Americans have built an empire on the idea of " race, " a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates ' s attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children ' s lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

"In this pathbreaking collection of articles, Dr. Beverly Guy-Sheftall has taken us from the early 1830s to contemporary times. Only since the seventies have black women used the term "feminism." And yet, it is that concept that she uses to bring into the same frame the ideas and analyses of Maria Stewart, Sojourner Truth, and Frances W.E. Harper of the early nineteenth century, and the work of women such as the late Audre Lorde, Barbara Smith, and bell hooks who stand on the threshold of the twenty-first century... She has refused to cut off contemporary African American women from the long line of sisters who have righteously struggled for the liberation of African American women from the dual oppressions of racism and sexism." —From the epilogue by Johnnetta B. Cole, President, Spelman College "The indefatigable Beverly Guy-Sheftall has put together a breathtaking sweep of African American feminist thought in one indispensable volume." —Elizabeth Spelman, Professor of Philosophy, Smith College

The Book of Lost Things HarperCollins UK

The prize-winning PBS correspondent's provocative antidote to America ' s misguided approaches to K-12 school reform During an illustrious four-decade career at NPR and PBS, John Merrow—winner of the George Polk Award, the Peabody Award, and the McGraw Prize—reported from every state in the union, as well as from dozens of countries, on everything from the rise of district-wide cheating scandals and the corporate greed driving an ADD epidemic to teacher-training controversies and America ' s obsession with standardized testing. Along the way, he taught in a high school, at a historically black college, and at a federal penitentiary. Now, the revered education correspondent of PBS NewsHour distills his best thinking on education into a twelve-step approach to fixing a K – 12 system that Merrow describes as being “ addicted to reform ” but unwilling to address the real issue: American public schools are ill-equipped to prepare young people for the challenges of the twenty-first century. This insightful book looks at how to turn digital natives into digital citizens and why it should be harder to become a teacher but easier to be one. Merrow offers smart, essential chapters—including “ Measure What Matters, ” and “ Embrace Teachers ” —that reflect his countless hours spent covering classrooms as well as corridors of power. His signature candid style of reportage comes to life as he shares lively anecdotes, schoolyard tales, and memories that are at once instructive and endearing. *Addicted to Reform* is written with the kind of passionate concern that could come only from a lifetime devoted to the people and places that constitute the foundation of our nation. It is a “ big book ” that forms an astute and urgent blueprint for providing a quality education to every American child.

THE DEFINITIVE EDITION • Discovered in the attic in which she spent the last years of her life, Anne Frank ' s remarkable diary has since become a world classic—a powerful reminder of the horrors of war and an eloquent testament to the human spirit. Updated for the 75th Anniversary of the Diary ' s first publication with a new introduction by Nobel Prize – winner Nadia Murad “ The single most compelling personal account of the Holocaust ... remains astonishing and excruciating. ” —The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the “ Secret Annex ” of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

Can I Play Too? (An Elephant and Piggie Book) Grove/Atlantic, Inc.

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. I Know Why the Caged Bird Sings captures the longing of lonely children, the brute insult of bigotry, and

the wonder of words that can make the world right. Maya Angelou ' s debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local “ powhitetrash. ” At eight years old and back at her mother ' s side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors (“ I met and fell in love with William Shakespeare ”) will allow her to be free instead of imprisoned. Poetic and powerful, I Know Why the Caged Bird Sings will touch hearts and change minds for as long as people read. “ I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity. ” —James Baldwin From the Paperback edition.

The Life and Adventures of Santa Claus Illustrated Univ. of Queensland Press

300 years ago, in April 1721, a smallpox epidemic was raging in England. Lady Mary Wortley Montagu knew that she could save her 3-year-old daughter using the process of inoculation. She had witnessed this at first hand in Turkey, while she was living there as the wife of the British ambassador. She also knew that by inoculating - making her daughter the first person protected in the West - she would face opposition from doctors, politicians and clerics. Her courageous action eventually led to the eradication of smallpox and the prevention of millions of deaths. But Mary was more than a scientific campaigner. She mixed with the greatest politicians, writers, artists and thinkers of her day. She was also an important early feminist, writing powerfully and provocatively about the position of women. She was best friends with the poet Alexander Pope. They collaborated on a series of poems, which made her into a household name, an ‘ It Girl.’ But their friendship turned sour and he used his pen to vilify her publicly. Aristocratic by birth, Mary chose to elope with Edward Wortley Montagu, whom she knew she did not love, so as to avoid being forced into marrying someone else. In middle age, her marriage stale, she fell for someone young enough to be her son - and, unknown to her, bisexual. She set off on a new life with him abroad. When this relationship failed, she stayed on in Europe, narrowly escaping the coercive control of an Italian con man. After twenty-two years abroad, she returned home to London to die. The son-in-law she had dismissed as a young man had meanwhile become Prime Minister.
