Logos Worldwide Little, Brown  
From the creator of the popular  
website Ask a Manager and New  
York ' s work-advice columnist

---

comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There ’ s a reason Alison Green has been called “ the Dear Abby of the work world. ” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don ’ t know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You ’ ll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “ reply all ” • you ’ re being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate ’ s loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “ A must-read for anyone who works . . . [Alison Green ’ s] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work. ” —Booklist (starred review) “ The author ’ s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers ’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience. ” —Library Journal (starred review) “ I am a huge fan of Alison Green ’ s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor. ” —Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide “ Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way. ” —Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life

### Ender's Game Elsinore Books

It is our pleasure to present The Great Quiz Book: 1000 Questions and Answers to Engage all Minds. We ' ve brought together a host of fresh and intriguing questions that will test the limits of your knowledge across a huge range of subjects. The book is divided into 5 parts: Part 1 presents 400 challenging general knowledge questions, divided into 40 rounds. Part 2 introduces the " specialist rounds " at three levels of difficulty: medium, challenging and fiendish. Here you ' ll find questions on geography, history, sport, science and nature, literature, art and architecture, and movies and TV. There are

200 questions in 20 rounds. Part 3 brings a lighter touch with 20 " bonus round " quizzes (200 questions in total), where you ' ll be asked to spot connections, identify years from a series of clues, recognize famous monuments, and sort out lists of famous people, places and things. Part 4 contains 20 " family fun " quizzes (200 questions in total) that will be especially enjoyable for younger minds. There are straightforward general knowledge questions, alongside rhyming and alphabet quizzes. As a special bonus, the complete Elsinore Books Guess the Initial Quiz is included as the 5th part of this book. Here you ' ll find 200 guess the initial challenges, also known

as " ditloids " . At Elsinore Books we pride ourselves on creating beautiful e-books, and devote great attention to formatting, and ease of navigation. This book contains a cleanly-styled contents page that permits easy movement between quizzes. Each quiz occupies its own chapter, so you can move between quizzes by pressing a single button on your e-reader. You can access the answers to each quiz by following the links at the top and bottom of the question page. On the answer pages you ' ll find each question rewritten and followed by its answer in bold. You can view a full listing of the games inside by clicking on the preview of this book and viewing the contents

page. Some of the collection highlights are outlined below:

## **Cry (Puffin Modern Classics) Penguin**

In this book, the author presents a new vision of learning through design and production, and describes computer programming as a source of a learning and design power. As means of studying this extended notion of children's programming, the author implemented Instructional Software Design Projects to explore the learning that takes place when students develop complete mathematical software

products designed for other students in their school. The results demonstrate that the young designers learned not only about mathematics (fractions) and programming (Logo), but also about design and user interfaces, as well as representational, pedagogical, and communicational issues. The Giver Simon and Schuster  
INSTANT NEW YORK TIMES BESTSELLER “One of the most important books I ’ ve ever read—an indispensable guide to thinking clearly about the

world.” – Bill Gates “ Hans Rosling tells the story of ‘ the secret silent miracle of human progress ’ as only he can. But Factfulness does much more than that. It also explains why progress is so often secret and silent and teaches readers how to see it clearly. ” —Melinda Gates "Factfulness by Hans Rosling, an outstanding international public health expert, is a hopeful book about the potential for human progress when we work off facts rather than our inherent biases." - Former U.S. President Barack Obama Factfulness: The stress-reducing habit

---

of only carrying opinions for which you have strong supporting facts. When asked simple questions about global trends—what percentage of the world's population live in poverty; why the world's population is increasing; how many girls finish school—we systematically get the answers wrong. So wrong that a chimpanzee choosing answers at random will consistently outguess teachers, journalists, Nobel laureates, and investment bankers. In *Factfulness*, Professor of International Health and global TED phenomenon Hans Rosling, together with his two long-time collaborators, Anna and Ola, offers a radical new explanation of why this happens. They reveal the ten instincts that distort our perspective—from our tendency to divide the world into two camps (usually some version of us and them) to the way we consume media (where fear rules) to how we perceive progress (believing that most things are getting worse). Our problem is that we don't know what we don't know, and even our guesses are informed by unconscious and predictable biases. It turns out that the world, for all its imperfections, is in a much better state than we might think. That doesn't mean there aren't real concerns. But when we worry about everything all the time instead of embracing a worldview based on facts, we can lose our ability to focus on the things that threaten us most. Inspiring and revelatory, filled with lively anecdotes and moving stories, *Factfulness* is an urgent and essential book that will change the way you see the world and empower you to respond to the crises and opportunities of the future. --- “ This book

---

is my last battle in my life-long mission to fight devastating ignorance...Previously I armed myself with huge data sets, eye-opening software, an energetic learning style and a Swedish bayonet for sword-swallowing. It wasn't enough. But I hope this book will be." Hans Rosling, February 2017.

Lord of the Flies

comprehension. The book is aimed to cater to a large section of the society.

Filmfare Flatiron Books Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting "by the textbook" implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In Ditch That Textbook, teacher and blogger Matt Miller encourages educators to throw out meaningless,

pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. Ditch That Textbook is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

The Power of When OECD Publishing

Logo! pupil books offer a lively, communicative approach, supported by a clear grammatical foundation. The books develop pupils' use and understanding of German by providing

straightforward explanations of the way the language works alongside motivating, stepped activities. Parallel books for Year 9 provide the best solution to teaching the wide ability range. Enjoyable, stepped activities build pupils' confidence and understanding and enable you to control the pace and level of their work. Simple grammar explanations and opportunities for grammar practice help you provide an integrated approach to teaching the language. Mini-tests are provided halfway through each chapter to check pupils' progress. End-

---

of-chapter revision tests and 'I can do' checklists provide further support for assessment within the pupil books. Key skills, including reading and writing strategies, and pronunciation and dictionary skills, are highlighted by Ludwig, the pupil-friendly mascot.
