Take advantage of our special offer: get the Longman Science Student Book and Workbook for only \$42.40. That's 25% off the regular price of these two books combined. The new Longman Science Student Book and Workbook are designed to get your students "up to speed" for mainstream science classes. Longman Science prepares students in grades 6-12 for success in a standards-based

science program with a broad overview of life, earth, and physical science. All activities are specifically geared to students in the early stages of English language acquisition, and help build content knowledge, skills, and learning strategies. Features For beginning to high beginning English language learners. "Getting Started" unit introduces concepts of science, safety, and the scientific method. Reading strategies are

explicitly taught and modeled throughout the readings. Science skills, such as using and interpreting visuals, charts, and graphs are taught and recycled throughout each lesson. Unit Review provides additional practice, extension projects, further reading, and a Unit Experiment. Vocabulary building activities and glossaries help students access and build mastery of the content.
