Caitlin Lyon is the favored first daughter of Colton Lyon.

Anyone who wants to date her will have to go through this tough as nails biker dad who thinks no one is good enough for his kid, not even the little snot nosed kid who's been hanging around her for the past four years. Todd

Henderson has spent the last four years learning his future father in law, from the age of fifteen when the big man himself threatened him to within an inch of his life if he even thought of messing with

his daughter. Most young men that age would've headed for the hills long ago, but Todd's no fool, he knows what he stands to gain if he sticks it out. Now he's nineteen and with the training from the erstwhile Mancini has grown in experience if not years so he's more than ready to claim his girl when he goes home on summer break from the college they'd both planned to meet at.

Lyon's Pride Piers de Montgomerie, known as "Lyon" for his fierceness in combat, accepts the challenge of the Scottish

king, agreeing to quell a troublesome highland feud and to accept the disputed lands as payment But his battle skills are no match for the flashing eyes and barbed tongue of "Mad" Meghan Brodie--the spirited wench he now holds hostage, who fires his blood with her heart-stirring beauty. Lyon's Gift Distrustful of men and feigning madness, in truth Meghan is cunning as a fox--and far too loyal to her clan to be swayed by her arrogant captor's honeyed words and virile charms. She

will make the Lyon pay dearly for the "gift" he has so brazenly stolen--even as her own traitorous heart begs her to surrender gladly to the one great love that can heal an injured land.

Kihrin has his own ideas about how to fight back, but even if he's willing to sacrifice everything for victory, the cost may prove too high for his allies. Unfortunately, keeping himself classified in the 'pawn' category means Kihrin must pretend to be everything the prophecies threatened he'd become: the destroyer of all, the sun eater, a mindless, remorseless plague upon the land. It also means finding an excuse to not destroy the people he loves (or any of the remaining Immortals) without arousing suspicion. Kihrin's goals are complicated by the fact that not all of his 'act' is one. His intentions may be sincere, but he's still being forced to grapple with the aftereffects of the corrupted magic ritual that twisted both him and the dragons. Worse, he's now tied to a body that is the literal avatar of a star – a form that is becoming increasingly, catastrophically unstable. All of which means he's running out of time. After all, some stars fade –

but others explode. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Deliberate Dumbing Down of America Hachette Books

In this book you will discover "how good teachers across America have been forced to use controversial, non-academic methodology in their classrooms; how "school choice" is being used to further dangerous reform goals, and how home schooling

and private education are especially vulnerable; how workforce training (school-to-work) is an essential part of an overall plan for a global economy, and how this plan will shortcircuit your child's future career plans and opportunities; [and] how the international, national, regional,

state and local agendas for education reform are all interconnected and have been for decades. The deliberate dumbing down of America is a chronological history of the past 100+ years of education reform. Each chapter takes a period of history and recounts the significant events, including important

geopolitical and societal contextual information. Citations from government plans, policy documents, and key writings by leading reformers record the rise of the modern education reform movement"--Website: <http://www.deliberatedumbingdown.com/book.htm>.

How Boston radio station WBCN became the hub of the rock-and-roll, antiwar, psychedelic solar system. While San

Francisco was celebrating a psychedelic Summer of Love in 1967, Boston stayed buttoned up and battened down. But that changed the following year, when a Harvard Law School graduate student named Ray Riepen founded a radio station that played music that young people, including the hundreds of thousands at Boston-area colleges, actually wanted to hear. WBCN-

FM featured album cuts by such artists as the Mothers of Invention, Aretha Franklin, and Cream, played by announcers who felt free to express their opinions on subjects that ranged from recreational drugs to the war in Vietnam. In this engaging and generously illustrated chronicle, Peabody Award-winning journalist and one-time WBCN announcer

Bill Lichtenstein tells the story of how a radio station became part of a revolution in youth culture. At WBCN, creativity and countercultural politics ruled: there were no set playlists; news segments anticipated the satire of The Daily Show; on-air interviewees ranged from John and Yoko to Noam Chomsky; a telephone "Listener Line" fielded questions on any subject, day and night. From 1968 to Watergate, Boston's WBCN was the hub of the rock-and-roll, antiwar, psychedelic solar system. A cornucopia of images in color and black and white includes concert posters, news clippings, photographs of performers in action, and scenes of joyousness on Boston Common. Interwoven through the narrative are excerpts from interviews with WBCN pioneers, including Charles Laquidara, the "news dissector" Danny Schechter, Marsha Steinberg, and Mitchell Kertzman. Lichtenstein's documentary WBCN and the American Revolution is available as a DVD sold separately.
