The Magical Seals of Solomon: a Beginners Guide Christian Focus  
Learn the basic principles of astrology without having to learn the theory beforehand. In order to understand the fundamental principles of astrological influences, why they exist and how they affect us, you must become familiar with the nature of the one who is affected, your own essence. It is all connected. Two things are in existence: you and the universe. If you delve into one with the utmost care, you will automatically understand the other because, in their foundation, they are the same. Astronomy is the science of how the universe works. Astrology is the science of how the holographic universe affects us. It broadens our horizons because it provides a holistic approach to life. Astrology shows us all the details of the way in which our transcendental soul is trapped in the body and events of our life, the ways in which we have been obstructed from attaining self-knowledge. That will make us understand how to set ourselves free. The knot can be untied by learning the way in which it was tied. We do not have to know all the details. It is enough to be acquainted with the basic principles of how astrology works to be able to know the basic principles of liberation and self-knowledge. They are presented before you in a summarized version.

DISCIPLE IV UNDER THE TREE OF LIFE is the final study in the four-phase DISCIPLE program and is prepared for those who have

completed BECOMING DISCIPLES THROUGH BIBLE STUDY. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times.

Appearing for the first time in an English-language edition, The Stroke puts forward a genuine theory of writingthat is, the concepts behind letters on the page, whether by pen, pencil, or brush. Concerned not with art calligraphy and beautiful forms, The Stroke is a description of the phenomenon of letters and how they are made in writing. Starting from basic principles, Noordzij begins with the white space that creates definition by surrounding letters. Then, using simple geometrical concepts, he describes in minute detail how the strokes of writing can be formed. His theory serves to repair the split that grew up, with the invention of printing, between written and typographic letters. With The Stroke, Noordzij can be seen as a prophet of digital typography committed to freeing typefaces from the constraints of their embodiment in metal.

However, the Earth herself has given us tools that assist in stabilizing the situation and which teach us how to turn our thoughts and actions towards positive healing for the planet rather than envisaging her destruction. Crystals offer us creative solutions. Some amazing high-vibration crystals have made themselves known at this time to assist with Earth healing and with personal consciousness-raising. Other Earth healing crystals have been around for millennia but still do a sterling job of restoring the environment and the earth beneath our feet to optimum energetic functioning.
