Physics revision site - recommended to teachers as a resource by AQA, OCR and Edexcel examination boards - also recommended by BBC Bytesize - winner of the IOP Web Awards - 2010 - Cyberphysics - a physics revision aide for students at KS3 (SATs), KS4 (GCSE) and KS5 (A and AS level). Help with GCSE Physics, AQA syllabus A AS Level and A2

Level physics.

The answer to the question is light. During the day, it is sunlight that helps us see objects. When light falls on an object, it reflects. This reflected ray when received by our eyes helps us see things. There are numerous wonderful phenomena that are associated with light such as the formation of the rainbow, of stars, and many more.
