Each fallacy is drawn as a caricature of a mythical beast. The beast is described, as well as its appeal. Then, the authors use anecdotes to show how each beast behaves "in the wild." Each "adorable fallacy" is discussed in a matter of just a few pages....Each fallacy is followed up with a few short discussion questions, and an opportunity to identify these beasts in the field"--Web review.

In a busy and disruptive world developing the ability to think fast and make accurate decisions fast is an indispensable skill. In this highly awaited masterpiece from the phenomenal learning Coach Ugochukwu Chukwu, he detailed vital exercises to make our thinking clear, our activities helpful, our actions successful and our life ethical.
