney, proof that she's alive. As Desmond Shum was growing up impoverished in China, he vowed his life would be different. Through hard work and sheer tenacity he earned an American college degree and returned to his native country to establish himself in business. There, he met his future wife, the highly intelligent and equally ambitious Whitney Duan who was determined to make her mark within China’s male-dominated society. Whitney and Desmond formed an effective team and, aided by relationships they formed with top members of China’s Communist Party, the so-called red aristocracy, he vaulted into China’s billionaire class. Soon they were developing the massive air cargo facility at Beijing International Airport, and they followed that feat with the creation of one of Beijing’s premier hotels. They were dazzlingly successful, traveling in private jets, funding multi-million-dollar buildings and endowments, and purchasing expensive homes, vehicles, and art. But in 2017, their fates diverged irrevocably when Desmond, while residing overseas with his son, learned that his now ex-wife Whitney had vanished along with three coworkers. This is both Desmond’s story and Whitney’s, because she has not been able to tell it herself.

"Between 1957 and 1960, nearly three thousand Chinese citizens were labeled "Rightists" by the Communist Part and banished to Jianiangou in China's northwestern desert region of Gansu to undergo "reeducation" through hard labor. These exiles men and women were subjected to horrific conditions, and by 1961 the camp was closed because of the stench of death: of the roughly three thousand inmates, only about five hundred survived." "In 1997, Xianhui Yang traveled to Gansu and spent the next five years interviewing more than one hundred survivors of the camp. In *Woman from Shanghai* he presents thirteen of their stories, which have been crafted into fiction in order to evade Chinese censorship but which lose none of their fierce power. These are tales of ordinary people facing extraordinary tribulations, time and again securing their humanity against those who were intent on taking it away."--Jkt. of 2009 ed.

A Chronicle of the Cultural Revolution House of Anansi

The issue of death has loomed large in Chinese cities in the modern era. Throughout the Republican period, Shanghai swallowed up lives by the thousands. Exposed bodies strewn around in public spaces were a threat to social order as well as to public health. In a place where every group had its own beliefs and set of death and funeral practices, how did they adapt to a modern, urbanized environment? How did the interactions of social organizations and state authorities manage these new ways of thinking and acting? Recent historiography has almost completely ignored the ways in which death created such immense social change in China. Now, Scythe and the City corrects this problem. Christian Henriot's pioneering and original study of Shanghai between 1865 and 1965 offers new insights into this crucial aspect of modern society in a global commercial hub and guides readers through this tumultuous era that radically redefined the Chinese relationship with death.

From the author of *Brothers and China in Ten Words*: this celebrated contemporary classic of Chinese literature was also adapted for film by Zhang Yimou. Forced by the Nationalist Army to leave behind his family, he witnesses the horrors and privations of the Civil War, only to return years later to face a string of hardships brought on by the ravages of the Cultural Revolution.
