Louise Erdrich's Love Medicine HarperCollins UK The surprising hidden history behind Charlotte Brontë's Jane Eyre. Why did Charlotte Brontë go to such great lengths on the publication of her acclaimed, best-selling novel, Jane Eyre, to conceal its authorship from her family, close friends, and the press? In The Secret History of Jane Eyre, John Pfordresher tells the enthralling story of Brontë's compulsion to write her masterpiece and why she then turned around and vehemently disavowed it. Few people know how quickly Brontë composed Jane Eyre. Nor do many know that she wrote it during a devastating and anxious period in her life. Thwarted in her passionate, secret, and forbidden love for a married man, she found herself living in a home suddenly imperiled by the fact that her father, a minister, the sole support of the family, was on the brink of blindness. After his hasty operation, as she nursed him in an isolated apartment kept dark to help him heal his eyes, Brontë began writing Jane Eyre, an invigorating romance that, despite her own fears and sorrows, gives voice to a powerfully rebellious and ultimately optimistic woman's spirit. The Secret History of Jane Eyre expands our understanding of both Jane Eyre and the inner life of its notoriously private author. Pfordresher connects

the people Brontë knew and the events she lived to the characters and story in the novel, and he explores how her fecund imagination used her inner life to shape one of the world's most popular novels. By aligning his insights into Brontë's life with the timeless characters, harrowing plot, and forbidden romance of Jane Eyre, Pfordresher reveals the remarkable parallels between one of literature's most beloved heroines and her passionate creator, and arrives at a new understanding of Brontë's brilliant, immersive genius.

That Time I Loved You: Stories Harper Collins A New York Times Notable Book Louise Erdrich, the New York Times bestselling, National Book Award-winning author of LaRose and The Round House, paints a startling portrait of a young woman fighting for her life and her unborn child against oppressive forces that manifest in the wake of a cataclysmic event. The world as we know it is ending. Evolution has reversed itself, affecting every living creature on earth. Science cannot stop the world from running backwards, as woman after woman gives birth to infants that appear to be primitive species of humans. Twenty-six-year-old Cedar Hawk Songmaker, adopted daughter of a pair of big-hearted, open-minded Minneapolis liberals, is as disturbed and uncertain as the rest of America around her. But for Cedar, this change is profound and deeply personal. She is four months pregnant. Though she wants to tell the adoptive parents who raised her from infancy, Cedar first feels compelled to find her birth mother, Mary Potts, an Ojibwe living on the reservation, to understand both her and her baby's origins. As Cedar goes back

to her own biological beginnings, society around her begins to disintegrate, fueled by a swelling panic about the end of humanity. There are rumors of martial law, of Congress confining pregnant women. Of a registry, and rewards for those who turn these wanted women in. Flickering through the chaos are signs of increasing repression: a shaken Cedar witnesses a family wrenched apart when police violently drag a mother from her husband and child in a parking lot. The streets of her neighborhood have been renamed with Bible verses. A stranger answers the phone when she calls her adoptive parents, who have vanished without a trace. It will take all Cedar has to avoid the prying eyes of potential informants and keep her baby safe. A chilling dystopian novel both provocative and prescient, Future Home of the Living God is a startlingly original work from one of our most acclaimed writers: a moving meditation on female agency, self-determination, biology, and natural rights that speaks to the troubling changes of our time.

Future Home of the Living God Harper Collins WINNER OF THE 2021 PULITZER PRIZE FOR FICTION NEW YORK TIMES BESTSELLER WASHINGTON POST, AMAZON, NPR, CBS SUNDAY MORNING, KIRKUS, CHICAGO PUBLIC LIBRARY, AND GOOD HOUSEKEEPING BEST BOOK OF 2020 Based on the extraordinary life of National Book Award-winning author Louise Erdrich's grandfather who worked as a night watchman and carried the fight against Native dispossession from rural North Dakota all the way to Washington, D.C., this powerful novel explores themes of love and death with lightness and gravity and unfolds with the elegant prose, sly humor, and

depth of feeling of a master craftsman. Thomas Wazhashk is the night watchman at the jewel bearing plant, the first factory located near the Turtle Mountain Reservation in rural North Dakota. He is also a Chippewa Council member who is trying to understand the consequences of a new “ emancipation ” bill on its way to the floor of the United States Congress. It is 1953 and he and the other council members know the bill isn ’ t about freedom; Congress is fed up with Indians. The bill is a “ termination ” that threatens the rights of Native Americans to their land and their very identity. How can the government abandon treaties made in good faith with Native Americans “ for as long as the grasses shall grow, and the rivers run ” ? Since graduating high school, Pixie Paranteau has insisted that everyone call her Patrice. Unlike most of the girls on the reservation, Patrice, the class valedictorian, has no desire to wear herself down with a husband and kids. She makes jewel bearings at the plant, a job that barely pays her enough to support her mother and brother. Patrice ’ s shameful alcoholic father returns home sporadically to terrorize his wife and children and bully her for money. But Patrice needs every penny to follow her beloved older sister, Vera, who moved to the big city of Minneapolis. Vera may have disappeared; she hasn ’ t been in touch in months, and is rumored to have had a baby. Determined to find Vera and her child, Patrice makes a fateful trip to Minnesota that introduces her to unexpected forms of exploitation and violence, and endangers her life. Thomas and Patrice live in this impoverished reservation community along with young Chippewa boxer Wood Mountain and his mother Juggie Blue, her niece and Patrice ’ s best friend Valentine, and Stack Barnes, the white high school math teacher and boxing coach who is hopelessly in love with Patrice. In the *Night Watchman*, Louise Erdrich creates a fictional world populated with memorable characters who are forced to grapple with the worst and best impulses of human nature. Illuminating the loves and lives, the desires and ambitions of these characters with compassion, wit, and intelligence, *The Night Watchman* is a majestic work of fiction from this revered cultural treasure.

This study portrays how Louise Erdrich's writing extends Bakhtin's concepts of dialogism and the novel through an investigation of a selection of her works, as well as her practices of writing, co-writing, re-writing, and reading novels. Erdrich's hallmark dialogic literary style and practice encompasses writing a series of books; re-cycling protagonists, narrators, events, themes and settings; re-writing previously published novels; employing heteroglossia and polyglossia; co-authoring texts, blogging about books; translating different epistemologies for different audiences; and spotlighting families as the main thematic concern in dialogue with her own parenting experiences as depicted in her memoirs. She writes a growing series of novels, compost pile-like, capitalizing on former novels, as well as adding new elements and new stories in the process. Thus, a dialogic intra-textual microcosm emerges. Erdrich suffuses her writing with an incessant quality of changing and becoming. Her novels resist closure, while protagonists return and demand attention, and the author answers dialogically by penning new tales. Erdrich's writing can be accessed because it concerns shared human experiences and relationships, both their ambivalence and their beauty. Erdrich includes instead of alienating, sympathizes instead of judging, which makes her an internationally acclaimed author, with her work crossing topographies, epistemologies, and identities.

The Bingo Palace Review

An Amazon Best Book of the Month (Literature & Fiction) In this exquisite American debut, Carianne Leung evokes the legacies of Cheever and Munro with a haunting depiction of 1970s suburbia. In her "compact gem of a collection" (Globe & Mail), Carianne Leung enlivens a singular group of characters sharing a shiny new subdivision in 1970s Toronto. Marilyn greets new neighbors with fresh-baked cookies before she starts stealing from them. Stay-at-home-wife Francesca believes passion is just one

yard away, only in the arms of another man. And Darren doesn't understand why his mother insists he keep his head down, even though he gets good grades like his white friends. When a series of inexplicable suicides begin to haunt their community, no one is more fascinated by the terrible phenomenon than young June. The daughter of Chinese immigrants, she sits hawk-eyed at the center, bearing witness to the truth behind pulled curtains: the affairs, the racism, the hidden abuses. Leung bursts onto the American literary stage with prose remarkably attuned to the tenuous, and perhaps deceptive, idea of happiness among these picket-fenced lives.

The Antelope Wife Harper Perennial Modern Classics

In *Understanding Louise Erdrich*, Seema Kurup offers a comprehensive analysis of this critically acclaimed Native American novelist whose work stands as a testament to the struggle of the Ojibwe people to survive colonization and contemporary reservation life. Kurup traces in Erdrich's oeuvre the theme of colonization, both historical and cultural, and its lasting effects, starting with the various novels of the Love Medicine epic, the National Book Award-winning *The Round House*, *The Birchbark House* series of children's literature, the memoirs *The Blue Jays Dance and Books and Island in Ojibwe Country*, and selected poetry. Kurup elucidates Erdrich's historical context, thematic concerns, and literary strategies through close readings, offering an introductory approach to Erdrich and revealing several entry points for further investigation. Kurup asserts that Erdrich's writing has emerged not out of a postcolonial identity but from the ongoing condition of colonization faced by Native Americans in the United States, which is manifested in the very real and contemporary struggle for sovereignty and basic civil rights. Exploring the ways in which Erdrich moves effortlessly from trickster humor to searing pathos and from the personal to the political, Kurup takes up the complex issues of cultural identity, assimilation, and community in Erdrich's writing. Kurup shows that Erdrich offers readers poignant and complex portraits of Native American lives in vibrant, three-dimensional, and poetic prose while simultaneously bearing witness to the abiding strength and grace of the Ojibwe people and their presence and participation in the history of the United States.

Other Destinies HarperCollins

A strange and compelling unkillable woman decides to leave home, and the story begins. Fleur Pillager takes her mother's name, *Four Souls*, for strength and walks from her Ojibwe reservation to the cities of Minneapolis and Saint Paul. She is seeking restitution from and revenge on the lumber baron who has stripped her reservation. But revenge is never simple, and she quickly finds her intentions complicated by her own dangerous compassion for the man who wronged her. The two narrators of *Four Souls* are from utterly different worlds. Nanapush, a "smart man and a fool," is both Fleur's savior and her conscience. He tells Fleur's story and tells his own. He would like a calm and discriminating love with his sweetheart, Margaret. He is old and would like to face death with his love beside him. Instead the two find themselves battling out their last years. When the childhood nemesis of Nanapush appears and casts his eye toward Margaret, Nanapush acts out an absurd revenge of his own and nearly ends up destroying everything. The other narrator, Polly Elizabeth Gheen, is a pretentious and vulnerable upper-crust fringe element, a hanger-on in a wealthy Minneapolis family, a woman aware of her precarious hold on those around her. To her own great surprise the entrance of Fleur Pillager into her household and her life effects a transformation she could never have predicted. In the world of interconnected novels by Louise Erdrich, *Four Souls* is most closely linked to *Tracks*. All these works continue and elaborate the intricate story of life on a reservation peopled by saints and false saints, heroes and sinners, clever fools and tenacious women.

Four Souls reminds us of the deep spirituality and the ordinary humanity of this world, and is as beautiful and lyrical as anything Louise Erdrich has written.
