If you have read the
Lincoln 225 AC review
carefully, you should know
why this is the best
solution. Firstly, the stick

welder makes you able to penetrate over 16 gauge metal and even cast iron. That completes the penetration expected from a welder. Also, Lincoln 225 works on 225 amp ensuring maximum fusion among metals.

Lincoln AC 225 Review:
Awesome Stick Welder For
Thick Metal
The Lincoln AC-225
Welder has a wide welding
amperage range of 40-225
amps. Lincoln claims that it
has a very smooth AC arc and
I think you would be hard
pressed to find someone
among its users that disagrees
with that. The Lincoln AC-225
Welder is capable of welding

materials like carbon, low alloy,
and stainless steels as well as
cast iron.
