Choice starts with the decision to acquire a secondary education, and from then on everything students do is based on their decision-making skills. The more they practice good decision making, the more control they have over their successes and

failures. Choosing Success is unique in that it provides students with a process for decision making as well as numerous opportunities to think through the choices and decisions they face as a college student-and beyond. *Snapshot Intermediate Student Book* Addison Wesley Longman No other description available. **Success** The sequel to Firsthand
