Equips high school students to analyze classic literary genres, discern author's worldviews, and apply biblical standards. Helps you build vocabulary by using new words in every speech and essay. Gain in-depth instruction in the subjects of grammar, punctuation, and spelling. Learn to convey important ideas in both writing and speech in this easy-to-follow, daily format. This is a dialectic and logic level course that prepares students for later academic pursuits. This 35-week course presents diverse writings, from Shakespeare to Jack London, Lewis Carrol to Longfellow, and Sir Walter Scott to C.S. Lewis. Students are taught to analyze key elements of literature such as allegory narrative, satire, plot, setting, and more. While Dr. Stobaugh scrutinizes all literature from a Christian worldview, his instruction also helps students develop their skills in public speaking, writing, and discernment to empower them to be more effective Christian apologists. In the steps of Augustine, Milton, and Lewis, students are invited to analyze the classics with a keen, discerning eye, and to identify positive and negative components of literary worldviews emergent among the classics.

Attention Deficit/Hyperactivity Disorder (ADHD) in adulthood is a prevalent and impairing disorder. While medications have been effective in treating adult ADHD, the majority of individuals treated with medications still have symptoms that require additional skills and symptom management strategies. This Second Edition of *Mastering Your Adult ADHD* is thoroughly updated to present the most current, empirically supported treatment strategies in cognitive behavioral therapy (CBT) for coping with symptoms of adult ADHD. The *Therapist Guide* provides clinicians with effective means of teaching adult clients skills that have been scientifically tested and shown to help them cope with ADHD. The program has been updated to include the optional use of technology and smart phones to improve organization and planning. Core modules cover the development of systems for keeping track of appointments and tasks, reducing distractibility, and improving adaptive thinking skills, and there's an optional module on reducing procrastination. Information is also provided regarding holding an informational meeting with a spouse, partner, or family member. The step-by-step, session-by-session descriptions are a practical resource for therapists who deliver the treatment. The companion *Client Workbook* contains all of the necessary information for participating in the practical CBT intervention. It includes worksheets, forms, and a link to an assessment measure that can be used to gauge progress during treatment.

When Klaus Lubbers's meticulously detailed *Emily Dickinson: The Critical Revolution* appeared in 1968, examining Dickinson criticism up to 1962, a second revolution in Dickinson criticism was already gathering force, as a new generation of scholars representing a wide spectrum of critical perspectives began reassessing the poet's life and work. In the intervening forty years, approximately 100 books about Dickinson and her oeuvre have appeared, making her one of the most extensively studied American poets in history. *Approaching Emily Dickinson* provides an objective examination of that vast body of scholarship. It gives detailed attention to the principal trends in Dickinson scholarship during the past half-century: biographical studies; feminist perspectives on the poet's life and work; rhetorical and stylistic analyses; textual studies of the bound and unbound fascicles and the so-called worksheet drafts; studies of Dickinson's social and cultural milieu, including influences on her spirituality, and of her theories of poetry. Fred White also examines Dickinson's artistic reception -- an area of ever-growing fascination, not only among Dickinson scholars but among artists, creative writers, dramatists, and musicians for whom Dickinson's genius has proven to be a powerful conduit for insights into the human condition. A fundamental research tool for both scholars and students, *Approaching Emily Dickinson* also enables fruitful comparisons both among and within the different critical and artistic perspectives. Fred D. White is Professor of

English at Santa Clara University. His studies of Emily Dickinson have been published in *College Literature* and in the *Cambridge Companion to Emily Dickinson*.

Trichotillomania (TTM) is a complex disorder that has long been considered difficult to treat as few effective therapeutic options exist. The empirically-supported treatment approach described in this innovative guide blends traditional behavior therapy elements of habit reversal training and stimulus control techniques with the more contemporary behavioral elements of Acceptance and Commitment Therapy (ACT). With this breakthrough approach, clients learn to be aware of their pulling and warning signals, use self-management strategies for stopping and preventing pulling, stop fighting against their pulling-related urges and thoughts, and work toward increasing their quality of life.

My Home is Far Away is the most precisely autobiographical of Powell's fifteen novels. In this family chronicle set in early twentieth century Ohio, young Marcia Willard's family struggles to keep up with the rapidly changing times, and Marcia endures disillusionment, cruelty, and betrayal to forge a survivor's sense of independence. John Updike has compared Powell with Theodore Dreiser, Willa Cather, Sherwood Anderson, "and those other Midwestern writers who felt something epic in the national shift from rural to urban, from provincial sequestration to metropolitan liberation." By 1941, when Powell set to work on *My Home Is Far Away*, she was better known for the smart, boozy, bawdy, hilarious send-ups of Manhattan high and low life. She had begun to attain a reputation for high sophistication and nothing could be less "sophisticated" – in the glittering, all-knowing, furiously present-tense, big-city manner Powell had perfected – than *My Home Is Far Away*. This was the month of cherries and peaches, of green apples beyond the grape arbor, of little dandelion ghosts in the grass, of sour grass and four-leaf clovers, of still dry heat holding the smell of nasturtiums and dying lilacs. This was the best month of all and the best day. It was not birthday, Easter, Christmas, or picnic, but all these things and something else, something wonderful, something utterly unknown. The two little girls in embroidered white Sunday dresses knew no way to express their secret joy but by whirling each other dizzily over the lawn crying, "We're moving, we're moving! We're moving to London Junction!" *My Home Is Far Away* is one of the very few examples of a book written for adults, with an adult command of the language, that maintains the vantage point of a hungry, serious child throughout. It might be likened to a memoir that has been penned not with the usual tranquility of distance but rather with the sense that everything happening to the characters is happening right now, without any promise of eventual escape, without any assurance that childhood, too, shall pass away. *My Home is Far Away*

had been out of print for sixty years when Steerforth reissued it in 1995. It received immediate widespread acclaim, and was featured on the cover of the New York Times Book Review, where Terry Teachout called it “one of the permanent masterpieces of childhood, comparable with David Copperfield, What Maisie Knew and the early reminiscences of Colette,” and where he proclaimed Powell to be “one of this country’s least recognized great novelists.”

A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That’s what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That’s where Will’s now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother’s gun. He gets on the elevator, seventh floor, stoked. He knows who he’s after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that’s when Will sees that one bullet is missing. And the only one who could have fired Shawn’s gun was Shawn. Huh. Will didn’t know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck’s in the elevator? Just as Will’s trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck’s cigarette. Will doesn’t know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, Long Way Down is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.
