New York State Contract Reporter Surplus Record Part of a series filled with “ gratifying detail ” about the ancestry of the first US President, this volume contains the eleventh generation of descendants. (Robert K. Krick, author of The Smoothbore Volley that Doomed the Confederacy, Stonewall Jackson at Cedar Mountain, and Lee ’ s Colonels) This is the seventh volume of Dr. Justin Glenn ’ s comprehensive history that traces the “ Presidential line ” of the Washingtons. Volume one began with the immigrant John Washington, who settled in Westmoreland Co., Va., in 1657, married Anne Pope, and became the great-grandfather of President George Washington. This volume contains the late nineteenth and twentieth century born descendants of John Washington ’ s daughter, Anne (Washington) Wright, and as such transports the reader through many of the major historical events of those eras by providing the stories of the family members who lived through them. Although structured in a genealogical format for the sake of clarity, this is no bare bones genealogy

but a true family history with over 1,200 detailed biographical narratives. These in turn strive to convey the greatness of the family that produced not only The Father of His Country but many others, great and humble, who struggled to build that country. “ It is surprising that no comprehensive family history has been published. Justin M. Glenn ’ s The Washingtons: A Family History finally fills this void for the branch to which General and President George Washington belonged, identifying some 63,000 descendants. ” —John Frederick Dorman, editor of The Virginia Genealogist (1957 – 2006) and author of Adventurers of Purse and Person

For nearly a year, Edwin A. Tucker tape recorded interviews with early-day Rangers and other officials, some retired, some still in harness. And from newspapers and official sources he gleaned news items, letters and reports concerning early activities and people. This book is a distillation of that material, plus such other material and chapters that were needed to

clarify and bring up to date the story of some of the people of the Forest Service in the Southwest. Tucker has spent his adult life in the Forest Service, beginning during the period when many pioneer conditions still prevailed in the Southwest, and he knew and worked with many of the old timers and of course with the new breed of professionals who now guide the destiny of the Service.
