The real-life Nickel and Dime—the author of the wildly popular “Poverty Thoughts” essay tells what it’s like to be working poor in America. ONE OF THE FIVE MOST IMPORTANT BOOKS OF THE YEAR—Esquire “DEVASTATINGLY SMART AND FUNNY. I am the author of Nickel and Dime, which tells the story of my own brief attempt, as a semi-undercover journalist, to survive on low-wage retail and service jobs. TIRADO IS THE REAL THING.” —Barbara Ehrenreich, from the Foreword As the haves and have-nots grow more separate and unequal in America, the working poor don’t get heard from much. Now they have a voice—and it’s forthright, funny, and just a little bit furious. Here, Linda Tirado tells what it’s like, day after day, to work, eat, shop, raise kids, and keep a roof over your head without enough money. She also answers questions often asked about those who live on or near minimum wage: Why don’t they get better jobs? Why don’t they make better choices? Why do they smoke cigarettes and have ugly lawns? Why don’t they borrow from their parents? Enlightening and entertaining, *Hand to Mouth* opens up a new and much-needed dialogue between the people who just don’t have it and the people who just don’t get it.

Americans have built an empire on the idea of “race,” a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates’s attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children’s lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

*Living Beyond Fear* Vintage

The focus of this book, *Living Beyond Yourself* is a self motivated book, as it relates to Self Esteem, and Self Motivation. It's a book that let the readers discover a new look about themselves, different from how the World sees them. Many people put their pictures on Facebook, Whatsapp, Twitter, Instagram etc: because they are looking for comments, and likes, while some refused to show their pictures, because they think less of themselves. However, it's not about what people think, or the many likes. It's about what the person think of himself, or herself. Imagine someone received one thousand likes, yet the person refused to love himself! What difference would he made? This book was written with the tools, and for you to see yourself for who yo u really are. A book about self confidence, self control, and to take your mind to another level of thinking. It is to remind you that you were fearfully, wonderfully, and perfectly created. This means, there's no mistake about the

person you really are. The world's imagination is for you to see yourself different. It's the World desire to label you, and to price you, then change your value. However, *Living Beyond Yourself* is to live beyond how the World sees you. Because you were perfectly created, no one can have your shape, or your finger print. No one can have your D.N.A. The reason so is, you are different. This also means: you are different to make a difference. You might cause a problem to some people. If they cannot solve you, surely, you will be their problem solver. You were born to be their problem solver. There's a different you in the person that you are. You have the power from within to discover the new you. After reading this book, you will begin to have a new look f rom the inside out. This is my sixth book, and a "Must Read".

NATIONAL BESTSELLER • Provocative and illuminating essays from women at the forefront of the climate movement who are harnessing truth, courage, and solutions to lead humanity forward. “A powerful read that fills one with, dare I say . . . hope?”—The New York Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY SMITHSONIAN MAGAZINE There is a renaissance blooming in the climate movement: leadership that is more characteristically feminine and more faithfully feminist, rooted in compassion, connection, creativity, and collaboration. While it’s clear that women and girls are vital voices and agents of change for this planet, they are too often missing from the proverbial table. More than a problem of bias, it’s a dynamic that sets us up for failure. To change everything, we need everyone. All We Can Save illuminates the expertise and insights of dozens of diverse women leading on climate in the United States—scientists, journalists, farmers, lawyers, teachers, activists, innovators, wonks, and designers, across generations, geographies, and race—and aims to advance a more representative, nuanced, and solution-oriented public conversation on the climate crisis. These women offer a spectrum of ideas and insights for how we can rapidly, radically reshape society. Intermixing essays with poetry and art, this book is both a balm and a guide for knowing and holding what has been done to the world, while bolstering our resolve never to give up on one another or our collective future. We must summon truth, courage, and solutions to turn away from the brink and toward life-giving possibility. Curated by two climate leaders, the book is a collection and celebration of visionaries who are leading us on a path toward all we can save.
