ode to Put the Damn Guns Down, this is New York Times bestselling author Jason Reynolds ' s electrifying novel that takes place in sixty potent seconds—the time it takes a kid to decide whether or not he ' s going to murder the guy who killed his brother. A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for
RULE Or, you can call it a gun. That ' s what fifteen-year-old Will has shoved in the back waistband of his jeans. See,

his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That 's where Will 's now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother 's gun. He gets on the elevator, seventh floor, stoked. He knows who he 's after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check

that the gun is even loaded. And that 's when Will sees that one bullet is missing. And the only one who could have fired Shawn 's gun was Shawn. Huh. Will didn 't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck 's in the elevator? Just as Will 's trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck 's cigarette. Will doesn 't know her, but she knew him. Knew. When they were

eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story

that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, *Long Way Down* is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds. *A Guide to Online Course Design* John Wiley & Sons 'The rabbits came many grandparents ago. They built houses, made roads, had children. They cut down trees. A whole continent of rabbits...' *THE RABBITS* offers a rich and

immensely valuable perspective on the effect of man on his environment. Visually loaded and told with a passion for truth and understanding, *THE RABBITS* aims to promote cultural awareness and a sense of caring for the natural world. *The Scarlet Ibis* Open Road Media The Heinemann Plays series offers contemporary drama and classic plays in durable classroom editions. Many have large casts and an equal mix of boy and girl parts. This play is a dramatization of

Daniel Keyes's story about a retarded adult who desperately wants to be able to read and write.

The White Tiger

Simon and Schuster

Explore the language of storytelling and discover the meaning and purpose of literature with *Literary Devices*. Definitions of important terms and many opportunities to practice the skills being taught make our resource user-friendly and easy to understand. Examine the fundamental devices that make

up any story, starting with characterization. Break down a character into their simple parts: dialog, appearance, thoughts, actions, and reactions. Take a look at the time, place and conditions of a story. Learn how setting can help establish the mood or atmosphere. Use graphic organizers to map out the plot. Find out how a story unfolds with the rising action, climax and resolution. Next, dissect a story's main purpose by identifying its theme and point of view. Aligned to

your State Standards and written to Bloom's Taxonomy, reproducible writing tasks, crossword, word search, comprehension quiz and answer key are also included. The Play of Daniel Keyes' Flowers for Algernon Classroom Complete Press A novelist and short-story writer, Willa Cather is today widely regarded as one of the foremost American authors of the twentieth century.

Particularly renowned for the memorable women she created for such works as *My Antonia* and *O Pioneers!*, she pens the portrait of another formidable character in *The Song of the Lark*. This, her third novel, traces the struggle of the woman as artist in an era when a woman's role was far more rigidly defined than it is today. The prototype for the main character as a child and adolescent was Cather herself,

while a leading Wagnerian soprano at the Metropolitan Opera (Olive Fremstad) became the model for Thea Kronborg, the singer who defies the limitations placed on women of her time and social station to become an international opera star. A coming-of-age novel, important for the issues of gender and class that it explores, *The Song of the Lark* is one of Cather's most popular and lyrical works.

Book jacket.
Long Way Down
American Roots
One of the most important essays about the African-American experience in the United States is Zora Neale Hurston's *How It Feels To Be Colored Me*, originally published in *The World Tomorrow* in May 1928. Hurston's was an original voice in the first half of the 20th century. As she reflects on her early childhood in an all-black Florida town, and her first experiences in later life feeling "different," Hurston largely focuses on the similarities we all share and on her own self-

respect and identity. "Through it all, I remain myself." This short work is part of Applewood's "American Roots" series, tactile mementoes of American passions by some of America's most famous writers and thinkers.
The Most Dangerous Game Houghton Mifflin Harcourt
Greek Is Great Gain presents to students and pastors an exegetical method with a rigor worthy of Scripture and a practicality suitable for weekly use. It has additional features that

enable the expositor to see holistically the role of Greek in ministry. The introductory chapters give the rationale, basic definitions, and presuppositions for a Greek-based exegetical method. After describing ways to maintain Greek reading proficiency and ways to prepare the text in translation and, visually, in mechanical layout, *Greek Is Great Gain* devotes the bulk of its pages to a step-by-step exegetical

method. From surveying the text to viewing the text in its historical and literary context and genre, from engaging in analysis of grammatical and rhetorical features to addressing lexical and theological matters, the method guides expositors to unlock the meaning of the text. Then, having analyzed the text closely, the method directs expositors to view the "text whole" through

exegetical outline and the relation of its message to its book, and to Scripture as a whole. Finally, after interpreting and applying the text's message in and for today's culture, the method instructs the expositor in appropriating the fruit of exegesis for the sermon or Bible lesson. A final chapter describes possibilities for periodic in-depth study. As *Greek Is Great Gain* presents each part of the method, it gives a purpose or rationale for the

step and any necessary background, a list of resources to use, a procedure to follow, and a sample exegesis. A "Grammar Guide" appendix gives in outline form features of form and function for intermediate grammar. And there are charts to aid in analysis. Greek Is Great Gain clearly lives up to its subtitle in providing a method that successfully moves preachers or teachers of the Word from Exegesis to Exposition.

BEYOND BOOKS
HUB

My Home is Far Away is the most precisely autobiographical of Powell’s fifteen

novels. In this family chronicle set in early twentieth century Ohio, young Marcia Willard’s family struggles to keep up with the rapidly changing times, and Marcia endures disillusionment, cruelty, and betrayal to forge a survivor’s sense of independence. John Updike has compared Powell with Theodore Dreiser, Willa Cather, Sherwood Anderson, “and those other Midwestern writers who felt something epic in the national shift from rural to urban, from provincial sequestration to

metropolitan liberation.” By 1941, when Powell set to work on *My Home Is Far Away*, she was better known for the smart, boozy, bawdy, hilarious send-ups of Manhattan high and low life. She had begun to attain a reputation for high sophistication and nothing could be less “sophisticated” – in the glittering, all-knowing, furiously present-tense, big-city manner Powell had perfected – than *My Home Is Far Away*. This was the month of cherries and peaches, of green

apples beyond the grape arbor, of little dandelion ghosts in the grass, of sour grass and four-leaf clovers, of still dry heat holding the smell of nasturtiums and dying lilacs. This was the best month of all and the best day. It was not birthday, Easter, Christmas, or picnic, but all these things and something else, something wonderful, something utterly unknown. The two little girls in embroidered white Sunday dresses knew no way to express their secret joy but by whirling each

other dizzily over the lawn crying, “We’re moving, we’re moving! We’re moving to London Junction!” My Home Is Far Away is one of the very few examples of a book written for adults, with an adult command of the language, that maintains the vantage point of a hungry, serious child throughout. It might be likened to a memoir that has been penned not with the usual tranquility of distance but rather with the sense that everything happening to the characters is happening right now, without any promise of

eventual escape, without any assurance that childhood, too, shall pass away. My Home is Far Away had been out of print for sixty years when Steerforth reissued it in 1995. It received immediate widespread acclaim, and was featured on the cover of the New York Times Book Review, where Terry Teachout called it “one of the permanent masterpieces of childhood, comparable with David Copperfield, What Maisie Knew and the early reminiscences of Colette,” and

where he proclaimed Powell to be “one of this country’s least recognized great novelists.”

The Knowledge Gap

Houghton Mifflin Harcourt Ashamed of his younger brother's physical handicaps, an older brother teaches him how to walk and pushes him to attempt more strenuous activities.

moment I first started reading it, I knew it was going to be incredible. For me, it was one of those once-in-a-lifetime reading experiences that you cherish forever. It inspired me as a writer and still remains hugely inspirational.” —Kevin Kwan, author of *Crazy Rich Asians* Amy Tan’s beloved, *New York Times* bestselling tale of mothers and daughters, now the focus of a new documentary *Amy Tan: Unintended*

Memoir on Netflix, *Four mothers, four daughters, four families* whose histories shift with the four winds depending on who's "saying" the stories. In 1949 four Chinese women, recent immigrants to San Francisco, begin meeting to eat dim sum, play mahjong, and talk. United in shared unspeakable loss and hope, they call themselves the Joy Luck Club. Rather than sink into tragedy, they choose to gather to raise their

spirits and money. "To despair was to wish back for something already lost. Or to prolong what was already unbearable." Forty years later the stories and history continue. With wit and sensitivity, Amy Tan examines the sometimes painful, often tender, and always deep connection between mothers and daughters. As each woman reveals her secrets, trying to unravel the truth about her life, the strings become

more tangled, more entwined. Mothers boast or despair over daughters, and daughters roll their eyes even as they feel the inextricable tightening of their matriarchal ties. Tan is an astute storyteller, enticing readers to immerse themselves into these lives of complexity and mystery.

Enjoying Literature

Kendall Hunt Publishing Company The Harry Potter phenomenon created a surge in reading with a

lasting effect on all areas of culture, especially education. Today, teachers across the world are harnessing the power of the series to teach history, gender studies, chemistry, religion, philosophy, sociology, architecture, Latin, medieval studies, astronomy, SAT skills, and much more. These essays discuss the diverse educational possibilities of J.K. Rowling's books. Teachers

of younger students use Harry and Hermione to encourage kids with disabilities or show girls the power of being brainy scientists. Students are reading fanfiction, splicing video clips, or exploring Rowling's new website, Pottermore. Harry Potter continues to open new doors to learning.

ANTHEM
Classroom Complete Press
A teenager tries to steal the purse of Mrs. Luella

Bates Washington Jones and is rebuked in a surprising fashion. *Tangerine* Penguin The untold story of the root cause of America's education crisis--and the seemingly endless cycle of multigenerational poverty. It was only after years within the education reform movement that Natalie Wexler stumbled across a hidden explanation for our country's frustrating lack of progress when it comes to providing every child with a quality education. The problem wasn't one of the usual scapegoats: lazy teachers, shoddy facilities, lack of accountability. It

was something no one was talking about: the elementary school curriculum's intense focus on decontextualized reading comprehension "skills" at the expense of actual knowledge. In the tradition of Dale Russakoff's *The Prize* and Dana Goldstein's *The Teacher Wars*, Wexler brings together history, research, and compelling characters to pull back the curtain on this fundamental flaw in our education system--one that fellow reformers, journalists, and policymakers have long overlooked, and of which the general public,

including many parents, remains unaware. But The Knowledge Gap isn't just a story of what schools have gotten so wrong--it also follows innovative educators who are in the process of shedding their deeply ingrained habits, and describes the rewards that have come along: students who are not only excited to learn but are also acquiring the knowledge and vocabulary that will enable them to succeed. If we truly want to fix our education system and unlock the potential of our neediest children, we have no choice but to pay attention.
