The author Sri Anil Sharma was born in Ambala, India. He graduated as an electrical engineer in 1980, after which he travelled for a period of three years throughout the Indian subcontinent, in search of the truth. Since 1993 over a period of seven years he read more than nine hundred books written and referred to by great spiritual masters, attained various siddhis, toured many countries around the world and gave lectures. This book is the outcome of his spiritual experiences and guidance received from sages and spiritual masters during deep states of meditation. However, in spite of experiencing the rising of cosmic currents in his body, having attained a heightened awareness of reality, and achieving many tasks in spirituality, like writing books and genuinely helping many aspirants in the path of spirituality, his own quest of knowing and gaining personal experience of self-realisation remained unfulfilled. In the year 2000 he came across the teachings of Sri Ramana Maharshi, in whom he found all the answers to his spiritual quest and took him as his Sat guru. The author currently resides in Australia, works in his profession and also runs a small centre in Sydney called Sage Sri Ramana Maharshi Centre of Learning Sydney

An intimate portrait of the little-known aspects of Swami Vivekananda's life. Wandering mystic, India's spiritual ambassador to the West and founder of the Ramakrishna Mission, Swami Vivekananda awakened India's masses to the country's spiritual richness while stressing the importance of scientific inquiry. These aspects of Swamiji's life have been well chronicled by Swamiji himself, through his letters, speeches and writings; his own brothers who between them have written more than a hundred books; his co-disciples, disciples and others whose lives were enriched by their interactions with him; and, more than a century after his death, followers who had only read or heard of the magnetic personality of this revered teacher. Gleaned from all these sources, through painstaking research Sankar's biography focuses on the personal life of the saint: What was Vivekananda like as a man? What role did his mother play in his life, both before and after he renounced all family ties? Could he reconcile the duties of a monk with the duties of an eldest son? What prompted him to promote Vedanta and biriyani in the West? Did the long drawn battles over family property affect his health and cut short his life? Did his sister commit suicide? Why did his brother not write a single letter for six years when he was wandering around the world? What was Swamiji's favourite dish and what fruit did he like the least? What was his height? Where did he have his second heart attack? How much did the Calcutta doctor charge him at his chamber? Sankar's composite picture of the monk as man has sold over one lakh copies in Bengali and this translation brings the unfamiliar Vivekananda to a larger readership. "This book fruitfully serves those looking to apply Ernest Becker's ideas

psychotherapeutically, in individual counseling or in group therapy. A capstone to Robert Firestone's 50 years of work in psychotherapy, psychoanalysis and psychiatry and to the numerous books written by these authors, Firestone and Catlett show how to apply the themes and implications of the ideas of Ernest Becker in everyday life. Their basic premise is that accepting death is part of developing an affirming and meaningful experience of life. Contributing to the credibility of their presentation is the wealth of clinical evidence and personal experience Firestone and Catlett incorporate." --The Ernest Becker Foundation "[F]ascinating and an enjoyable read....steeped in well researched and relevant psychological and sociological perspectives applicable to all social studies areas..." --Carol Lloyd University of Chichester "Firestone and Catlett's work is a marvelous achievement....This volume is both innovative and intrepid. Firestone and Catlett challenge prevailing psychoanalytic views on death and they demolish many of the accepted canons of thanatology and existential psychology. ...This is required reading for anyone who purports to talk about death." -- Jerry Piven, PhD Author of Death and Delusion: A Freudian Analysis of Mortal Terror "[A] towering synthesis of personal and clinical wisdom about death....with a superb overview of the psychology of death and death anxiety....Dr. Firestone draws on the best of the existential-humanistic as well as the psychoanalytic thinkers to address a flourishing path toward self-realization." -Kirk J. Schneider, PhD Author, Existential-Integrative Psychotherapy and Awakening to Awe (From the Foreword) Firestone and Catlett's groundbreaking volume assists mental health practitioners in helping their clients learn to accept and face their mortality. They describe the many defenses of death anxiety that keep individuals from achieving personal fulfillment, and also suggest methods to cope directly with fears of death; an approach that, ironically, can lead to more satisfaction, more freedom, and a greater appreciation for the gift of life. This book examines the many destructive consequences of death anxiety, including introversion, depression, and withdrawal from life. Throughout the book, the authors demonstrate the importance of achieving what they call life-affirming death awareness. Key topics include: The dawning awareness of death and its impact on the developing child Literal and symbolic defenses against death anxiety Separation theory and "the fantasy bond" Challenging the defenses that interfere with living fully Microsuicide: the death of the spirit Breaking with limiting religious dogma and cultural worldviews With this book, mental health practitioners and their clients will be able to better understand death awareness, overcome the defenses against death anxiety, and ultimately lead richer, more fulfilling lives.

PREFACE. THE Author of this very practical treatise on Scotch Loch - Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from us to say anything against fishing, lawfully practised in any form but many pent up in our large towns will bear us out when we say that, on the whole, a day's loch-fishing is the most convenient. One great matter is, that the loch-fisher is dependent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, -and can make his arrangements for a day, weeks beforehand whereas the stream-fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a day's river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water

in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -such as many of our northern streams are, -the water is either too large or too small, unless, as previously remarked, you live near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much to do with catching trout in a loch as the angler. Well, we don't deny that. In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...

The Book of Secret Wisdom Partridge Publishing

Death is a taboo in most societies in the world. But what if we have got this completely wrong? What if death was not the catastrophe it is made out to be but an essential aspect of life, rife with spiritual possibilities for transcendence? For the first time, someone is saying just that. In this unique treatise-like exposition, Sadhguru dwells extensively upon his inner experience as he expounds on the more profound aspects of death that are rarely spoken about. From a practical standpoint, he elaborates on what preparations one can make for one's death, how best we can assist someone who is dying and how we can continue to support their journey even after death. Whether a believer or not, a devotee or an agnostic, an accomplished seeker or a simpleton, this is truly a book for all those who shall die!

Swami Vivekananda's views on the Bhagavad Gita are scattered throughout 'The Complete Works of Swami Vivekananda' published in nine volumes. The present book, published by Advaita Ashrama, a publication branch of Ramakrishna Math, Belur Math, is an extensive compilation of these insightful views of Swami Vivekananda on this sacred scripture of the Hindus. The reader is, as it were, taken through several verses of the Gita along with the Swami's elevating and soul-stirring commentary. Note: This book has embedded fonts to display the verses in Devanagari. You may have to use the 'Original' Font option in Google Play Books app. "... The book is certainly not a commentary on the Gita, in the traditional sense. But, what is available is indeed a treasure house of wisdom. Swamiji was a living embodiment of the Gita. According to him, the Gita was 'practical Vedanta'. He demonstrated this through his life. Reading through the book is indeed a rewarding experience. One is in holy company, imbibing the words of one who is speaking from his heart. ... Just as Swamiji himself used to carry a copy of the Gita with him always, one cannot do better than carry a copy of this book with one always..." - from a Review in the Vedanta Kesari, November 2010, p.441 published by Sri Ramakrishna Math, Chennai. As of February 2017, the print book has undergone seven reprints and more than 27,000 copies have been sold.

Philosophy is an overall vision or attitude towards life and the purpose of life. It is a resolute attempt to understand and appreciate the universe as a whole, and enquire into the nature of truth and reality. This book offers an insight into Hindu philosophy, with special focus on its principles of life and beyond. Tracing the origin of life on earth, it presents the Indian religious view of the universe and time. Further advancing proofs for the existence of God, it deals with the six prominent schools of Indian philosophy – Sankhya, Yoga, Vaisheshika, Nyaya, Mimamsa and Vedanta. Making a comparative study of the Western and Indian views of pluralism vis-a-vis monism, it also presents an elaborate discussion on Charvak philosophy, transmigration of soul and rebirth, the hierarchy of self-realization, and salvation or Moksha.

“ Reads like a detective thriller! It picks you up and never lets go of you. ” —Jess Stearn, bestselling author of Edgar Cayce, The Sleeping Prophet Ancient texts reveal that Jesus spent 17 years in the Orient. They say that from age 13 to age 29, Jesus traveled to India, Nepal, Ladakh and Tibet as both student and teacher. For the first time, Elizabeth Clare Prophet brings together the testimony of four eyewitnesses—and three variant translations—of these remarkable documents. She tells the intriguing story of how Russian journalist Nicolas Notovitch discovered the manuscripts in 1887 in a monastery in Ladakh. Critics “ proved ” they did not exist—then three distinguished scholars and educators rediscovered them in the twentieth century. Now you can read for yourself what Jesus said and did prior to his Palestinian mission. It ’ s one of the most revolutionary messages of our time.”
