I Become Shadow Faber & Faber

Billy is a lad. He's a laugh, he's loud, he behaves badly and Sarah is besotted with him. But after another 'accident' involving Billy's temper, Sarah's face and a night in the A&E, Sarah's friends Martha and Flower decide that it's time to take action. What should they do? Reason with him? Send him to anger management classes? Hire a hit man? Martha and Flower have problems of their own: Martha is seven months pregnant by one of three possible blokes (she did this mainly to wind up her sanctimonious vicar father); and hippie Flower's career as a stand-up comic is more sit-down after some nasty

encounters with south London's finest hecklers. Will Martha survive single-motherhood on a council estate in need of a peace-keeping force? Will Flower find the perfect put-down? And will they sort out Billy before he gets to them first...? Jo Brand tells it like it is in her darkly comic and sharply observed debut novel.

A GOOD MORNING AMERICA BOOK CLUB PICK Named a Best Book Pick of 2021 by Harper's Bazaar and Real Simple Named a Most Anticipated Book of Fall by People, Essence, New York Post, PopSugar, New York Newsday, Entertainment Weekly, Town & Country, Bustle, Fortune, and Book Riot Told from alternating perspectives, this "propulsive, deeply felt tale of race and friendship" (People) follows two women, one Black and one white, whose friendship is indelibly altered by a tragic event. Jen and Riley have been best friends since kindergarten. As adults, they remain as close as sisters, though their lives have taken different directions. Jen married young, and after years of trying, is finally pregnant. Riley pursued her childhood dream of becoming a television journalist and is poised to become one of the first Black female anchors of the top news channel in their hometown of Philadelphia. But the deep bond they share is severely tested when Jen's husband, a city police officer, is involved in the shooting of an unarmed Black teenager. Six months pregnant, Jen is in freefall as her future, her husband's freedom, and her friendship with Riley are thrown into uncertainty. Covering this career-making story, Riley wrestles with the implications of this tragic incident for her Black community, her ambitions, and her relationship with her lifelong friend. Like Tayari Jones's *An American Marriage* and Jodi Picoult's *Small Great Things*, *We Are Not Like Them* takes "us to uncomfortable places—in the best possible way—while capturing so much of what we are all thinking and feeling about race. A sharp, timely, and soul-satisfying novel" (Emily Giffin, *New York Times* bestselling author) that is both a powerful conversation starter and a celebration of the enduring power of friendship.

Once Upon a River: A Novel John Murray

Formerly titled *Colonial Madness*, a mother-daughter duo take part in a bizarre family challenge in hopes of winning a fortune in this "light, fun read" (Booklist) that's *Gilmore Girls* meets *The Westing Game*! Tori Porter is best friends with her mom, and most of the time it's awesome. Not many girls have a mom who'd take them to a graveyard for hide-and-seek or fill the bathtub with ice cream for the world's biggest sundae. But as much as Tori loves having fun, she sometimes wishes her mom would act a little more her age. Like now. Thanks to her mom's poor financial planning, they are in danger of losing their business

and their home. But an unusual opportunity arises in the form of a bizarre contest run by an eccentric relative: Whoever can survive two weeks in the Archibald Family's colonial manor will inherit the property. The catch? Contestants have to live as in colonial times: no modern conveniences, no outside help, and daily tests of their abilities to survive challenges of the time period. Tori thinks it's the perfect answer to their debt problems, but she and her mom aren't the only ones interested. The other family members seem to be much more prepared for the two weeks on the manor—and it doesn't help that Mom doesn't seem to be taking the contest seriously. Do they stand a chance?

What possessed her to become a professional comedian in the cut-throat world of stand-up comedy after ten years as a psychiatric nurse? How did she deal with late night drunken audiences? Raised in middle class comfort, she left home in her teens to live with someone entirely inappropriate. Her parents were aghast at her behaviour and attempted to rein in her excesses, finally giving up when she demonstrated that she was not headed for the life of a nun. From her early years growing up in a small south coast town with two brothers who toughened her up, to emerging on stage as 'The Sea Monster', Jo Brand tells it like it is with wit, candour and a wonderful sense that life can be ridiculous but there's always a funny side.

The More You Ignore Me Little, Brown Book Group
A Place in the Country is W. G. Sebald's meditation on the six artists and writers who shaped his creative mind—and the last of this great writer's major works to be translated into English. This edition includes more than 40 pieces of art, all originally selected by W. G. Sebald. This extraordinary collection of interlinked essays about place, memory, and creativity captures the inner worlds of five authors and one painter. In his masterly and mysterious style—part critical essay, part memoir—Sebald weaves their lives and art with his own migrations and rise in the literary world. Here are people gifted with talent and courage yet in some cases cursed by fragile and unstable natures, working in countries inhospitable or even hostile to them. Jean-Jacques Rousseau is conjured on the verge of physical and mental exhaustion, hiding from his detractors on the island of St. Pierre, where two centuries later Sebald took rooms adjacent to his. Eighteenth-century author Johann Peter Hebel is remembered for his exquisite and delicate nature writing, expressing the eternal balance of both the outside world and human emotions. Writer Gottfried Keller, best known for his 1850 novel *Green Henry*, is praised for his prescient insights into a Germany where "the gap between self-interest and the common good was growing ever wider." Sebald compassionately re-creates the ordeals of Eduard Mörike, the nineteenth-century German poet beset by mood swings, depression, and fainting spells in an increasingly shallow society, and Robert Walser, the institutionalized author whose nearly indecipherable scrawls seemed an attempt to "duck down below the level of language and obliterate

himself" (and whose physical appearance and year of death mirrored those of Sebald's grandfather). Finally, Sebald spies a cognizance of death's inevitability in painter Jan Peter Tripp's lovingly exact reproductions of life. Featuring the same kinds of suggestive and unexplained illustrations that appear in his masterworks *Austerlitz* and *The Rings of Saturn*, and translated by Sebald's colleague Jo Catling, *A Place in the Country* is Sebald's unforgettable self-portrait as seen through the experiences of others, a glimpse of his own ghosts alongside those of the men who influenced him. It is an essential addition to his stunning body of work. Praise for *A Place in the Country* "Measured, solemn, sardonic . . . hypnotic . . . [W. G. Sebald's] books, which he made out of classics, remain classics for now."—Joshua Cohen, *The New York Times* Book Review "In Sebald's writing, everything is connected, everything webbed together by the unseen threads of history, or chance, or fate, or death. The scholarly craft of gathering scattered sources and weaving them into a coherent whole is transformed here into something beautiful and unsettling, elevated into an art of the uncanny—an art that was, in the end, Sebald's strange and inscrutable gift."—Slate "Magnificent . . . The multiple layers surrounding each essay are seamless to the point of imperceptibility."—*New York Daily News* "Sebald's most tender and jovial book."—*The Nation* "Reading [*A Place in the Country* is] like going for a walk with a beautifully talented, deeply passionate novelist from Mars."—*New York*

Starting middle school brings all the usual challenges – until the unthinkable happens, and Fern and her family must find a way to heal. Twelve-year-old Fern feels invisible. It seems as though everyone in her family has better things to do than pay attention to her: Mom (when she's not meditating) helps Dad run the family restaurant; Sarah is taking a gap year after high school; and Holden pretends that Mom and Dad and everyone else doesn't know he's gay, even as he fends off bullies at school. Then there's Charlie: three years old, a "surprise" baby, the center of everyone's world. He's devoted to Fern, but he's annoying, too, always getting his way, always dirty, always commanding attention. If it wasn't for Ran, Fern's calm and positive best friend, there'd be nowhere to turn. Ran's mantra, "All will be well," is soothing in a way that nothing else seems to be. And when Ran says it, Fern can almost believe it's true. But then tragedy strikes— and Fern feels not only more alone than ever, but also responsible for the accident that has wrenched her family apart. All will not be

well. Or at least all will never be the same. *Look Back in Hunger* Simon and Schuster

'A simply astonishing achievement. The quality, depth, emotional power and terrifying honesty of Alan Davies's story-telling take the breath away' Stephen Fry 'This hugely affecting book is brave, insightful and, at times, funny about things it is hard to be funny about' Jo Brand The story of a life built on sand. In the rain. In this compelling memoir, comedian and actor Alan Davies recalls his boyhood with vivid insight and devastating humour. Shifting between his 1970s upbringing and his life today, Davies moves poignantly from innocence to experience to the clarity of hindsight, always with a keen sense of the absurd. From sibling dynamics, to his voiceless, misunderstood progression through school, sexuality and humiliating 'accidents', Davies inhabits his younger mind with spectacular accuracy, sharply evoking an era when Green Shield Stamps, Bob-a-Job week and Whizzer & Chips loomed large, a bus fare was 2p - and children had little power in the face of adult motivation. Here, there are often exquisitely tender recollections of the mother he lost at six years old, of a bereaved family struggling to find its way, and the kicks and confusion of adolescence. Through even the joyous and innocent memories, the pain of Davies's lifelong grief and profound betrayal is unfiltered, searing and beautifully articulated. Just Ignore Him is not only an autobiography, it is a testament to a survivor's resilience and courage.

In 1956 John Osborne's *Look Back in Anger* changed the course of English theatre. 'Look Back in Anger presents post-war youth as it really is. To have done this at all would be a significant achievement; to have done it in a first play is a minor miracle. All the qualities are there, qualities one had despaired of ever seeing on stage - the drift towards anarchy, the instinctive leftishness, the automatic rejection of "official" attitudes, the surrealist sense of humour . . . the casual promiscuity, the

sense of lacking a crusade worth fighting for and, underlying all these, the determination that no one who dies shall go unmourned.' Kenneth Tynan, *Observer*, 13 May 1956 'Look Back in Anger . . . has its inarguable importance as the beginning of a revolution in the British theatre, and as the central and most immediately influential expression of the mood of its time, the mood of the "angry young man".'
