In 1968, a small and unassuming book of photographs featuring America's bikers was published. Little note was taken of its release, and it rather quietly disappeared. Today *The Bikeriders* is recognized as a seminal work of documentary photography by one of a new generation of photographers. This is a reissue of Lyon's long-out-of-print and much-sought-after first book, treasured both as a cult classic and a standard of photojournalism.
