In 1144, the
mutilated body
of William of
Norwich, a
young
apprentice
leatherworker,
was found
abandoned
outside the city's

walls. The boy
bore disturbing
signs of torture,
and a story
spread that it
was a ritual
murder,
performed by
Jews in imitation
of the Crucifixion
as a mockery of
Christianity. The
outline of
William's tale
eventually

gained currency far beyond Norwich, and the idea that Jews engaged in ritual murder became firmly rooted in the European imagination. E.M. Rose's engaging book delves into the story of William's murder and the notorious trial that followed to uncover the origin of the ritual murder accusation - known as the "blood libel" - in western Europe in the Middle Ages. Focusing on the specific historical context - 12th-century ecclesiastical politics, the position of Jews in England, the Second Crusade, and the cult of saints - and suspensefully unraveling the facts of the case, Rose makes a powerful argument for why the Norwich Jews (and particularly one Jewish banker) were accused of killing the youth, and how the malevolent blood libel accusation managed to take hold. She also considers four "copycat" cases, in which Jews were similarly blamed for the death of young Christians, and traces the adaptations of the story over time. In the centuries after its appearance, the ritual murder accusation provoked instances of torture, death and expulsion of thousands of Jews and the extermination of hundreds of communities. Although no charge of ritual murder has withstood historical scrutiny, the concept of the blood libel is so emotionally

charged and deeply rooted in cultural memory that it endures even today. Rose's groundbreaking work, driven by fascinating characters, a gripping narrative, and impressive scholarship, provides clear answers as to why the blood libel emerged when it did and how it was able to gain such widespread acceptance, laying the foundations for enduring antisemitic myths that continue to

the present. Bookseller RCPsych Publications Vols. for 1898-1968 include a directory of publishers. The Origins of the Blood Libel in Medieval Europe

Cambridge University Press

Modern Travel in World

History uses three themes

-technology, mass movements and travelers-to examine the history of the modern world from the fifteenth-century transatlantic explorations to the impact of the global COVID pandemic of the twenty-first century. This book focuses on both the evolving nature of travel, from

land and sea routes in the 1500s to the domination of planes and cars in the modern world, and the important stories of travelers themselves. Taking a global perspective, the text places travel within the larger geopolitical, social, religious and cultural developments throughout

history. It emphasizes not only the role of technology innovation in the ways people travel but also how those changes affect social structures and cultural values. Tom Taylor explores the journeys of well-known travelers as well as ordinary people, each with different perspectives

, through the lens of gender, social class and cultural background, and considers how fictional travelers define the importance of travel in the modern world. Why people set out on the sojourns they did, what they experienced, who they met and how they understood these cross-cultural encounters

are important to not only understandin g the travelers themselves but the world they lived in and the world their travels made. Several maps help illustrate important routes and destinations . This book will be of interest to students of world history and literature. *The Cambridge*

Companion to World Literature Longman Publishing Group The Longman Anthology of World Literature, Compact Edition, presents a fresh and diverse range of the world's great literature in a single volume that links past and present, East and West, and literary and cultural contexts. Featuring major works by literary masters from the ancient world through the twentieth century, this concise anthology combines comprehensive coverage of key works of the Western literary tradition and the best core, enduring works of the literatures of China, Japan, India, the Middle East, Africa, and native Americas. The anthology includes epic and lyric poetry, drama, and prose narrative, with many complete works and a focus on the most influential pieces and authors from each region and time period. The texts are supplemented by contextual materials

that help illuminate the fundamental students understand the literary and historical eras from which these texts arose. Engaging introductions, scholarly annotations, maps, pronunciation guides, and illustrations developed by a distinguished editorial team provide a wealth of teachable materials that support and

illuminate the selections. **UNESCO General History of Africa, Vol. III, Abridged Edition** Routledge The Cambridge Companion to World Literature introduces the significant ideas and practices of world literary studies. It provides a lucid and accessible account of

the fundamental issues and concepts in world literature, including the problems of imagining the totality of literature; comparing literary works across histories, cultures and languages; and understanding how literary production is affected by forces such as imperialism and globaliz

ation. The essays demonstrate how detailed critical engagements with particular literary texts call forth differing conceptions of world literature, and, conversely, how theories of world literature shape our practices of readings. Subjects covered include cosmopolitanism, transnational

ism, internationalism, scale and systems, sociological criticism, translation, scripts, and orality. This book also includes original analyses of genres and forms, ranging from tragedy to the novel and graphic fiction, lyric poetry to the short story and world cinema. **Including Related**

This major new poetry anthology blends the best selections from the poetic tradition with a wide range of contemporary works, thematic casebooks, and engaging essays that contextualize poetry century by century. Featuring a breathtaking scope of

poetry from the English-speaking world, this diverse collection brings unparalleled historical and cultural background to the study of poetry including discussions of the poetic conventions of the time and the poetic "fingerprints" of particular poets. Introductions by respected scholars provide historical context and

thematic casebooks provide insight into key literary movements to demonstrate to students how to write effectively about poetry. thematically organised chapters present elegies, eulogies, laments and followed by material on the Viking Wars in the Anglo-Saxon Chronicle, Vikings gods and Icelandic sagas, and a final chapter on early chivalry introduces the new themes and forms which led to Middle English literature, including Arthurian Romances and Chaucer's Canterbury Tales. Laying out in parallel text format selections from the most important Old English, Old Icelandic and Anglo-Norman works, this anthology presents translated and annotated texts with useful bibliographic references, prefaced by a headnote providing useful background and explanation. *The Longman Anthology of Contemporary American Poetry, 1950-1980* Routledge First Published in 2016. Routledge is an imprint of Taylor & Francis, an Informa company. *The Longman Anthology of World Literature* Longman Publishing Group Exploring how medicine and psychiatry are portrayed in gothic literature, this engaging book illustrates how Stoker's famous work was influenced by nineteenth-

century attitudes to disease and medicine and reveals many previously unknown links. Extracts from many sensational stories of the time are presented and the role of doctors and their appearance and contribution to gothic fiction is investigated. The book covers topics such as asylums, their purpose, practice and patients, deadly diseases echoing the symptoms of vampirism, and the otherworldly

allure of the undead. Dracula read for Doctors is an entertaining and informative examination of how Victorian medical knowledge and culture informed Stoker's gothic masterpiece. This book suggests that Stoker, who had many medical connections, was able to link lurid stories of operations and asylums with fictional horror and suspense. Fans of gothic literature, as well as those of medical history and the supernatural, will find this

an enjoyable
An Illustrated Monthly Record of the Book, Stationery, Leather Goods, and Allied Trades
"The Longman Compact Anthology of British Literature" is a concise and thoughtfully arranged survey of British literature. Within its pages, canonical authors mingle with newly visible writers; English accents are heard next to Anglo-Norman, Welsh, Gaelic, and Scottish

ones; female
and male voices
are set in
dialogue;
literature from
the British
Isles is
integrated with
post-colonial
writing; and
major works are
