Engine Summer

Orion

Sara Kendall and Kieran Foy

become trapped in the midst of the eternal battle between good and evil, in a tale of magic and romance that moves from ancient Wales to modern Canada

Flint and Mirror

Little, Big

For the people in

this novel, the concerns of everyday life are beginning to transmute into the extraordinary and to reveal the forces, dark and light, that truly govern their lives. So it is for Pierce Moffett, would-be historian and author, who has moved from New York to the Faraway Hills, where he seems to discover - or rediscover - a path into magic, past and present. And so it is for Rosie Rasmussen, a single mother grappling with her mysterious uncle's legacy and her young daughter Samantha's inexplicable seizures. For Pierce's lover Rose Ryder, another path

unfolds: she's drawn into a cult that promises to exorcise her demons - the same cult that Samantha's father has joined. It is the dark of the year, between Halloween and the winter solstice, and the gateway is open between the worlds of the living and the dead. A great cycle of time is ending, and Pierce and Rosie, Samantha and Rose Ryder must take sides in an age-old war that is approaching the final battle...Or is it? Moonheart Harper Collins
A visionary novel written in the tradition of magical realism by the author of *The Solitudes* explores the mysteries of

childhood, parenthood, love, death, and the universe as it follows the life of Pierce Moffett, growing up in the hills of Kentucky with his cousins. Reprint. The Deep Harper Collins Smoky Barnable embarks on a magical odyssey through life as he walks to Edgewood to marry Daily Alice Drinkwater and become a part of her fanciful family. Reprint. 20,000 first printing. Snake's Hands Tor Books
What would you do if you accidentally brought a monster to life and set him loose on your town
Adventurous and charming, this

middle grade twist on Frankenstein features a precocious main character who does just that. Perfect for fans of Serafina and the Black Cloak and the Greenglass House series. Frances Stenzel was just trying to prove her scientific worth to her parents so they would take her with them to their scientific symposiums for once--instead, she reawakened her great-grandfather's secret and most terrible invention. Before it can destroy the town, she sets off after it, with her pet chimp and sarcastic robot tutor by her side. But monster-hunting isn't easy,

and she'll have to face a persistent constable, angry locals, and an unexpected friendship ahead--all while the trail for the monster goes cold and time is running out before her science career, and the city itself, are doomed forever. Full of thrills and heart alike, Frances and the Monster takes readers through winding streets and over perilous rooftops, with wily monsters, unpredictable twists, and powerful friendships waiting along the way. Get in Trouble U of Minnesota Press
There is more than one history of the world. Before

science defined the modern age, other powers, wondrous and magical, once governed the universe, their lore perfected within a lost capital of hieroglyphs, wizard-kings, and fabulous monuments. In the 1970s, a historian named Pierce Moffett moves to the New England countryside to write a book about Ægypt, driven by an idea he dare not believe: that the physical laws of the universe once changed and may change again. Yet the notion is not his alone. Something waits at the locked estate of Fellowes Kraft, author of romances about Will

Shakespeare and Giordano Bruno and Dr. John Dee, something for which Pierce and those near him have long sought without knowing it: a key, perhaps, to Ægypt ... Shortlisted for the WORLD FANTASY and ARTHUR C. CLARKE AWARDS. Lanark Penguin Little, BigHarper Collins Endless Things Simon and Schuster John Crowley's masterful Little, Big is the epic story of Smoky Barnable, an anonymous young man who travels by foot from the City to a place called Edgewood—not found on any map—to marry Daily

Alice Drinkawater, as was prophesied. It is the story of four generations of a singular family, living in a house that is many houses on the magical border of an otherworld. It is a story of fantastic love and heartrending loss; of impossible things and unshakable destinies; and of the great Tale that envelops us all. It is a wonder. Frances and the Monster Harry N. the story of four generations of a singular family, living in a house that is many houses on the magical border of an otherworld. It is a story of fantastic love and heartrending loss; of impossible things and unshakable destinies; and of the great Tale that envelops us all. It is a wonder.

Four Freedoms
Farrar, Straus and
Giroux

Edgewood is many houses, all put inside each other, or across each other. It's filled with and surrounded by mystery and enchantment: the further in you go, the bigger it gets. Smoky Barnable,

who has fallen in love with Daily Alice Drinkwater, comes to Edgewood, her family home, where he finds himself drawn into a world of magical strangeness.

Crowley's work has a special alchemy - mixing the world we know with an imagined world which seems more true and real.

1982.

The Translator
Harper Collins

John Crowley evokes, with absolute precision, the ordinary-and not so ordinary-moments that reflect and illuminate the essential nature of family life.

Moving gracefully back and forth between the imaginary planet Brxx and our own familiar Earth, this deeply affecting tale examines the primal importance of stories, while challenging some

of our most common misconceptions about those who are "different" and those who are not. *Daemonomania* Hachette UK Reading John Crowley 's stories is to see almost-familiar lives running parallel to our own, secret histories that never quite happened, memories that might be real or might be invented. In the thirteen stories collected here, Crowley sets his imagination free to roam from a 20th century Shakespeare festival to spring

break at a future Yale in his Edgar Award winning story " Spring Break " . And in the previously unpublished " Anosognosia " the world brought about by one John C. ' s high-school accident may or may not exist. *Reading Backwards* One World "Crowley is generous, obsessed, fascinating, gripping. Really, I think Crowley is so good that he has left everybody else in the dust."—Peter Straub From award-winning author John Crowley comes a novel that masterfully blends history and magic

in *Flint and Mirror*. As ancient Irish clans fought to preserve their lands and their way of life, the Queen and her generals fought to tame the wild land and make it English. Hugh O'Neill, lord of the North, dubbed Earl of Tyrone by the Queen, is a divided man: the Queen gives to Hugh her love, and her commandments, through a little mirror of obsidian which he can never discard; and the ancient peoples of Ireland arise from their underworld to make Hugh their champion, the token of their vow a chip of flint. From the masterful author of

Little, Big comes an exquisite fantasy of heartbreaking proportion. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Novelty Doubleday Books

A novel of tremendous scope and beauty, The Translator tells of the relationship between an exiled Russian poet and his American translator during the Cuban missile crisis, a time when a writer's words -- especially forbidden ones -- could be powerful enough to change the course of history. Out of Oz Harper Collins
Endless Things is the fourth and final

installment in Crowley's Aegypt sequence. Spanning three centuries, and weaving together the stories of Renaissance magician John Dee, philosopher Giordano Bruno, and present-day itinerant historian and writer Pierce Moffitt, the Aegypt sequence is as richly significant as Lawrence Durrell's Alexandria Quartet or Anthony Powell's Dance to the Music of Time. Crowley, a master prose stylist, explores transformations physical, magical, alchemical, and personal in this epic, distinctly American novel where the past, present, and future reflect each other. Judenstaat Subterranean Press

Want to know more about history and politics? Then you should probably go and read a proper book. Fancy a laugh at some smutty jokes? Then go and read Viz. But if you fancy a combination of the two, this is the book for you. In Off The Record, bitter and twisted leftie news reporter Jonathan Pie picks ten of the world's worst wankers and tears them apart. Here you'll find the answers to some difficult questions. Was Blair just a Tory in disguise? Did

Cameron really have sexual relations with that pig? Just how the fuck did we end up with President Donald Trump? It's the ultimate guide to political arseholery. With extra swearing. Love & Sleep Bloomsbury Publishing USA "Reading Backwards is John Crowley's first collection of non-fiction since In Other Words was published in 2007. Like its predecessor, this new book reflects an astonishing range of interests, both literary and otherwise. Like its predecessor, it is a

book that no John Crowley fan can afford to miss. The volume opens with the autobiographical "My Life in the Theater," a memoir of the younger Crowley's earliest ambitions, and closes with the moving and memorable "Practicing the Arts of Peace." In between, the author offers us more than thirty carefully crafted essays, each one notable for its insight, intelligence and typically graceful prose. The opening section, A Voice from the Easy Chair, reflects Crowley's tenure as Easy Chair columnist for Harper's Magazine.

Subjects include life under the once omni-present threat of the Selective Service Board, the enduring personal importance of the Encyclopedia Britannica, and thoughts on what it means to be truly well read. The second section, Fictional Voices, is filled with acute commentary on a wide range of books and writers, among them SF masters such as Paul Park, Ursula K. Le Guin and Thomas Disch; the important, if neglected, historical novelist David Staction (a model for the fictional Ffellowes Kraft of the 2gypt novels); classic science fiction

novels of the 1950s, and much, much more. The final section, *Looking Outward, Looking In*, ranges freely across a wide variety of subjects and ideas, such as UFO literature, the utopian architecture of Norman Bel Geddes, the life and career of renowned theosophist Helena Blavatsky, and the nature of time. *Reading Backwards* is a book that can be read from beginning to end with enormous pleasure. It can also be read and enjoyed in whatever order the reader prefers. However it's read, it's a multifarious source of entertainment,

illumination, and thought, and offers a fascinating glimpse into the intellectual life of one of the finest novelists of our time."--Provided by publisher. *Lord Byron's Novel* Hachette UK One of our most accomplished literary artists, John Crowley imagines the novel the haunted Romantic poet Lord Byron never penned ...but very well might have. Saved from destruction, read, and annotated by Byron's own abandoned daughter, Ada, the manuscript is rediscovered in our time -- and almost not recognized. *Lord Byron's Novel*

is the story of a dying daughter's attempt to understand the famous father she longed for -- and the young woman who, by learning the secret of Byron's manuscript and Ada's devotion, reconnects with her own father, driven from her life by a crime as terrible as any of which Byron himself was accused.
