Morocco's paprika-colored sand dunes, ancient cities, snow-capped peaks, and beautiful coastlines are awaiting your visit. This beautiful country has ancient origins and much of its early culture still lives on. Step into the walls of the medina where you can barter for hand-woven Berber rugs, eat kebabs from pushcarts, and buy spices, fruits, cheese, and vegetables from local farmers. Visit the tannery in Fes where hides are transformed into colorful leather using ancient hands-on (and feet-on) methods. Relax in the coastal

towns surfing in the Atlantic and eating fresh seafood. Before you leave, take a bumpy camel ride across the Sahara and a glide down the snowy Atlas Mountain slopes. Get ready; this book will take you on all these adventures and more!

**China** Lonely Planet Founders of the phenomenally successful publishing company Lonely Planet, Tony and Maureen Wheeler have produced travel guides to just about every country across the globe. Lonely Planet Publications was born in 1973 when the Wheelers self-published a quirky travel guide, *Across Asia*

on the Cheap. This was quickly followed by what soon became the backpackers' bible, *South-East Asia on a Shoestring*. Going boldly where no other travel publisher had ventured, their budget-conscious travellers guide provided knowledge long before the advent of mass tourism. *Once While Travelling: The Lonely Planet Story* is a unique mix of autobiography, corporate history and travel book. It traces Tony and Maureen Wheeler's personal story as well as the often bumpy evolution of

---

their business into the world's largest independent travel publishing company. Above all, their memoir reveals the spirit of adventure that has made them, according to the New York Daily News, 'the specialists in guiding weird folks to weird places.'

The Traveler's Handbook Lonely Planet

Morocco has long been a mythic land, firmly rooted in the European colonial imagination. For more than a century it has been appropriated by travellers, explorers, writers and artists. It is just these images and imaginings that are now being reconstructed for nostalgic consumption. In *Moroccan Dreams*, Claudio Minca examines this aestheticised re-enactment of the colonial, exploring the ways in which Moroccans themselves have become complicit in the re-writing of their homes and lives. Richly illustrated, the book provides a fascinating journey that will engage and delight all those enamoured of Morocco and its extraordinary geographies.
