"Cage of Bone" is a collection of poetry and prose about survival, hope, loss and the persistent feeling of having no control. The game of life is hard to play, but if you win you better change, the thorns gripped tight but then gave way...But instead of becoming a beacon, I became the monster, I became a black hole. This is the first book in the "Black Hole" collection of short poetry books. Each book in the black hole series can be read as a standalone.

Nicholas Kenyon explores the enduring appeal of the classical canon at a moment when we can access all music—across time and cultures. Immersed in music for much of his life as writer, broadcaster and concert presenter, former director of the BBC Proms, Nicholas Kenyon has long championed an astonishingly wide range of composers and performers. Now, as we think about culture in fresh ways, Kenyon revisits the stories that make up the classical tradition and foregrounds those which are too often overlooked. This inclusive, knowledgeable, and enthusiastic guide highlights the achievements of the women and men, amateurs and professionals, who bring music to life. Taking us from pianist Myra Hess's performance in London during the Blitz, to John Adams's composition of a piece for mourners after New York's 9/11 attacks, to Italian opera singers singing from their balconies amidst the 2020 pandemic, Kenyon shows that no matter how great the crisis, music has the power to bring us together. His personal, celebratory account transforms our understanding of how classical music is made—and shows us why it is more relevant than ever.

In *Tigers of a Different Stripe*, ethnomusicologist Sydney Hutchinson examines a variety of music genres in the Dominican Republic, and its diasporic communities, to shed light on how

gender is performed through music, especially merengue típico, a traditional, accordion-based genre that has undergone great change since the 1960s. Hutchinson goes beyond looking at just the music itself, to how dancing and listening, as well as viewing and discussing music, all play a part in gender performance and construction. Dominican gender roles are usually defined by a binary understanding of gender that is at its worst sexist and patriarchal, with macho men and subservient women. Hutchinson shows how wrong this is in musical performance, where musicians like Rita Indiana bend both gender and genre. The discussion naturally expands to movement, migration, race, class, and notions of tradition and modernity. In the end, *Tigers* shows how music can either reinforce entrenched gender roles or help to open up possibilities by imagining new roles and identities for all."

"The best book ever written about the terrifying business of single-handed sailing . . . As tight and gripping as *The Perfect Storm* or *Into Thin Air*." (San Francisco Chronicle). *Godforsaken Sea* is the hair-raising account of the world's most demanding, dangerous, and deadly sailing race—following the field of the 1996–1997 Vendée Globe through a grueling four-month circumnavigation of the earth, most of it through the terror of the Southern Ocean. Among the sixteen sailors are the gallant Brit who spends days beating back against the worst seas to save a fellow sailor; the Frenchman who bothers to salvage only a bottle of champagne from his broken and sinking boat; the sailor who comes to love the albatross that trails her for months, naming it Bernard; the sailor who calmly smokes a cigarette as his boat capsizes; and the Canadian who, hours before he disappears forever, dispatches this message: If you drag things out too long here, you're sure to come to grief. Bringing to life hurricane-force winds, six-story waves, icebergs, and deafening noise—and blending maritime history, ocean science, and literary allusions—this true story lays bare the spirit of the men and women who push themselves to the outer limits of human endeavor—even if it means never returning home. "Explores how and why humans feel drawn to the extreme risks and almost inevitable disasters that single-handedly sailing the Southern Ocean entails. . . . Mr. Lundy not only makes stirring narrative drama but also draws the lineaments of an archetypal hero, a human driven by fear, addicted to adrenaline, in need of the edge." —The New York Times "Godforsaken Sea is one of the best books ever written about sailing. . . . Lundy's knowledge of sea lore and history is rich, his pace perfect, his intelligence full of energy. He differentiates each sailor with a novelist's touch." —Time

His music thrilled the generation it was written for, and has entertained and inspired every generation since.

HERO: DAVID BOWIE is an intelligent exploration of the man behind the myths and the makeup told from the very beginning. Respected music journalist and biographer Lesley-Ann Jones knew David Jones from the days before fame, when he was a young musician starting out, frustrated by an industry that wouldn't give him a break and determined to succeed. Here she traces the epic journey of the boy from Bromley born into a troubled background to his place as one of the greatest stars in rock history. Jones has interviewed numerous friends and associates of Bowie, many of whom have never spoken publicly about him before. Drawing on this new material and meticulous research, the real story of Bowie's family background is told; the true inspiration behind the creation of Ziggy Stardust is revealed, and we learn how his marriage to Angie ended in agony following his comeback from a near fatal drug addiction. Jones also revisits Bowie's tragic relationship with his brother and his deep bond with T Rex frontman Marc Bolan. Bowie's rebellious nature, his many sources of inspiration and creativity, and his complex, intense personality are discussed here, creating a unique and compelling portrait of an extraordinary man. This is Bowie as you've never seen him before.
