William Lobdell's journey of
faith—and doubt—may be the
most compelling spiritual
memoir of our time. Lobdell
became a born-again
Christian in his late 20s
when personal
problems—including a failed
marriage—drove him to his
knees in prayer. As a newly
minted evangelical,
Lobdell—a veteran
journalist—noticed that
religion wasn't covered well
in the mainstream media,
and he prayed for the Lord
to put him on the religion
beat at a major newspaper.
In 1998, his prayers were
answered when the Los
Angeles Times asked him
to write about faith. Yet
what happened over the
next eight years was a
roller-coaster of inspiration,
confusion, doubt, and soul-
searching as his reporting

and experiences slowly
chipped away at his faith.
While reporting on hundreds
of stories, he witnessed a
disturbing gap between the
tenets of various religions
and the behaviors of the
faithful and their leaders. He
investigated religious
institutions that acted less
ethically than corrupt Wall
St. firms. He found few
differences between the
morals of Christians and
atheists. As this evidence
piled up, he started to fear
that God didn't exist. He
explored every doubt, every
question—until, finally, his
faith collapsed. After the
paper agreed to reassign
him, he wrote a personal
essay in the summer of
2007 that became an
international sensation for
its honest exploration of
doubt. *Losing My Religion* is
a book about life's deepest
questions that speaks to
everyone: Lobdell

understands the longings and satisfactions of the faithful, as well as the unrelenting power of doubt. How he faced that power, and wrestled with it, is must reading for people of faith and nonbelievers alike.

DISCOVERING THE LOST KEY: Unlocking your natural born gifts to bring healing. This book is about finding simple solutions to difficult problems. It is designed to utilize and reveal our inner most strength, which I call, natural born gifts. How to use those gifts to help us find answers to many of our obvious and subtle struggles. Many use their creativity to hide, and others use their

creativity to explore their world, journey and make their lives more interesting. It is my hope that this book will be used to help you discover your own missing key, that which holds the answers, which have been buried within your subconscious self. This genesis of this book had begun following the tragic death of my brother Glenn, and openly shares the secrets that lead us to either our blessings, or our suffering. Yet it is a book that will provide you with answers to your emotional battles, and hopefully allow you to rediscover your true potential, your true gifts.

“ You can ’ t always get what you want ” —but you can. Much of what we hear about ourselves and the world... “ No pain, no gain ” ; “ It ’ s a dog-eat-dog world ” ; “ Either you got it or you don ’ t ” —isn ’ t true when we understand our nature and how to operate to reach our maximum potential. But how many of us understand our own design specs? Refrigerators come with instruction manuals—why not people? Here at last is the manual that should have come with you at birth. And it turns out that life is a lot easier than we ’ ve been taught. Living in alignment with your true nature—the path of least resistance—brings you all the joy, abundance and health your Manufacturer intended you to have! When a golfer has trouble with a swing, it ’ s not because she doesn ’ t deserve to play golf, or golf hates her, or she ’ ll never be any good at golf, or anything like that. It ’ s simply that her swing (behavior) is not yet in alignment with her biodynamics for that swing. With a little coaching, she

can align with her body ’ s nature and the stroke becomes easy, even effortless. The same alignment to effortlessness can happen in every area of your life! Use the tools and techniques in this book to help you align with natural, physical, and spiritual laws for joy, purpose, and vitality while living your dreams.

It's time to start living your best life. *Reclaim Your Superpowers* is part of *The Lost Guides to Living Your Best Life* series, a complete system to help us reclaim the nine superpowers essential to rocking life. * * * Ava Miles is the international bestselling author of powerful books about love, happiness, and transformation. As a former conflict expert, Ava rebuilt warzones in places like Lebanon, Colombia, and the Congo to foster peaceful and prosperous communities. While rewarding, Ava recognized she could affect more positive

change in the world by addressing the real roots of conflict and unhappiness. In becoming an author, she realized her best life: healing the world through books. Her novels have received praise and accolades from USA Today, Publisher's Weekly, and Women's World Magazine in addition to being chosen as Best Books of the Year and Top Editor's picks. However, Ava's strongest praise comes directly from her readers, who call her books life changing. The Lost Guides to Living Your Best Life represent the culmination of her work as a conflict expert, life coach, and wellness expert. *** Reviews "Ava gives us the tools we need to reclaim our

Creating Intelligent Content with Lightweight DITA documents the evolution of the Darwin Information Typing Architecture (DITA) - a widely used open standard for structuring technical content. DITA has grown in popularity and features since its origins as an internal grammar for structuring technical

documentation at IBM. This book introduces Lightweight DITA (LwDITA, which should be read as "Lightweight DITA") as a proposed version of the DITA standard that reduces its dependence on complex Extensible Markup Language (XML) structures and simplifies its authoring experience. This volume aims to reconcile discrepancies and similarities in methods for authoring content in industry and academia and does so by reporting on DITA's evolution

through the lens of authoring computational methodologies. At the same time, this book has the goal of making concepts of structured authoring and intelligent content easier to learn and teach in humanities-based writing and communication programs. This book is intended for practitioners and students interested in structured authoring or the DITA standard.

This is a book of prayers written to God. It pours out the heart and soul of its author, day in and day out. It represents a Christian's thoughts on many topics and covers honest,

emotional, and compassionate situations and issues. Gwen writes to God in a conversational tone that reflects the feelings of each of us. She calls these Letters to My Lord and has shared them daily with other believers who have asked to receive her inspirational words. Read one devotional each day to be inspired all year long. "I give God the praise for giving you these words..." Kristie "They (your prayers) daily touch the life of this woman new to Christ." Kyle "Amen!" William "Your prayer today was written specifically for me and was exactly the

prayer I needed to give to God today. Thank you for following the Holy Spirit leading in your life. " Gisselle "I am thankful every day for the gift of your love and the prayers you send. They always remind me to be always grateful." Sandy "This is really excellent! Thanks for sharing." Penny "Just wanted you to know that this verse came at a great time this morning. Thanks for being a faithful prayer partner." Candi "Your prayers are like ripples, growing wider and wider as they touch more and more lives. I have used them as the opening and closing devotionals

for my deacon meetings...you are a blessing." Sandy

The iPhone 13 Pro is absurdly fast, has a killer camera system, the display is fantastic, and the battery life is longer than ever. The first thing you'll notice when you pick up an iPhone 13 Pro is just how smooth everything feels. Swipes, scrolls, interface animations...Apple was always good at this stuff, but the responsiveness and smoothness of the iPhone 13 Pro is on another level. The iPhone 13 Pro still carries IP68 water and dust resistance
