Even though Lippincott is classified as a review, I highly recommend it as your primary source for your 1st year medical biochem course. I

really can't say enough good things about this book - it's simply one of the best review books I have ever read (I suggest buying a used copy of Harper's, but for reference only).

Lippincotts Illustrated Reviews Biochemistry Richard Thoroughly updated for its Fifth Edition, Lippincott's Illustrated Reviews: Biochemistry enables students to quickly review and assimilate large amounts of complex information by utilizing powerful visual resources that deliver the focus and clarification needed to master difficult biochemical concepts. Its signature outline format, full-color illustrations, end-of-chapter summaries, and USMLE-style review questions make it one of the most user-friendly books in the field.
