The Australian Renovator's Manual Schiffer Publishing

New York City's top concierge gives up a keyhole view into the luxe hotel rooms, private dining and dressing rooms of the ridiculous, rich and demanding Michael Fazio is the ultimate behind-the-scenes support man. Want two orchestra tickets to the Broadway musical that just won the Tony? Call Fazio. How about an upgrade to first

class on an overbooked overnight flight to Tokyo? Call Fazio. Or a roomful of fresh hydrangeas—in winter? That's right. Call Fazio. From his early start as the harried and neglected personal assistant to a typical L.A. casting agent, Fazio took what he learned there and moved into concierge work at New York City's Intercontinental Hotel, where he was eventually able to parlay his services into a large and successful business of his own. In Concierge Confidential, Fazio reveals the behind-the-scenes madness that goes into getting the rich and famous what they want, and shares some great insider knowledge on how to get access to the unattainable without making the concierge, waiters and other service people crazy. A few of Fazio's tips include:

- When and how much to palm in tips
- How to get a seat or ticket to the hottest thing in town
- How to avoid being labeled a rube the minute you walk through the door
- How you can become your favorite store or restaurant's most beloved customer
- And much more

Promoting the Oral Health of Children Oberon Books

Following the Pulitzer prize-winning collection *Stag's Leap*, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender "Ode to the Hymen," Olds addresses and embodies, in this age-old poetic form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her narrative as a daughter, mother, wife, lover, friend, and poet of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as "Ode to My Sister," "Ode of Broken Loyalty," "Ode to My Whiteness," "Blow Job Ode," and "Ode to the Last Thirty-Eight Trees in New York City Visible from This Window," Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.

Hey, It Nikon D5300 For Dummies

The Fujifilm X-E2: Beyond the Manual provides experience-based

information and insights for owners of the Fujifilm X-E2 mirrorless system camera. Fuji X-Per series author Rico Pfisteringer teaches little-known capabilities of the X-E2 that he's discovered through several months of in-depth research. This book focuses on insights that you won't find in the manual, skipping tedious explanations of basic camera functions and operations. Instead, it cuts to the chase and provides readers with a plethora of tips and practical instructions that will enable them to fully explore the capabilities of the X-E2. The X-E2 combines classic design with state-of-the-art digital camera technology originally seen in the X-Pro1 and X-E1 system cameras. These features have been further improved to achieve the X-E2: Fujifilm's most capable camera to-date, with an ever-growing set of already more than ten interchangeable X-Mount lenses. The Fujifilm X-E2: Beyond the Manual presents numerous tips and tricks that will maximize your ability to use the Fujifilm X-E2 to its full potential.

How I Met Myself Level 3 Disney Electronic Content

More Food: Road to Survival is a comprehensive analysis of agricultural improvements which can be achieved through scientific methods. This reference book gives information about strategies for increasing plant productivity, comparisons of agricultural models, the role of epigenetic events on crop production, yield enhancing physiological events (photosynthesis, germination, seedling emergence, seed properties, etc.), tools enabling efficient exploration of genetic variability, domestication of new species, the detection or induction of drought resistance and apomixes and plant breeding enhancement (through molecularly assisted breeding, genetic engineering, genome editing and next generation sequencing). The book concludes with a case study for the improvement of small grain cereals. Readers will gain an understanding of the biotechnological tools and concepts central to sustainable agriculture. More Food: Road to Survival is, therefore, an ideal reference for agriculture students and researchers as well as professionals involved sustainability

studies.

Included in Rick Steves' Pocket London— Sights: the National Portrait Gallery, Courtauld Gallery, Tate Britain, Tate Modern, Victoria and Albert Museum, and the Bankside Walk Walks and Tours: the Westminster Walk, Westminster Abbey Tour, National Gallery Tour, West End Walk, British Museum Tour, British Library Tour, The City Walk, St. Paul's Cathedral Tour, and Tower of London Tour

Technical Slot Canyon Guide to the Colorado Plateau
Rocky Nook, Inc.

Evil tree. Bad Apple? Twenty years ago, all the evil villains were banished from the kingdom of Auradon to the Isle of the Lost--a dark and dreary place protected by a force field that makes it impossible for them to leave. Stripped of their magical powers, the villains now live in total isolation, forgotten by the world. Mal learns from her mother, Maleficent, that the key to true darkness, the Dragon's Eye, is located inside her scepter in the forbidden fortress on the far side of the island. The eye is cursed, and whoever

retrieves it will be knocked into a deep sleep for a thousand years. But Mal has a plan to capture it. She'll just need a little help from her "friends." In their quest for the Dragon's Eye, these four kids begin to realize that just because you come from an evil family tree, being good ain't so bad.

Heads in Beds Houghton Mifflin Harcourt

"One icy winter's evening in Budapest, a man runs straight into John Taylor as he walks home through the narrow streets. John falls over into the snow and looks up at the man's face. 'I felt very afraid. Because what I saw was me. My face looking down at me. My mouth saying sorry.' Who is the man, and how will John's life change?

Bing really wants a delicious carrot ice cream, but they need to find Gilly first! Join Bing as he follows the sound of Gilly's van and discovers lots of other noises along the way. Bingsters will love pressing the sound buttons and joining in the fun. Noisy books... they're a Bing thing!

A Taste of Pesach Peachpit Press

A New York Review Books Original Hav is like no place on

earth. Rumored to be the site of Troy, captured during the crusades and recaptured by Saladin, visited by Tolstoy, Hitler, Grace Kelly, and Princess Diana, this Mediterranean city-state is home to several architectural marvels and an annual rooftop race that is a feat of athleticism and insanity. As Jan Morris guides us through the corridors and quarters of Hav, we hear the mingling of Italian, Russian, and Arabic in its markets, delight in its famous snow raspberries, and meet the denizens of its casinos and cafés. When Morris published *Last Letters from Hav* in 1985, it was short-listed for the Booker Prize. Here it is joined by *Hav of the Myrmidons*, a sequel that brings the story up-to-date. Twenty-first-century Hav is nearly unrecognizable. Sanitized and monetized, it is ruled by a group of fanatics who have rewritten its history to reflect their own blinkered view of the past. Morris's only novel is dazzlingly sui-generis, part erudite travel memoir, part speculative fiction, part cautionary political tale. It transports the reader to an extraordinary place that never was, but could well be.

Archie 3000 John Wiley & Sons

This is a reference guide for the Nikon D5300, one of the most advanced entry-level cameras that Nikon has ever introduced, featuring 24 megapixels of resolution, sophisticated full high-definition, movie-making capabilities, built-in Wi-Fi and GPS features, and blazing-fast automatic focus. It shows how, when, and why to use all the features, controls, and functions to take great photographs and movies. Introductory chapters cover the basics of the camera. Also covered: how to select the best autofocus mode, shutter speed, f/stop, and flash capability to take great pictures under any conditions; advanced shooting techniques, including high-definition movie making;

troubleshooting and prevention tips to keep the camera and media operating smoothly; and the basics of good photography.

Demonstrates the operating system's basic features, including the desktop, the Dock, system preferences, free programs, security, networking, internet setup, iCloud, and Safari.

Grandad Mandela Ansel Adams

Natalie Shapero spars with apathy, nihilism, and mortality, while engaging the rich territory of the 30s and new motherhood

Peter and the Starcatchers Lincoln Children's Books

In the tradition of *Kitchen Confidential* and *Waiter Rant*, a rollicking, eye-opening, fantastically indiscreet memoir of a life spent (and misspent) in the hotel industry. Jacob Tomsky never intended to go into the hotel business. As a new college graduate, armed only with a philosophy degree and a singular lack of career direction, he became a valet parker for a large luxury hotel in New Orleans. Yet, rising fast through the ranks, he ended up working in "hospitality" for more than a decade, doing everything from supervising the housekeeping department to manning the front desk at an upscale Manhattan hotel. He's checked you in, checked you out, separated your white panties from the white bed sheets, parked your car, tasted your room-service meals, cleaned your toilet, denied you a late checkout, given you a wake-up call, eaten M&Ms out of your minibar, laughed at your jokes,

and taken your money. In *Heads in Beds* he pulls back the curtain to expose the crazy and compelling reality of a multi-billion-dollar industry we think we know. *Heads in Beds* is a funny, authentic, and irreverent chronicle of the highs and lows of hotel life, told by a keenly observant insider who's seen it all. Prepare to be amused, shocked, and amazed as he spills the unwritten code of the bellhops, the antics that go on in the valet parking garage, the housekeeping department's dirty little secrets—not to mention the shameless activities of the guests, who are rarely on their best behavior. Prepare to be moved, too, by his candor about what it's like to toil in a highly demanding service industry at the luxury level, where people expect to get what they pay for (and often a whole lot more). Employees are poorly paid and frequently abused by coworkers and guests alike, and maintaining a semblance of sanity is a daily challenge. Along his journey Tomsky also reveals the secrets of the industry, offering easy ways to get what you need from your hotel without any hassle. This book (and a timely proffered twenty-dollar bill) will help you score late checkouts and upgrades, get free stuff galore, and make that pay-per-view charge magically disappear. Thanks to him you'll know how to get the very best service from any business that makes its money from putting heads in beds. Or, at the very least, you will keep the bellmen from taking your luggage into the camera-free back office and bashing it against the wall repeatedly.

Julie Andrews' Collection of Poems, Songs, and Lullabies Independently Published

Ansel Adams (1902-1984) produced some of the 20th century's most iconic photographic images and helped nurture the art of photography through his creative

Camera--the first volume in Adams' celebrated series of books on photographic techniques--has taught generations of photographers how to harness the camera's artistic potential. This time-honored handbook distills the knowledge gained through a lifetime in photography and remains as vital today as when it was first published. Along with visualization, image management, Adams' famous Zone System, and other keys to photographic artistry, The Camera covers 35mm, medium-format, and large-format view cameras, while offering detailed advice on camera components such as lenses, shutters, and light meters. Beautifully illustrated with photographs as well as instructive line drawings, this classic manual belongs on every serious photographer's bookshelf. "Adams is a clear-thinking writer whose concepts cannot but help the serious photographer." - New York Times "A master-class kind of guide from an undisputed master." - Publishers Weekly Over 1 million copies sold. Publisher's Note: This ebook of The Camera works best as a digital companion to the print edition. The ebook was produced by electronically scanning and digitizing a print edition, and as a result, your reading device may display images with halftone or moiré patterns.
