Traveler, Cleric, Witch. The villagers in the sleepy hamlet of Lychford are divided. A supermarket wants to build a major branch on their border. Some welcome the employment opportunities, while some object to the modernization of the local environment.

Judith Mawson (local crank) knows the truth -- that Lychford lies

on the boundary between two worlds, and that the destruction of the border will open wide the gateways to malevolent beings beyond imagination. But if she is to have her voice heard, she's going to need the assistance of some unlikely allies...

"At once epic and terribly intimate. This is the story of a village, not a city, and all the more powerful for that; not all big fantasy needs an urban setting. Beautifully

written, perfectly cruel, and ultimately kind. This is Cornell at the height of his craft." — Seanan McGuire, New York Times bestselling author of the InCryptid and October Daye series "Rich in charm... local politics and witchcraft writ small and personal, but large in consequence. [Cornell] adeptly describes the emotion of magic; its effects and internal ignition of wonder. The feel of being exposed to magic for the first time and the feel of doing magic and	having it done to you have never been better described in any story." — Bill Willingham, author of Fables and Down the Mysterly River "Masterfully creepy and sinister, all the more so for taking place in the beautifully drawn English countryside." — Jenny Colgan, author of Doctor Who: Into the Nowhere At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. Turkey stands at the crossroads of the Middle East--caught between the West and ISIS, Syria and Russia, and governed by an increasingly forceful leader. Acclaimed writer Kaya Genc has been covering his country for the

<p>past decade. In Under the Shadow he meets activists from both sides of Turkey's political divide: Gezi park protestors who fought tear gas and batons to transform their country's future, and supporters of Erdogan's conservative vision who are no less passionate in their activism. He talks to artists and authors to ask whether the New Turkey is a good place to for them to live and work. He interviews censored journalists and conservative writers both</p>	<p>angered by what has been going on in their country. He meets Turkey's Wall Street types who take to the streets despite the enormity of what they can lose as well as the young Islamic entrepreneurs who drive Turkey's economy. While talking to Turkey's angry young people Genc weaves in historical stories, visions and mythologies, showing how Turkey's progressives and conservatives take their ideological roots from two political movements born</p>	<p>in the Ottoman Empire: the Young Turks and the Young Ottomans, two groups of intellectuals who were united in their determination to make their country more democratic. He shows a divided society coming to terms with the 21st Century, and in doing so, gets to the heart of the compelling conflicts between history and modernity in the Middle East. <u>The Name of the Star</u> Farrar, Straus and Giroux "This is absorbing, headlong reading, a</p>

author of
Amsterdam, a
brilliant new novel.

On the hottest day of the summer of 1935, thirteen-year-old Briony Tallis sees her sister Cecilia strip off her clothes and plunge into the fountain in the garden of their country house. Watching her is Robbie Turner, son of the Tallis' s cleaning lady, whose education has been subsidized by Cecilia' s and Briony' s father, and who, like Cecilia, has recently come down from Cambridge. By day's end, their lives will be changed – irrevocably. Robbie and Cecilia will have crossed a boundary they had not imagined at its start. And Briony

will have witnessed the unspeakable word, and committed a crime for which she will spend the rest of her life trying to atone... Brilliant and utterly enthralling in its depiction of love and war and class and childhood and England, *An Atonement* is a profound – and profoundly moving – exploration of shame and forgiveness, of atonement and of the possibility of absolution. *The Transit of Venus* Gollancz #1 New York Times Bestseller From Liane Moriarty, the #1 New York Times

bestselling author of *Big Little Lies* and *Nine Perfect Strangers*, comes *Apples Never Fall*, a novel that looks at marriage, siblings, and how the people we love the most can hurt us the deepest. The Delaney family love one another dearly—it' s just that sometimes they want to murder each other . . . If your mother was missing, would you tell the police? Even if the most obvious suspect was your father? This is the dilemma facing the four grown Delaney siblings. The Delaneys are fixtures in their community. The parents, Stan and

Joy, are the envy of all of their friends. They ' re killers on the tennis court, and off it their chemistry is palpable. But after fifty years of marriage, they ' ve finally sold their famed tennis academy and are ready to start what should be the golden years of their lives. So why are Stan and Joy so miserable? The four Delaney children—Amy, Logan, Troy, and Brooke—were tennis stars in their own right, yet as their father will tell you, none of them had what it took to go all the way. But that ' s okay, now that they ' re all successful grown-ups and there is the wonderful possibility of grandchildren on the horizon. One night a stranger named Savannah knocks on Stan and Joy ' s door, bleeding after a fight with her boyfriend. The Delaneys are more than happy to give her the small kindness she sorely needs. If only that was all she wanted. Later, when Joy goes missing, and Savannah is nowhere to be found, the police question the one person who remains: Stan. But for someone who claims to be innocent, he, like many spouses, seems to have a lot to hide. Two of the Delaney children think their father is innocent, two are not so sure—but as the two sides square off against each other in perhaps their biggest match ever, all of the Delaneys will start to reexamine their shared family history in a very new light.
