A Taste for Monsters Franklin Watts

From New York Times bestselling author Diane Chamberlain comes a novel of chilling intrigue, a decades-old disappearance, and one woman's quest to find the truth... "A novel about arts and secrets...grippingly told...pulls readers toward a shocking conclusion." —People magazine, Best New Books North Carolina, 2018: Morgan Christopher's life has been derailed. Taking the fall for a crime she did not commit, her dream of a career in art is put on hold—until a mysterious visitor makes her an offer that will get her released from prison immediately. Her assignment: restore an old post office mural in a sleepy southern town. Morgan knows nothing about art restoration, but desperate to be free, she accepts. What she finds under the layers of grime is a painting that tells the story of madness, violence, and a conspiracy of small town secrets. North Carolina, 1940: Anna Dale, an artist from New Jersey, wins a national contest to paint a mural for the post office in Edenton, North Carolina. Alone in the world and in great need of work, she accepts. But what she doesn't expect is to find herself immersed in a town where prejudices run deep, where people are hiding secrets behind closed doors, and where the price of being different might just end in murder. What happened to Anna Dale? Are the clues hidden in the decrepit mural? Can Morgan overcome her own demons to discover what exists beneath the layers of lies? "Chamberlain, a master storyteller, keeps readers hooked, with a story line that leavens history and social commentary with romance and mystery." —Lexington Dispatch

[Little White Lies](#) St. Martin's Press

Malcolm Gladwell, host of the podcast *Revisionist History* and  
author of the #1 New York Times bestseller *Outliers*, offers a  
powerful examination of our interactions with strangers and  
why they often go wrong—now with a new afterword by the  
author. A Best Book of the Year: *The Financial Times*,  
*Bloomberg*, *Chicago Tribune*, and *Detroit Free Press* How did  
Fidel Castro fool the CIA for a generation? Why did Neville  
Chamberlain think he could trust Adolf Hitler? Why are campus  
sexual assaults on the rise? Do television sitcoms teach us  
something about the way we relate to one another that isn't  
true? *Talking to Strangers* is a classically Gladwellian  
intellectual adventure, a challenging and controversial excursion  
through history, psychology, and scandals taken straight from  
the news. He revisits the deceptions of Bernie Madoff, the trial  
of Amanda Knox, the suicide of Sylvia Plath, the Jerry  
Sandusky pedophilia scandal at Penn State University, and the  
death of Sandra Bland—throwing our understanding of these and  
other stories into doubt. Something is very wrong, Gladwell  
argues, with the tools and strategies we use to make sense of  
people we don't know. And because we don't know how to talk  
to strangers, we are inviting conflict and misunderstanding in  
ways that have a profound effect on our lives and our world. In  
his first book since his #1 bestseller *David and Goliath*,  
Malcolm Gladwell has written a gripping guidebook for  
troubled times.
