### **The Sick Bag Song** Ballantine Books

In this timely, insightful, and darkly funny investigation, the acclaimed author of *Against Love* asks: what does living in dystopic times do to our ability to love each other and the world? COVID-19 has produced new taxonomies of love, intimacy, and vulnerability. Will its cultural afterlife be as lasting as that of HIV, which reshaped consciousness about sex and love even after AIDS itself had been beaten back by medical science? Will COVID end up making us more relationally conservative, as some think HIV did within gay culture? Will it send us fleeing into emotional silos or coupled cocoons, despite the fact that, pre-COVID, domestic coupledom had been steadily losing fans? Just as COVID revealed our nation to itself, so did it hold a mirror up to our relationships. In *Love in the Time of Contagion*, Laura Kipnis weaves (often hilariously) her own (ambivalent) coupled lockdown experiences together with those of others and sets them against a larger backdrop: the politics of the virus, economic disparities, changing gender relations, and the ongoing institutional crack-ups prompted by #MeToo and Black Lives Matter, mapping their effects on the everyday routines and occasional solaces of love and sex.

*Love You Forever* Simon and Schuster

A deeply-reported examination of why "doing what you love" is a recipe for exploitation, creating a new tyranny of work in which we cheerily acquiesce to doing jobs that take over our lives. You're told that if you "do what you love, you'll never work a day in your life." Whether it's working for "exposure" and "experience," or enduring poor treatment in the name of "being part of the family," all employees are pushed to make sacrifices for the privilege of being able to do what we love. In *Work Won't Love You Back*, Sarah Jaffe, a preeminent voice on labor, inequality, and social movements, examines this "labor of love" myth—the idea that certain work is not really work, and therefore should be done out of passion instead of pay. Told through the lives and experiences of workers in various industries—from the unpaid intern, to the overworked teacher, to the nonprofit worker and even the professional athlete—Jaffe reveals how all of us have been tricked into buying into a new tyranny of work. As Jaffe argues, understanding the trap of the labor of love will empower us to work less and demand what our work is worth. And once freed from those binds, we can finally figure out what actually gives us joy, pleasure, and satisfaction.
