Nineteen times, death penalty defense lawyer Andrea D. Lyon has represented a client found guilty of capital murder. Nineteen times, she has argued for that individual's life

to be spared. Nineteen times, she has succeeded. Dubbed the "Angel of Death Row" by the Chicago Tribune, Lyon was the first woman to serve as lead attorney in a death penalty case. Throughout her career, she has defended those accused of heinous acts and argued that, no matter their guilt or innocence, they deserved a chance at redemption. Now, for the first time, Lyon shares her story, from her early work as a Legal Aid attorney to her founding of the Center for Justice in Capital Cases. Full of courtroom drama, tragedy, and redemption, Angel of Death Row is a remarkable inside look at what drives Lyon to defend those who seem indefensible-and to win. There was Annette who was suspected of murdering her own daughter. There was Patrick, the convicted murderer who thirsted for knowledge and shared his love of books with Lyon when she visited him in jail. There was Lonnie, whose mental illness made him nearly impossible to save until the daughter who remembered his better self spoke on his behalf. There was Deirdre, who shared Lyon's cautious optimism that her wrongful conviction would finally be overturned, allowing her to see her grandchildren born while she was in prison. And there was Madison Hobley, the man whose name made international headlines when he was wrongfully charged with the murder of his family and sentenced to death. These clients trusted Lyon with their stories-and their lives. Driven by an overwhelming sense of justice, fairness, and morality, she fought for them in the courtroom and in the raucous streets, staying by their sides as they struggled through real tragedy and triumphed in startling ways. Angel of Death Row is the compelling memoir of Lyon's unusual journey and groundbreaking career. Prominent Families of New York Flying Frog Publishing Winner of the National Book Critics Circle Award and the Man Booker Prize: An " extraordinary " novel " lit by a moral intelligence at once fierce and tender " (The New York Times Book Review). In a crumbling, isolated house at the foot of Mount Kanchenjunga in the Himalayas, an embittered old judge wants only to retire in peace. But his life is upended when his sixteen-year-old orphaned granddaughter, Sai, arrives on his doorstep. The

judge's chatty cook watches over the girl, but his thoughts are mostly with his son, Biju, hopscotching from one miserable New York restaurant job to another, trying to stay a step ahead of the INS. When a Nepalese insurgency threatens Sai's new-sprung romance with her tutor, the household descends into chaos. The cook witnesses India's hierarchy being overturned and discarded. The judge revisits his past and his role in Sai and Biju's intertwining lives. In a grasping world of colliding interests and conflicting desires, every moment holds out the possibility for hope or betrayal. Published to extraordinary acclaim, *The Inheritance of Loss* heralds Kiran Desai as one of our most insightful novelists. She illuminates the pain of exile and the ambiguities of postcolonialism with a tapestry of colorful characters and "uncannily beautiful" prose (O: The Oprah Magazine). "A book about tradition and modernity, the past and the future—and about the surprising ways both amusing and sorrowful, in which they all connect." —The Independent

In 1968, a small and unassuming book of photographs featuring America's bikers was published. Little note was taken of its release, and it rather quietly disappeared. Today *The Bikeriders* is recognized as a seminal work of documentary photography by one of a new generation of photographers. This is a reissue of Lyon's long-out-of-print and much-sought-after first book, treasured both as a cult classic and a standard of photojournalism.

The Bloody Chamber and Other Stories London: T.C. & E.C. Jack
Michel de Certeau considers the uses to which social representation and modes of social behavior are put by individuals and groups, describing the tactics available to the common man for reclaiming his own autonomy from the all-pervasive forces of commerce, politics, and culture. In exploring the public meaning of ingeniously defended private meanings, de Certeau draws on an immense theoretical literature in analytic philosophy, linguistics, sociology, semiology, and anthropology--to speak of an apposite use of imaginative literature.

St Irenaeus is the most important theologian of the second century, laying the foundation for all future Christian thinkers. Irenaeus tells us that he had known Polycarp, who had himself known the apostles and been appointed by them as the bishop of the church of Smyrna. This direct contact with the immediate successors of the apostles was of importance for Irenaeus in his later defense of Christian practice and teaching. In this work *Against the Heresies*, he was the first to utilize the full range of apostolic writings in his controversy with the Gnostics and others. Uniting, for the first time, the whole history of God's activity in one all-encompassing divine economy, Irenaeus demonstrates that there is but one God, who has made Himself known

through His one Son, Jesus Christ, by the one Holy Spirit, to the one human race, bringing His creatures made from mud into the intimacy of communion with Himself.

Launching his curatorial career at the George Eastman House in 1957, Nathan Lyons (1930 – 2016) soon made a mark in the museum world and in his workshops for photographers and curators alike. Yet his supporting role in the careers of rising stars such as Lee Friedlander and Garry Winogrand sometimes eclipsed the public's awareness of Lyons' own pioneering photography. Coinciding with a major exhibition at the George Eastman Museum in 2019, *Nathan Lyons: In Pursuit of Magic* is a long-overdue celebration of Lyons' astonishing body of work. Featuring more than two hundred and fifty compelling images, accompanied by critical essays, the book charts the distinct phases of Lyons' career. His early work, exemplified by his exuberant initiatives of the 1960s—the Visual Studies Workshop and the Society for Photographic Education—demonstrated that street photography and formalism are not mutually exclusive, as university photography courses began migrating from journalism to art departments. His final years, which included a shift to color at age eighty, are also explored in depth. A companion to *Nathan Lyons: Selected Essays, Lectures, and Interviews*, this is the definitive visual sourcebook on a highly influential innovator.
