---

first published in 1930. Cherished by readers for over ninety years, *The Little Engine That Could* is a classic tale of the little engine that, despite her size, triumphantly pulls a train full of wonderful things to the children waiting on the other side of a mountain.

The Little Engine that Could Putnam Juvenile

In this informative and entertaining book, learn from Cousin Sal how not to gamble your life away -- along with many other life lessons -- so you don't have to learn the hard way. Over the last forty years, Cousin Sal has made bets with doctors, lawyers, teachers, agents, bookies, writers, comedians, radio DJs, tv producers, baseball players, front office executives, bandleaders, movie stars, publicists, weed lab owners, hedge fund operators, and even professional wrestlers. From his early days growing up in Brooklyn and Long Island flipping baseball cards to now hosting podcasts and TV shows and managing several offshore accounts we don't talk about, Cousin Sal has truly become the average American sports fan's go to source for gambling tips. So here's how not to do it . . . With hilarious tales of love and loss, winning and (a lot) of losing, crazy family and fatherhood, and a life saga that inspired the Phil Collins' song, "Against All Odds," Cousin Sal has now written *THE Vegas super-system*, MIT-algorithmic, sharp-approved book for how to gamble like a pro -- or at least not how not to go broke and lose your kids to Child Protective Services.

The Easy-to-Read Little Engine that Could Houghton Mifflin Harcourt
