Information has been updated and added to this program to help professional rescuers administer epinephrine, aspirin and fixed-flow-rate oxygen. The skills learned in this course include adult, child and infant rescue breathing, conscious and unconscious choking, CPR, two-rescuer CPR and adult and child AED. Additional training can be added to this course including bloodborne pathogens training and emergency oxygen administration. While the skills and knowledge that professional rescuers use are increasing, this training will help you meet your most important responsibility as a professional rescuer- the responsibility to save lives.

Ten years ago, Kate Braestrup and her husband Drew were enjoying the life they shared together. They had four young children, and Drew, a Maine state trooper, would soon begin training to become a minister as well. Then early one morning Drew left for work and everything changed. On the very roads that he protected every day, an oncoming driver lost control, and Kate lost her husband. Stunned and grieving, Kate decided to continue her husband’s dream and became a minister herself. And in that capacity she found a most unusual mission: serving as the minister on search and rescue missions in the Maine woods, giving comfort to people whose loved ones are missing, and to the wardens who sometimes have to deal with awful outcomes. Whether she is with the parents of a 6-year-old girl who had wandered into the woods, with wardens as they search for a snowmobile rider trapped under the ice, or assisting a man whose sister left an infant seat and a suicide note in her car by the side of the road, Braestrup provides solace, understanding, and spiritual guidance when it’s needed most. Here if You Need Me is the story of Kate Braestrup’s remarkable journey from grief to faith to happiness. It is dramatic, funny, deeply moving, and simply unforgettable, an uplifting account about finding God through helping others, and the tale of the small miracles that occur every day when life and love are restored.
