Cradle of Gold Createspace Independent Publishing Platform  
This is a general history of the cultures and civilizations of pre-Hispanic Peru from pre-history to the Conquest. Although archaeological excavation, together with analytical study of colonial chroniclers, began in the early part of the twentieth

century, the scope of investigation has been greatly intensified over the last two decades, with spectacular results. This is the first book for the general reader and student to incorporate these fresh insights and discoveries, and is as highly readable and engaging as its penetrating and informative.

## **Fingerprints of the Gods**

Macmillan

In 1532, when Pizarro conquered Peru, the Inca realm was one of the largest empires on earth, graced by gold masterpieces, towns with great palaces and temples, and an impressive network of

---

roads. But this glittering culture only obscured the rich and diverse civilizations that had preceded it: Chavin, Moche, Nazca, Tiwanaku, Huari, and Chimu. Described as a "masterly study" and an "outstanding volume" on its first publication, *The Incas and Their Ancestors* quickly established itself as the best general introduction to the cultures and civilizations of ancient Peru. Now this classic text has been fully updated for the revised edition. New discoveries over the last decade are integrated throughout. The occupation of Peru's desert coast can now be traced back to 12,000 BC and ensuing maritime adaptations are examined in early littoral societies that mummified their dead and others that were mound builders. The spread of Andean agriculture is related to fresh data on climate, and protracted drought is identified as a recurrent contributor to the

rise and fall of civilizations in the Cordillera. The results of recent excavations enliven understanding of coastal Moche and Nazca societies and the ancient highland states of Huari and Tiwanaku. Architectural models accompanying burials provide fresh interpretations of the palaces of imperial Chan Chan, while the origins of the Incas are given new clarity by a spate of modern research on America's largest native empire. -- Description from <http://www.amazon.com> (Feb. 13, 2012).

[Machu Picchu, a Citadel of the Incas](#) John Wiley & Sons

"Describes the archeological wonder of Machu Picchu, including discovery, artifacts, ancient peoples, and preservation"--

Books: Ancient Civilizations) Penguin Group USA  
Caldecott Honor-winner Ted Lewin takes readers on a thrilling journey to the wilds of Peru in this story of Hiram Bingham, who, in 1911, carved a treacherous path through snake-filled jungles and across perilous mountains in search of Vilcapampa, the lost city of the Incas. Guided the last steps by a young Quechua boy, however, he discovered not the rumored lost city, but the ruins of Machu Picchu, a city totally unknown to the outside world, and one of the wonders of the world. The Lost History of the Incas National Geographic Revealing legends and legacies, Inca: Discover the Culture and Geography of a Lost Civilization with 25 Projects offers

engaging insight into the continent-sprawling ancient Inca culture. The text and activities invite learners on a journey along the Inca Trail. They'll visit the city of Cuzco and the majestic Machu Picchu, built on a jagged ridge thousands of feet above the Urubamba River. Kids will learn about cultural beliefs, rituals, scientific advances, and languages. They'll create Salar de Uyuni salt crystals and build a tropical cloud forest. This captivating educational tool also features unique illustrations, informative sidebars, fun-fact questions, and vocabulary that will interest readers from start to finish. The Ancient Kingdoms of Peru Penguin Presents a detailed study of Machu Picchu's construction. Tells as much about the practical challenges of building a city as it does about the

mysterious Inca.

The Incas and Their Ancestors  
Turtleback  
THE NEW YORK TIMES  
BESTSELLING TRAVEL

MEMOIR What happens when an unadventurous adventure writer tries to re-create the original expedition to Machu Picchu? In 1911, Hiram Bingham III climbed into the Andes Mountains of Peru and “discovered” Machu Picchu. While history has recast Bingham as a villain who stole both priceless artifacts and credit for finding the great archeological site, Mark Adams set out to retrace the explorer’s perilous path in search of the truth—except he’d written about adventure far more than he’d actually lived it. In fact, he’d never even slept in a tent. Turn Right at Machu Picchu is Adams’ fascinating and funny account of his journey through some of the

world’s most majestic, historic, and remote landscapes guided only by a hard-as-nails Australian survivalist and one nagging question: Just what was Machu Picchu?

The Last Days of the Incas  
Abrams

"The best all around guide for those who've been or who are going to Machu Picchu . . . .

Absolutely indispensable!"--Don Montague, president, South American Explorers. This revised edition includes newly discovered sites and full-color illustrations of real-life scenes from "National Geographic."

Could the story of mankind be far older than we have previously believed? Using tools as varied as archaeo-astronomy, geology, and computer analysis of ancient myths, Graham

---

Hancock presents a compelling case to suggest that it is. “ A fancy piece of historical sleuthing . . . intriguing and entertaining and sturdy enough to give a long pause for thought. ” —Kirkus Reviews

In *Fingerprints of the Gods*, Hancock embarks on a worldwide quest to put together all the pieces of the vast and fascinating jigsaw of mankind ’ s hidden past. In ancient monuments as far apart as Egypt ’ s Great Sphinx, the strange Andean ruins of Tihuanaco, and Mexico ’ s awe-inspiring Temples of the Sun and Moon, he reveals not only the clear fingerprints of an as-yet-unidentified civilization of remote antiquity, but also startling evidence of its vast sophistication, technological advancement, and evolved scientific knowledge. A record-breaking number one bestseller in Britain, *Fingerprints of the Gods* contains the makings of an intellectual revolution, a dramatic and irreversible change in the way that we understand our past—and so our future. And *Fingerprints of God* tells us something more. As we recover the truth about prehistory, and discover the real meaning of ancient myths and monuments, it becomes apparent that a warning has been handed down to us, a warning of terrible cataclysm that afflicts the Earth in great cycles at irregular intervals of time—a cataclysm that may be about to recur.

“ Readers will hugely enjoy their quest in these pages of inspired storytelling. ” —The Times (UK)

---

of dinosaurs.

Inca Land London : Hale Documents the epic conquest of the Inca Empire as well as the decades-long insurgency waged by the Incas against the Conquistadors, in a narrative history that is partially drawn from the storytelling traditions of the Peruvian Amazon Yora people. Reprint. 20,000 first printing.

### The Decline of the West

Capstone

Wilson Dowling is the Overseer, a man transported from the year 2081 to carry out a series of vital missions encoded in the Dead Sea Scrolls. His latest assignment had seemed simple enough ? to lead the American explorer Hiram Bingham to Maccu Picchu, the Lost City of the Incas. However, he discovers that history has gone dramatically off course. The Golden Cube of the Sun God ? safely

hidden at Machu Piccu for hundreds of years ? has been stolen. Whoever possesses it could potentially unleash a dangerous power that is beyond their comprehension ? and their control. Not only that, but without it Wilson can never gain transport home.

Pursued by a tribe of fierce female warriors, the ancient guardians of the Lost City, Wilson races to find the deadly treasure before he is stranded forever in the past. And before the entire world is thrown into chaos.

### The Illustrated Encyclopedia of the Inca Empire Time Life Medical
