Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Union Agriculturist and Western Prairie Farmer

From the multi-million copy master of vernacular black literature and pioneer of hip

hop culture, a masterpiece of crime fiction set in Los Angeles' meanest, toughest streets. Here is the newly discovered novel by Iceberg Slim, the creator and undisputed master of African-American "street literature," a man who profoundly influenced hip hop and rap culture and probably has sold more books than any other black American author of the twentieth century (not that he saw the royalties from those sales). In many ways Iceberg Slim's most mature fictional work, *Shetani's Sister* relates, in taut, evocative vernacular torn straight from the street

corner, the deadly duel between two complex anitheroes: Sergeant Russell Rucker, an LAPD vice detective attempting to clean up street prostitution and police corruption, and Shetani (Swahili for Satan), a veteran master pimp who controls his stable of whores with violence and daily doses of heroin.
