Fragments of Two Centuries is a fascinating peek into the lives of English citizens at the time of the Revolutionary War. George III was King of Great Britain and of Ireland from 25 October 1760 until the union of the two kingdoms on 1 January 1801, after which he was King of the United Kingdom of Great Britain and Ireland until he died in 1820.

With the same straightforward

honesty that made her one of country ' s top-selling female recording artists, Reba McEntire tells her phenomenal story. From her childhood in Oklahoma working cattle with her ranching family to her days on the rodeo competition circuit, from her early days as a performer in honky-tonks to her many awards and a sold-out appearance at Carnegie Hall, Reba relates her experiences with heartfelt emotion and down-to-earth humor. With the same warmth and generous spirit that infuses her music, she introduces us to the most important people in her life: the family and friends who sustain her and the musicians and producers who have inspired her and helped her realize her artistic vision. With great poignancy,

she also recounts the lowest points of her life, the breakup of her first marriage and the plane crash that took the lives of eight of her band members; and the highest, her remarriage and the birth of her son Shelby. Her story is not only a chronicle of a remarkable life but a vivid testament of unshakable determination and faith in God. Reba: My Story is an intimate portrait of one of America ' s most beloved and successful entertainers. Alfred P. Sloan, Jr. led the General Motors Corporation to international business success by virtue of his brilliant managerial practices and his insights into the new consumer economy he and General Motors helped to produce. Sloan's business biography, *My Years With General Motors*, was an instant best seller when it was first published in 1964 and is still considered indispensable reading by modern business giants.

### Life and Death of the Salt Marsh St. Martin's Press

A lively portrait of mid-twentieth-century American book publishing—"A wonderful book, filled with anecdotal treasures" (The New York Times). According to Al Silverman, former publisher of Viking Press and president of the Book-of-the-Month Club, the golden age of book publishing began after World War II and lasted into the early 1980s. In this entertaining and affectionate industry

biography, Silverman captures the passionate spirit of legendary houses such as Knopf; Farrar, Straus and Giroux; Grove Press; and Harper & Row, and profiles larger-than-life executives and editors, including Alfred and Blanche Knopf, Bennett Cerf, Roger Straus, Seymour Lawrence, and Cass Canfield. More than one hundred and twenty publishing insiders share their behind-the-scenes stories about how some of the most famous books in American literary history—from *The Rise and Fall of the Third Reich* to *The Silence of the Lambs*—came into being and why they're still being read today. A joyful tribute to the hard work and boundless energy of professionals who dedicate their careers to getting great books in front of enthusiastic readers, *The Time of Their Lives* will delight bibliophiles and anyone interested in this important and ever-evolving industry.

### Fragments of Two Centuries: Glimpses of Country Life when George III. was King Open Road Media

The impact of *The Late Great Planet Earth* cannot be overstated. The New York Times called it the "no. 1 non-fiction bestseller of the decade." For Christians and non-Christians of the 1970s, Hal

Lindsey's blockbuster served as a wake-up call on events soon to come and events already unfolding -- all leading up to the greatest event of all: the return of Jesus Christ. The years since have confirmed Lindsey's insights into what biblical prophecy says about the times we live in. Whether you're a church-going believer or someone who wouldn't darken the door of a Christian institution, the Bible has much to tell you about the imminent future of this planet. In the midst of an out-of-control generation, it reveals a grand design that's unfolding exactly according to plan. The rebirth of Israel. The threat of war in the Middle East. An increase in natural catastrophes. The revival of Satanism and witchcraft. These and other signs, foreseen by prophets from Moses to Jesus, portend the coming of an antichrist . . . of a war which will bring humanity to the brink of destruction . . . and of incredible deliverance for a desperate, dying planet.

**Peter the Great: His Life and World** Penguin  
Thirty years after its publication, *The Death and Life of Great American Cities* was described by The New York Times as "perhaps the most influential single work in the history of town planning....[It] can also be seen in a much larger context. It is first of all a work of literature; the descriptions of street life as a kind of ballet and the bitingly satiric account of traditional planning theory can still be read for pleasure even by those who long ago absorbed and appropriated the book's arguments." Jane Jacobs, an editor and writer on architecture in New York City in the

early sixties, argued that urban diversity and vitality were being destroyed by powerful architects and city planners. Rigorous, sane, and delightfully epigrammatic, Jacobs's small masterpiece is a blueprint for the humanistic management of cities. It is sensible, knowledgeable, readable, indispensable. The author has written a new foreword for this Modern Library edition.

PULITZER PRIZE WINNER • An “urgently readable” (Newsweek) biography of the captivating tsar who changed Russian history—from the New York Times bestselling author of *Nicholas and Alexandra*, *The Romanovs*, and *Catherine the Great* “Enthralling . . . as fascinating as any novel and more so than most.”—The New York Times Book Review  
Against the monumental canvas of seventeenth- and eighteenth-century Europe and Russia unfolds the magnificent

story of Peter the Great, crowned co-tsar at the age of ten. Robert K. Massie delves deep into his life, chronicling the pivotal events that shaped a boy into a legend—including his “incognito” travels in Europe, his unquenchable curiosity about Western ways, his obsession with the sea and establishment of the stupendous Russian navy, his creation of an unbeatable army, his transformation of Russia, and his relationships with those he loved most: Catherine, the robust yet gentle peasant, his loving mistress, wife, and successor; and Menshikov, the charming, bold, unscrupulous prince who rose to wealth and power through Peter’s friendship. Impetuous and stubborn, generous and cruel, tender and unforgiving, a man of enormous energy and complexity, Peter the Great is brought fully to life.

Hertzan Chimera died on the 14th of August 2004 after fourteen years typing like a madman. He will be remembered (one hopes) for his extreme short stories and subversive books that tried to break away from rational thought and tedious 3-act structure, works that tore down the barriers of taste and exploded the fixed genres writers find themselves having to cater to. Includes exclusive H.C. interviews with Jack Ketchum, Tom Piccirilli, Edward Lee, Charlee Jacob and others.

From world leaders to Mafia dons, from Hollywood stars to the literary world's most eccentric writers, the notable and notorious alike have entrusted their life's work to Simon & Schuster's preeminent editor, Michael Korda. In this masterful memoir, Korda reveals the unforgettable cast of characters and outrageous anecdotes behind four decades of blockbuster publishing, bringing us face-to-face with dozens of larger-than-life figures: Richard Nixon, who maintained his "presidential" persona long after his public life was over; Joan Crawford, whose autobiography reflected a life she would have liked to have lived but did not; Joseph Bonanno, the retired Mafia don who'd do anything to keep from being killed by the reviewers. And in a revelatory account that reads as compulsively as fiction, *Another Life* paints a vivid picture of publishing's

glitterati, including Jacqueline Susann, who liberated women's fiction--and terrorized a publishing house, and Tennessee Williams, who nourished his genius on four-course vodka lunches. A veritable Who's Who of stage, screen, and letters, Another Life is the deft interweaving of publishing at its most fascinating--and storytelling at its finest.

This book cracks the supposedly indecipherable code of marketing to the New Chinese Consumer--all 1.3 billion of them. It distills what Tom Doctoroff has learned over the past eleven years in Greater China with JWT, one of the region's largest advertising agencies. Marketers of some of the world's leading brands come to China with mistaken ideas of how to apply Western thinking to the marketplace. But the same rules do not apply in China. Doctoroff delves into the psyches of contemporary Chinese consumers to explain the importance of culture in shaping buying decisions. He provides tools to help readers harness the power of insight into consumers' fundamental motivations and reveals the pitfalls into which many multinational competitors often fall. Anyone who plans

to do business in China shouldn't get on the plane without this book.

#1 NEW YORK TIMES BESTSELLER • In Danielle Steel's dazzling new novel, a young woman must overcome tremendous adversity in her quest to find herself and achieve real happiness. Nicole "Coco" Martin is destined to have it all. As the only child of doting and successful parents, she has been given every opportunity in life. Having inherited her mother's stunning beauty and creativity, along with her father's work ethic and diligence, she has the world at her feet. Her graduation from Columbia is fast approaching, and with it the summer job of her dreams working at a magazine. Between work, leisurely weekends at her family's home in Southampton, and spending as much time as possible with her best friend, Sam, life couldn't be better—until tragedy strikes. Coco's beloved parents are killed in a terrorist attack while on vacation in France. Now devastated and alone, Coco must find a way to move forward and make her way in the world without the family she loved. Determined to forge her own path and make her parents proud, Coco pursues her dreams, dazzled by exciting opportunities that come her way. Her goals are to think outside the

box—and always play by her own rules. As she finds herself drawn to charismatic, fascinating men, each relationship will teach Coco new lessons, some delightful, some painful. She will come to realize what matters, and how strong she truly is—and in the end, she will discover herself. Richly exploring one woman's poignant journey through life, All That Glitters is a compelling tale of challenges, heartbreak, discovery, and triumph, a powerful reminder that all that glitters is not the essence of life. And what is truly worth having was right there in our hands all along.

What Are the Three Decisions? Each day we are bombarded with a seemingly endless stream of choices, a nonstop barrage of options that must be weighed and considered. When it comes right down to it, though, most of the decisions that we make on a day-to-day basis are trivial ones. How many choices will you make today that will have a measurable impact on your life next week? Or a year from now? Ten years from now? Charlie Jones shows us that, when we clear away the clutter that fills our daily existence, we'll find that there are only three decisions that determine the course of each of our lives. What are they? Read *The Three Decisions* and find out

Winner of the 2012 Philip K. Dick Award Samuil Petrovitch is a survivor. He survived the nuclear fallout in St. Petersburg and hid in the London Metrozone - the last city in England. He's lived this long because he's a man of rules and logic. For example, getting involved = a bad idea. But when he stumbles into a kidnapping in progress, he acts without even thinking. Before he can stop himself, he's saved the daughter of the most dangerous man in London. And clearly saving the girl = getting involved. Now, the equation of Petrovitch's life is looking increasingly complex. Russian mobsters + Yakuza + something called the New Machine Jihad = one dead Petrovitch. But Petrovitch has a plan - he always has a plan - he's just not sure it's a good one.

The rise of the mass media and professional science makes the years before the Great War an important formative period in the history of popular science. Peter Broks explores the magazines of the time and uncovers the scientist as hero and villain; science for and against religion; animal biographies and a new empathy with nature; technology as evolutionary progress; utopian visions and degenerationst fears. Through this cultural

analysis of popular science he shows how Victorian hopes turned into Edwardian disillusion.

This volume brings together eight essays (all but one previously unpublished) that offer innovative strategies for studying society and culture in eighteenth-century France. Divided into three sections, the chapters map out current research paths in social, cultural, and political history. The authors engage the most heated subjects of debate in the field today, including the changing nature of political life in the age of Enlightenment, the role of public opinion in undermining absolutism, and the impact of gender on social relationships and political language in the late eighteenth century. They demonstrate a marked interest in the lives of ordinary and humble French people, finding that exclusion from the main corridors of power fostered cunning and resourcefulness, not political indifference or ignorance. The articles encompass the Old Regime and the revolutionary era without falling into the teleological trap of using the former as the backdrop for the events of 1789. On the

contrary, many of the authors consciously avoid this bias by investigating the Old Regime in its own right or by consciously linking the pre- and postrevolutionary eras. This decision alone marks an important turning of the tide. By establishing a dialogue between the Old Regime and the revolution, this volume implicitly pays homage to those historians who insist on the structural continuities that underlay the rupture of 1789. Contributors are Cissie Fairchilds, Christine Adams, Orest Ranum, Lisa Jane Graham, Harvey Chisick, John Garrigus, Lenard Berlanstein, and Jack Censer.
