\*A Wall Street Journal, Southern Indie, and Publishers Weekly Bestseller\* Stock-car racing star, country singer, and sports broadcaster Kyle Petty shares his familial legacy, intertwined with NASCAR 's founding and history, in Swerve or Die—written with Pulitzer Prize-winner Ellis Henican, the New York Times bestselling coauthor of In the Blink of an Eye. “ Born into racing royalty. The only son of NASCAR 's winningest driver ever. The grandson of one of the sport 's true pioneers. The nephew of our very first Hall of Fame engine builder. It 's quite a family to represent, and through it all, I 've somehow managed to keep being Kyle. ” Kyle Petty won his very first stock-car race, the Daytona ARCA 200, in 1979 when he was eighteen. Hailed as a third-generation professional NASCAR racer, he became an instant celebrity in circles he had been around all his young life. Despite being the grandson and son of racing champions Lee Petty and Richard Petty, Kyle didn 't inherit innate talent. Working in his family 's North Carolina race shop from an early age, he learned all about car mechanics and maintenance long before he got behind the wheel. And although Kyle continued the family business, driving “ Petty blue ” colored cars emblazoned with his grandfather 's #42—a number once used by Marty Robbins—his career took a different route than his forebears ' . In Swerve or Die: Life at My Speed in the First Family of NASCAR Racing, Kyle chronicles his life on and off the racetrack, presenting his insider 's perspective of growing up throughout the sport 's popular rise in American culture. In between driving and running Petty Enterprises for thirty years, Kyle took some detours into country music, voiced Cal Weathers in Pixar 's Cars 3, and started his annual motorcycle Kyle Petty Charity Ride Across America. And when his nineteen-year-old son Adam, a fourth-generation racing Petty, tragically lost his life on the track, Kyle founded Victory Junction, a camp for children with chronic and serious medical conditions in Adam 's name—with help from Academy Award-winning actor and motorsports enthusiast Paul Newman. Filled with NASCAR history, stories of his family 's careers, and anecdotes about some of stock-car racing 's most famous drivers, Kyle 's memoir also tackles the sport 's evolution, discussing how welcoming diverse racers, improving car and track safety features, and integrating green technology will benefit NASCAR 's competitors and fans in the future. The Lost Art of High Performance Driving Veloce Publishing Ltd Every fascinating stage of the evolution of the stunning new Lotus Evora is explored in this fully comprehensive book, LOTUS EVORA - SUBLIME SUPERCAR. From its conception, through development, prototype testing, certification, production and on to the marketing of the car, every part of this captivating story is covered in depth. Produced with the full co-operation of Lotus Cars, who once again gave Coterie Press exclusive access to their photo archives as well as their employees, this book contains the reminiscences of virtually everyone involved in the concept, design and development of the Evora. Author Johnny Tipler was the only journalist invited to see and drive the Evora before it was launched to the press and public. With unprecedented access and surprising candor, he is able to describe in detail all of the development stages, through to the construction of the first production examples, culminating in the car's press debut in Scotland. His close involvement with Lotus, and their obvious enthusiasm for the Evora project, is reflected by the openness of all involved who tell him the full story behind this stunning new car.

The Essential Guide to Computing Pavilion

A lyrical novel of love and betrayal in the aftermath of the fall of Saigon—from the author of Monkey Bridge A singular work of witness, inspiration, and courage, The Lotus and the Storm marks the welcome return of Lan Cao's pitch-perfect voice, telling the story only she can tell. Four decades after the war, Vietnam's flavors of clove and cinnamon have been re-created by a close-knit refugee community in a Virginia suburb. But the lives of Minh and Mai, father and daughter, are haunted by ghosts, secrets, and the loss of their country. During the disastrous last days in Saigon, in a whirl of military signals and helicopter evacuations, Mai never had a chance to say goodbye to so many people who meant so much to her. What happened to them? How will Mai cope with the trauma of war—and will the thay phap, a Vietnamese spirit exorcist, be able to heal her?

F1 Mavericks is the story of the grandest, most influential, and most fondly remembered era in Formula 1 racing as seen through the lens of master motorsports photographer, Pete Biro. The period from 1960 to 1982 saw the greatest technological changes

in the history of Formula 1 racing: the transition from front engines to rear engines, narrow-treaded tires, massive racing slicks, zero downforce, and neck-wrenching ground effects—and, of course, a staggering increase in performance and reduction in lap times. In short, the period saw the creation of the modern Formula 1 car. This is also the time when legendary names who defined F1 were out in full force: Jim Clark, Jack Brabham, Dan Gurney, Sir Jackie Stewart, Graham Hill, Niki Lauda, James Hunt, Bruce McLaren, Jody Scheckter. We'll see and meet all of them. But F1 Mavericks also focuses on the designers and engineers behind the cars—men like Colin Chapman, Sir Patrick Head, Maurice Philippe, Franco Rocchi, Gordon Murray, and many others. We'll hear directly from many of them, including a foreword from 1978 F1 World Champion, Mario Andretti. Every chapter is a photographic account of key races throughout the period, supplemented with sidebars featuring key designers and technologies, like wings, ground effects, slick tires, turbochargers, and the Brabham "fan" suction car. F1 Mavericks is an international story, and includes loads of information on designs from Japan (Honda), Britain (McLaren, Tyrrell, Cooper, BRM) Italy (Ferrari, Maserati, Alfa Romeo), France (Matra, Ligier, Renault), Germany (Porsche, BMW) and the United States (Eagle, Shadow, Penske, Parnelli). Strap yourself in for the story of the greatest era in Formula 1 racing—it's all here in F1 Mavericks.

This book is the second in a multi-volume, decade-by-decade series covering the entire history of Formula 1 through its teams and cars. This instalment examines the 1970s, when the sport gained big new sponsors and grew into a television spectacle, with battles between Ferrari and Cosworth-powered opposition a continuing theme. As well as the big championship-winning teams--Lotus, Ferrari, McLaren and Tyrrell--this was a period when small teams and privateers continued to be involved in significant numbers and they are all included, down to the most obscure and unsuccessful. This book shines new light on many areas of the sport and will be treasured by all Formula 1 enthusiasts.
