Heart: A History MacLehose Press

Unflinching, intoxicating, heartfelt, and propelled by an exceptional energy, *Will* is the long-awaited memoir by Will Self, whose works have been shortlisted for the Booker Prize and translated into over twenty languages. A portrait of the artist as a young addict, *Will* is one of the most eloquent and unusual depictions of the allure of hard drugs ever written. Will spins the reader from Self's childhood in a quiet North London suburb to his mind-expanding education at Oxford, to a Burroughsian trip to Morocco, an outback vision in Australia, and, finally, a surreal turn in rehab. Echoing the great Modernist writers of the early twentieth century in its psychedelic stream of consciousness, *Will* is vividly imagistic and mordantly witty. It is both *kunstlerroman* and confessional, a tale of excess and degradation, a karmic cycle that leads back to the author's own lack of... will.

The Book of Dave is Booker-shortlisted author Will Self's dazzling sixth novel. What if a demented London cabbie called Dave Rudman wrote a book to his estranged son to give him some fatherly advice? What if that book was buried in Hampstead and hundreds of years later, when rising sea levels have put London underwater, spawned a religion? What if one man decided to question life according to Dave? And what if Dave had indeed made a mistake? Shuttling between the recent past and a far-off future where England is terribly altered, *The Book of Dave* is a strange and troubling mirror held up to our times:

disturbing, satirizing and vilifying who and what we think we are. At once a meditation upon the nature of received religion, a love story, a caustic satire of contemporary urban life and a historical detective story set in the far future - this compulsive novel will be enjoyed by readers everywhere, including fans of Martin Amis and Anthony Burgess's *A Clockwork Orange*. 'Vivid, visceral and breathtakingly ambitious, this is Self's best yet' *GQ* 'Mindboggling ... darkly hilarious ... A fascinating book' *Evening Standard* Will Self is the author of nine novels including *Cock and Bull*; *My Idea of Fun*; *Great Apes*; *How the Dead Live*; *Dorian, an Imitation*; *The Book of Dave*; *The Butt*; *Walking to Hollywood* and *Umbrella*, which was shortlisted for the Man Booker Prize. He has written five collections of shorter fiction and three novellas: *The Quantity Theory of Insanity*; *Grey Area*; *License to Hug*; *The Sweet Smell of Psychosis*; *Design Faults in the Volvo 760 Turbo*; *Tough, Tough Toys for Tough, Tough Boys*; *Dr. Mukti and Other Tales of Woe* and *Liver: A Fictional Organ with a Surface Anatomy of Four Lobes*. Self has also compiled a number of nonfiction works, including *The Undivided Self: Selected Stories*; *Junk Mail*; *Perfidious Man*; *Sore Sites*; *Feeding Frenzy*; *Psychogeography*; *Psycho Too* and *The Unbearable Lightness of Being a Prawn Cracker*.

I thought everything would change, after the war. And now, no one even mentions it. It is as if we all got together in private and said whatever you do don't mention that, like it never happened. It's the late 1940s. Calm has

returned to London and five people are recovering from the chaos of war. In scenes set in a quiet dating agency, a bombed-out church and a prison cell, the stories of these five lives begin to intertwine and we uncover the desire and regret that has bound them together. Sarah Waters's story of illicit love and everyday heroism takes us from a dazed and shattered post-war Britain back into the heart of the Blitz, towards the secrets that are hidden there. Olivier-nominated playwright Hattie Naylor has created a thrilling and theatrically inventive adaptation of a great modern novel. The stage adaptation of *The Night Watch* was premiered at the Royal Exchange Theatre, Manchester, on 16 May 2016.

The grotesque in contemporary British fiction reveals the extent to which the grotesque endures as a dominant artistic mode in British fiction and presents a new way of understanding six authors who have been at the forefront of British literature over the past four decades. Starting with a sophisticated exploration of the historical development of the grotesque in literature, the book outlines the aesthetic trajectories of Angela Carter, Martin Amis, Ian McEwan, Iain Banks, Will Self and Toby Litt and offers detailed critical readings of key works of modern fiction including *The Bloody Chamber* (1979), *Money* (1984), *The Child in Time* (1987), *The Wasp Factory* (1984), *Great Apes* (1997) and *Ghost Story* (2004). The book shows how the grotesque continues to be a powerful force in contemporary writing and provides an illuminating picture of often controversial aspects of recent fiction.

*The Sweet Smell of Psychosis* Simon and Schuster

In this classic medical thriller filled with harrowing suspense and brilliantly crafted plot twists, Tess Gerritsen—the author of the acclaimed Rizzoli & Isles series that inspired the hit television show—delivers a pulse-pounding tale that “will make your heart skip a beat” (USA TODAY). For Dr. Abby DiMatteo, the long road to Boston’s Bayside Hospital has been anything but easy. Now, immersed in the grinding fatigue of her second year as a surgical resident, she’s elated when the hospital’s elite cardiac transplant team taps her as a potential recruit. But Abby soon makes an anguished, crucial decision that jeopardizes her entire career. A car crash victim’s healthy heart is ready to be harvested; it is immediately cross-matched to a wealthy private patient, Nina Voss. Abby hatches a bold plan to make sure that the transplant goes instead to a dying seventeen-year-old boy who is also a perfect match. The repercussions are powerful and swift and Abby is shaken but unrepentant—until she meets the frail, tormented Nina. Then a new heart for Nina Voss suddenly appears, her transplant is completed, and Abby makes a terrible discovery: Nina’s heart has not come through the proper channels. Defying Bayside Hospital’s demands for silence, Abby plunges into an investigation that reveals an intricate, and murderous, chain of deceptions. Every move Abby makes spawns a vicious backlash and, in a ship anchored in the stagnant waters of Boston Harbor, a final, grisly discovery lies waiting...

**The Ethics and Poetics of Alterity** Manchester University Press  
A brief and brilliant satire of magazine hacks and fashionistas, *The Sweet Smell of Psychosis* shows Will Self—a writer hailed by Time as “brilliant, iconoclastic . . . one of Britain’s most original young writers”—at the top of his form. It looks like it’s going to be quite a Christmas for Richard Hermes, powdered with cocaine and whining with the white noise of urban derangement. Not so much enfolded as trapped in the bosom of the most venal media clique in London, Richard is losing it on all fronts: he’s losing his heart to Ursula Bentley, a nubile and vacuous magazine columnist; he’s in danger of losing his job at the pretentious listings magazine *Rendezvous*; he’s losing his mind courtesy of Colombia’s chief illegal export; and, worst of all, he’s losing his soul . . . to the king-of-all-media and sinister purveyor of opportunities—sexual, chemical, and professional—known only as Bell. Murky, paranoid, and hilarious, *The Sweet Smell of Psychosis* is Will Self at his best.

Early one blustery day near Le Havre, three teenagers head down to the sea together to go surfing. They are old friends: Chris, Johan and

Whilst Chris and Johan escape with a few broken bones, it soon becomes clear that Simon is beyond resuscitation, brain-dead in a deep coma. Apart from his brain however, Simon's organs are in perfect condition. His devastated parents face an agonising decision. If his life support is switched off straight away, his organs can still be used to save other lives, but by consenting, his parents will be choosing to end what remains of their son's life. Sherlock's Diseases of the Liver and Biliary System She Writes Press

From the Booker Prize-winning author of *The Remains of the Day* and *When We Were Orphans*, comes an unforgettable edge-of-your-seat mystery that is at once heartbreakingly tender and morally courageous about what it means to be human. Hailsham seems like a pleasant English boarding school, far from the influences of the city. Its students are well tended and supported, trained in art and literature, and become just the sort of people the world wants them to be. But, curiously, they are taught nothing of the outside world and are allowed little contact with it. Within the grounds of Hailsham, Kathy grows from schoolgirl to young woman, but it's only when she and her friends Ruth and Tommy leave the safe grounds of the school (as they always knew they would) that they realize the full truth of what Hailsham is. *Never Let Me Go* breaks through the boundaries of the literary novel. It is a gripping mystery, a beautiful love story, and also a scathing critique of human arrogance and a moral examination of how we treat the vulnerable and different in

our society. In exploring the themes of memory and the impact of the past, Ishiguro takes on the idea of a possible future to create his most moving and powerful book to date.

This volume examines the various processes at work in expressing silence and excessive speech in contemporary novels in English, covering the whole spectrum from effusiveness to muteness. Even if in the postmodern episteme language is deemed inadequate for speaking the unspeakable, contemporary authors still rely on voice as a mode of representation and a performative tool, and exploit silence not only as a sign of absence, block or withdrawal, but also as a token of presence and resistance. Logorrhoea and reticence are not necessarily antithetical as compulsive verbosity may work as a smokescreen to sidestep the real issues, while silences and gaps may reveal more than they hide. By submitting their texts to both expansion and retention, hypertrophy and aphasia, writers persistently test the limits of language and its ability to make sense of individual and collective stories. The present volume analyses the complex poetics of silence and speech in fiction from the 1960's to the present, with special focus on Will Self, Graham Swift, John Fowles, Kazuo Ishiguro, Jenny Diski, Lionel Shriver, Michèle Roberts, Margaret Atwood, Jonathan Safran Foer, Salman Rushdie, Arundhati Roy, Zadie Smith, Jamaica Kincaid, Ryhaan Shah and J.M. Coetzee.

60 years ago, the beautiful island of Jura provided George

Orwell the solitude and inspiration he needed to write his political masterpiece, *Nineteen Eighty-Four*. In 2006, the Scottish Book Trust established their Jura Malt Whisky Writer Retreat Programme to give writers the same peace and space and it is now recognised as one of the best creative opportunities available. In 2007, authors Will Self, Janice Galloway and Philip Gourevitch took a month out, writing and living in the luxurious Distillery Lodge, to work on specially commissioned stories, published here for the first time.

**Queer Difficulty in Art and Poetry** Penguin UK

A volume of interconnected satirical works is set in locales ranging from a London drinking club to an orderly Swiss city and considers the impact of disease on the body's largest internal organ, in an anthology that includes the stories, "Fois Humane," "Leberkndel," "Prometheus" and "Birdy Num Num."

*The Unbearable Lightness of Being a Prawn Cracker* University of Toronto Press

Augmenting recent developments in theories of gender and sexuality,

this anthology marks a compelling new phase in queer scholarship. Navigating notions of silence, misunderstanding, pleasure, and even affects of phobia in artworks and texts, the essays in this volume propose new and surprising ways of understanding the difficulty—even failure—of the epistemology of the closet. By treating "queer" not as an identity but as an activity, this book represents a divergence from previous approaches associated with Lesbian and Gay Studies. The authors in this anthology refute the interpretive ease of binaries such as "out" versus "closeted" and "gay" versus "straight," and recognize a more opaque relationship of identity to pleasure. The essays range in focus from photography, painting, and film to poetry, Biblical texts, lesbian humor, and even botany. Evaluating the most recent critical theories and introducing them in close examinations of objects and texts, this book queers the study of verse and visual culture in new and exciting ways.

*Sleep Donation* A&C Black

In this collection of four linked stories, newly reissued by Grove, Will Self takes aim at the disease and decay that target the largest of human organs: the liver. Set in locales as toxic as a London drinking club and mundane as a clinic in an orderly Swiss city, the stories distill the hard lives of their subjects, whether alcoholic, drug addict, or cancer patient. In "Fois Humaine," set at the Plantation Club, it's always a Tuesday afternoon in midwinter, and the shivering denizens of this dusty realm spend their days observing its proprietor as he force-feeds the barman vodka-spiked beer. Joyce Beddoes, protagonist of "Leberknödel," has terminal liver cancer and is on her way to be euthanized in Zurich when, miraculously, her disease goes into remission. In "Prometheus," a young copywriter at London's most cutting-edge ad agency has his liver nibbled by a griffon thrice daily, but he's always in the pink the following morning and ready to make that killer pitch. If blood and bile flow through liverish London, the two arteries meet in "Birdy Num Num," where career junky Billy Chobham performs little services for the customers who gather to wait for the Man, while in his blood a virus pullulates. A moving portrayal of egos, appetites, and addictions, *Liver* is an extraordinary achievement from one of the most talented minds working today.

*Feeding Frenzy* - Booker nominee Will Self's dazzling collection of journalism and writing 'Self often writes non-fiction as though it were fiction, topping off what we know as reality with the cream of his surreality' Guardian During the turbulent years of 1995-2000, Will Self surfed the great wave of olive oil which nearly swept British metropolitan culture away, and produced a series of restaurant reviews for *The Observer*, whose coruscating criticality led to a cabal of restaurateurs plotting his contract killing. In essays to accompany the work of admired artists such as Marc Quinn, feature articles on rock music and remote places, reviews of cultural phenomena as diverse as voyeuristic television and the Queen Mother, Will Self has produced what can only be described as a cachinnating cacophony of wilful provocation. From the Booker-shortlisted author of *Umbrella*, this virtuoso collection, which also includes interviews and musings on Salman Rushdie, Hunter S. Thompson as well as a quasi-autobiography of the author's relationship with London, will be adored by fans of Will Self's fiction and nonfiction. Will Self is the author of nine novels including *Cock and Bull*; *My Idea of Fun*; *Great Apes*; *How the Dead Live*; *Dorian*, an *Imitation*; *The Book of Dave*; *The Butt*; *Walking to Hollywood* and *Umbrella*, which was shortlisted for the Man Booker Prize.
