The 10th edition of School to Career builds on what
made the previous editions so successful. Students
explore careers using the career clusters and
pathways framework; understand workplace
expectations; develop career-readiness skills; and
plan for life beyond graduation. School to Career
provides students with the “ how to ” needed for
preparing a r é sum é , searching for a job, taking on
a work-based learning experience, exceeding

employer expectations, managing personal finances,
and funding postsecondary training and education.
Case studies are used to examine challenges students
may encounter in the world of work. •
Communication, math, and technology skills are
developed through activities and useful examples. •
Each chapter provides insights on ethics and on using
natural resources wisely. • Self-assessment
opportunities help focus attention on the acquisition
of key concepts.

Ocean Lifeguards make tens of
thousands of rescues every
year on the fabled, crowded
beaches of Southern

California. "Warm Winds and Following Seas: Reflections of a Lifeguard in Paradise" tells their stories, recounts their challenges and rescues, and illustrates the pressures of a misunderstood, high profile and physically difficult profession. From the rite of passage of Lifeguard Training, to the grit and grind of surf rescues and piloting rescue boats in big waves, to life-threatening saves in the icy waters of Northern California, this journey into the world of Ocean Lifeguards offers a fresh perspective on open water lifesaving and these unsung heroes of the coastline.

The Pediatric First Aid, CPR & AED manual is 153 pages and full-color. It covers the material included in a 6 to 7.5-hour course. This book is for anyone who takes care of children, including parents, daycare and other childcare workers, teachers and others. The focus is on preventing childhood injury where possible, how to recognize and act in a pediatric emergency and sustain life until professional help can arrive. Along with basic first aid components such as bleeding control and shock, the book covers child abuse and common childhood illnesses.

BLS for Healthcare Providers
Krames-Staywell

Presents a guide to becoming a safe, responsible, and successful babysitter, focusing

on what to do when children suffer different kinds of accidents and illnesses. *Punch St. Louis, Mo. ; Toronto : Mosby Lifeline*

Basic Life Support Provider Manual (International English) Amer Home Economics Assn

Designed as a single, definitive reference on swimming pool safety and management, this book includes important chapters on first aid, life guarding, pool maintenance, as well as a unique hot tub and spa section. This comprehensive book is a valuable resource for

swimming pool managers and technicians, university and college instructors, municipal/semi-public pool operators, lifeguards, swim coaches, and private pool owners. Basic First Aid Staywell Company Nobody knows us. They think they do. But they don't. In a world of champagne and canapés, the five Colby sisters are the glamorous faces of New York high society. With wealth, style and desirable husbands, they appear to have it all. But privately, the sisters' squabbles distort the picture of this perfect family. Image is everything and struggling to maintain it could have life-changing consequences. This black comedy by OBIE award-winning Canadian playwright Adam Bock received its world premiere at the Tricycle Theatre, London, on 19 June 2014.

Pediatric First Aid, CPR, and AED Amer Red Cross
This New American Red Cros CPR/AED for the Professional Rescuer Participant's Manual and course reflect changes based on the 2005 Consensus on Science for CPR and Emergency Cardiovascular Care (ECC) and the Guidelines 2005 for First Aid. Changes to this program and manual include simplifications to many of the CPR skill

sequences, which helps improve retention. There have also been changes to help improve the quality of CPR. The integration of CPR skills into the operation of AEDs had changed to help improve survival from sudden cardiac arrest. Professional rescuers are now trained to use AEDs on adults and children. Information has been updated and added to this program to help professional rescuers administer epinephrine, aspirin and fixed-flow-rate oxygen. The skills learned in this course include adult, child and infant rescue breathing, conscious and unconscious choking, CPR, two-rescuer CPR and adult and child AED. Additional training can be added to this course including bloodborne pathogens training and emergency oxygen administration. While the skills and knowledge that professional rescuers use are increasing, this training will help you meet your most important responsibility as a professional rescuer- the responsibility to save lives.
