Advaita Ashrama (A

'Just as heat is inherent in
fire, so is our desire to
become better.' Why are

personal growth and life transformation so difficult? Does Creation wish that we fail? Of course not! The purpose behind the Universe's grand design is to make us succeed. Our own unawareness of the laws of the Universe creates the impediment. Just as physical phenomena are regulated by laws, there are spiritual principles governing the journey of life as well. Knowledge of them helps us understand why success comes so easily to some but remains a struggle for others; why some are still

putting on their shoes, while others have finished the race. The beauty is that, like the physical laws of nature, the divine principles governing happiness and fulfilment in life are also eternally valid. In this book, Swami Mukundananda explains the 7 divine laws in an easily graspable manner. With knowledge of the Vedic scriptures and witty anecdotes that everyone can relate to, this book will empower you to become the best version of yourself.

God Lived with Them Advaita Ashrama (A publication branch of Ramakrishna Math, Belur Math)

Reincarnation is an Eastern religious studies text by Swami Abhedananda. The visible phenomena of the universe is bound by the universal law of cause and effect. The effect is visible or perceptible, while the cause is invisible or imperceptible. The falling of an apple from a tree is the effect of a certain invisible force called gravitation.

Vedanta Philosophy: Famous lectures in Yoga from the last survivor of the direct disciples of Ramakrishna. "The doctrine of Reincarnation says that each individual soul is potentially perfect and is gradually unfolding its powers and making them actual through the process of Evolution." -Swami Abhedananda Swami

Abhedananda compiled for you this fabulous book of his five lectures on reincarnation. In each lecture he examines the beliefs of religions and cultures while explaining the scientific basis of reincarnation. This is a very deep book and powerful to those who seek a deeper understanding of reincarnation. "In these discourses the Swami Abhedananda considers the questions of evolution and the resurrection in their bearing upon the ancient teaching of rebirth, the truth, logic and justice of which are rapidly permeating the best thought of the Western world. For the preservation of this doctrine mankind is indebted to the literary storehouses of India, the racial and geographical source of much of the vital knowledge of Occidental peoples. Reincarnation is shown in the present volume to be a universal solvent of life's mysteries. It answers those questions of children that have staggered the wisest minds who seek to reconcile the law of evolution and the existence of an intelligent and just Creator, with the proposition that man has but a single lifetime in which to develop spiritual self-consciousness. It is commended to every thinker." -Mind, February, 1900 "It is a work which will appeal to the novice for its simplicity and definite quality, and to the student for its wealth of knowledge and suggestion." -Vedanta Monthly Bulletin, September, 1907 "The

book should prove a valuable acquisition." -The Evening Sun, N. Y., December 21, 1907

"This is the work of a man of fine education and fine intellect....(Reincarnation) as expounded by Swami Abhedananda is very plausible, quite scientific, and far from uncomfortable. The exposition contained in this little book is well worth reading for all students of metaphysics. There is not the slightest danger of its converting or perverting any one to a new and strange religion. Reincarnation is not religion, it is science. Science was never known to hurt

anybody but scientists." -Brooklyn Eagle, December 13, 1907

The author Sri Anil Sharma was born in Ambala, India. He graduated as an electrical engineer in 1980, after which he

travelled for a period of three years throughout the Indian subcontinent, in search of the truth. Since 1993 over a period of seven years he read more than nine hundred books written and referred to by great spiritual masters, attained various siddhis, toured many countries around the world and gave lectures. This book is the outcome of his spiritual experiences and guidance received from sages and spiritual masters during deep states of meditation. However, in spite of experiencing the rising of cosmic currents in his body, having attained a heightened awareness of reality, and achieving many tasks in spirituality, like writing books and genuinely helping

many aspirants in the path of spirituality, his own quest of knowing and gaining personal experience of self realisation remained unfulfilled. In the year 2000 he came across the teachings of Sri Ramana Maharshi, in whom he found all the answers to his spiritual quest and took him as his Sat guru. The author currently resides in Australia, works in his profession and also runs a small centre in Sydney called Sage Sri Ramana Maharshi Centre of Learning Sydney

India and Her People

This book is the collection of decades of talks between Ramakrishna and his disciples, devotees and visitors. Thus, it is a complete collection of his philosophic ideas, captured the very moments they were uttered and preserved for future generations. The book tells the stories of the divine origin of a

human and nature, the energies that influence stand behind everything in our lives and influence our actions, and how to find peace and harmony by understanding what peace and harmony is. It also describes the lives of people, that found their spiritual way by worshipping their gods, or rather the embodiments of God, as the Higher Power. The text of this book was translated with the help of the prominent Americans of those times, such as the daughter of the President Woodrow Wilson and the poet John Moffit. Mahendranath Gupta (1854 –1932) was a disciple of the great 19-th century Hindu mystic Rama-krishna, a teacher to Paramahansa Yogananda, a

famous 20th-century yogi and an author of *The Gospel of Sri Ramakrishna*. He met *The Gospel of Sri Ramakrishna* in his teens and since then he became his devoted disciple. Since the age of 13 Mahendranath wrote a diary, which later became a basis of the book about Sri Ramakrishna, which was his greatest achievement of the great influencer, as it helped spread the teachings of Ramakrishna around the world.
