Thoroughly updated for its Fifth Edition, Lippincott's Illustrated
Reviews: Biochemistry enables students to quickly review and
assimilate large amounts of complex information by utilizing
powerful visual resources that deliver the focus and clarification
needed to master difficult biochemical concepts. Its signature outline
format, full-color illustrations, end-of-chapter summaries, and
USMLE-style review questions make it one of the most user-friendly
books in the field.

Thoroughly updated for its Fourth Edition, Lippincott's Illustrated Reviews: Biochemistry enables students to quickly review, assimilate, and integrate large amounts of complex information by utilizing powerful visual resources that deliver the focus and clarification needed for mastery of difficult biochemical concepts.
Lippincott ' s Illustrated Reviews: Biochemistry
Even though Lippincott is classified as a review, I highly recommend it as your primary source for your 1st year medical biochem course. I really can't say enough good things about this book - it's simply one of the best review books I have ever read (I suggest buying a used copy of Harper's, but for reference only).
