INSTANT NEW YORK TIMES BESTSELLER "One of the most important books I've ever read—an indispensable guide to thinking clearly about the world." – Bill Gates "Hans Rosling tells the story of 'the secret silent miracle of human progress' as only he can. But Factfulness does much more than that. It also explains why progress is so often secret and silent and teaches readers how to see it clearly." —Melinda Gates "Factfulness by Hans Rosling, an outstanding international public health expert, is a hopeful book about the potential for human progress when we work off facts rather than our inherent biases." - Former U.S. President Barack Obama Factfulness: The stress-reducing habit of only carrying opinions for which you have strong supporting facts. When asked simple questions about global trends—what percentage of the world's population live in poverty; why the world's population is increasing; how many girls finish school—we systematically get the answers wrong. So wrong that a chimpanzee choosing answers at random will consistently outguess teachers, journalists, Nobel laureates, and investment bankers. In Factfulness, Professor of International Health and global TED phenomenon Hans Rosling, together with his two long-time collaborators, Anna and Ola, offers a radical new explanation of why this happens. They reveal the ten instincts that distort our perspective—from our tendency to divide the world into two camps (usually some version of us and them) to the way we consume media (where fear rules) to how we perceive progress (believing that most things are getting worse). Our problem is that we don't know what we don't know, and even our guesses are informed by unconscious and predictable biases. It turns out that the world, for all its imperfections, is in a much better state than we might think. That doesn't mean there aren't real concerns. But when we worry about everything all the time instead of embracing a worldview based on facts, we can lose our ability to focus on the things that threaten us most. Inspiring and revelatory, filled with lively anecdotes and moving stories, Factfulness is an urgent and essential book that will change the way you see the world and empower you to respond to the crises and opportunities of the future. --- "This book is my last battle in my life-long mission to fight devastating ignorance...Previously I armed myself with huge data sets, eye-opening software, an energetic learning style and a Swedish bayonet for sword-swallowing. It wasn't enough. But I hope this book will be." Hans Rosling, February 2017.

A Newbery Medal winning modern classic about a racially divided small town and a boy who runs. Jeffrey Lionel "Maniac" Magee might have lived a normal life if a freak accident hadn't made him an orphan. After living with his unhappy and uptight aunt and uncle for eight years, he decides to run—and not just run away, but run. This is where the myth of Maniac Magee begins, as he changes the lives of a racially divided small town with his amazing and legendary feats.

A national bestselling author examines one of the mind's most exalted states—one that is crucially important to learning, risk-taking, social cohesiveness, and survival itself. " [Jamison is] that rare writer who can offer a kind of unified field theory of science and art. " —The Washington Post Book World With the same grace and breadth of learning she brought to her studies of the mind's pathologies, Kay Redfield Jamison examines one of its most exalted states: exuberance. This " abounding, ebullient, effervescent emotion " manifests itself everywhere from child's play to scientific breakthrough. Exuberance: The Passion for Life introduces us to such notably irrepressible types as Teddy Roosevelt, John Muir, and Richard Feynman, as well as Peter Pan, dancing porcupines, and Charles Schulz's Snoopy. It explores whether exuberance can be inherited, parses its neurochemical grammar, and documents the methods people have used to stimulate it. The resulting book is an irresistible fusion of science and soul.

Best-selling author Gordon Korman's middle-grade favorite, now with a fresh look! Wallace Wallace won't lie, even if it means detention. And after he handed in a scorching book report of the classic novel, Old Shep, My Pal, detention is just what he's been handed. He is sure he's done nothing wrong: he hated every minute of that book, especially when the dog dies in the end! Why do dogs always die at the end? Wallace refuses to do a rewrite of his report, so his English teacher, who happens to be directing the school play of Old Shep, My Pal, forces him go to the rehearsals to teach him a lesson on why the story is the way it is. Surrounded by theater kids who are apprehensive of him, Wallace sets out to prove himself. But not by changing his mind. Instead, he changes the play into a rock-and-roll rendition, complete with Rollerblades and a moped!

Offering a new framework for nonprofit brand management, this book presents the Brand IDEA (Integrity, Democracy, and Affinity). The framework eschews traditional, outdated brand tenets of control and competition largely adopted from the private sector, in favor of a strategic approach centered on the mission and based on a participatory process, shared values, and the development of key partnerships. The results are nonprofit brands that create organizational cohesion and generate trust in order to build capacity and drive social impact. The book explores in detail how nonprofit organizations worldwide are developing and implementing new ways of thinking about and managing their organizational brands.

Surviving Manic Depression is the most authoritative book on this disorder, which affects more than two million people in the U.S. alone. Based on the latest research, it provides detailed coverage of every aspect of manic depression—from understanding its causes and treatments to choosing doctors and managing relapses—with guidance drawn from the latest scientific information. Drs. Torrey and Knable provide thorough, up-to-date coverage of all aspects of the disease, including a detailed description of symptoms (with many direct descriptions from patients themselves), risk factors, onset and cause, medications (including drugs still in the testing stage), psychotherapy, and rehabilitation, as well as information about how the disease affects children and adolescents. Here too are discussions of special problems related to manic depression, including alcohol and drug abuse, violent behavior, medication noncompliance, suicide, sex, AIDS, and confidentiality. Surviving Manic Depression also includes special features such as a listing of selected websites, books, videotapes, and other resources.

This handy DSM-5(R) Classification provides a ready reference to the DSM-5 classification of disorders, as well as the DSM-5 listings of ICD-9-CM and ICD-10-CM codes for all DSM-5 diagnoses. To be used in tandem with DSM-5(R) or the Desk Reference to the Diagnostic Criteria From DSM-5(R), the DSM-5(R) Classification makes accessing the proper diagnostic codes quick and convenient. With the advent of ICD-10-CM implementation in the United States on October 1, 2015, this resource provides quick access to the following: - The DSM-5(R) classification of disorders, presented in the same sequence as in DSM-5(R), with both ICD-9-CM and ICD-10-CM codes. All subtypes and specifiers for each DSM-5(R) disorder are included.- An alphabetical listing of all DSM-5 diagnoses with their associated ICD-9-CM and ICD-10-CM codes.- Separate numerical listings according to the ICD-9-CM codes and the ICD-10-CM codes for each DSM-5(R) diagnosis.- For all listings, any codable subtypes and specifiers are included with their corresponding ICD-9-CM or ICD-10-CM codes, if applicable. The easy-to-use format will prove indispensable to a diverse audience--for example, clinicians in a variety of fields, including psychiatry, primary care medicine, and psychology; coders working in medical centers and clinics; insurance companies processing benefit claims; individuals conducting utilization or quality assurance reviews of specific cases; and community mental health organizations at the state or county level.
