At the age of ten, Leah Hager Cohen entered a world of make-believe that would captivate her for years. Participating in a traveling theater company's production of Wolkenstein, she was fascinated by the pageantry of the play and the camaraderie she found within the acting troupe, and the experience sparked a lifelong love of community theater. Nearly twenty years later, Cohen found her way to a small community theater in Arlington, Massachusetts, one of many thousands like it in America, and set out to chronicle what would be an extraordinary year. Arlington Friends of Drama had just celebrated its seventy-fifth anniversary, was embroiled in disputes over structural changes proposed to help it adapt to changing times, and was about to hold auditions for its most controversial play to date, *M. Butterfly*. As Cohen writes, "This time around, I had come to community theater not in order to insinuate myself into its culture but to try to understand what the culture comprised, and to answer what it is about amateur theater that makes people not just desire but need it." With the same graceful prose and startling insight that garnered such extraordinary reviews for her previous books, *Train Go Sorry* and *Glass, Paper, Beans*, Cohen has created a fascinating and poignant portrait of community theater in America—past, present, and future. ¥ The American Association of Community Theatres, founded in 1986, estimates that there are ten thousand community theaters nationwide, with more than a million active members. ¥ Arlington Friends of Drama is one of the ten oldest continually operating community theaters in the country.

Third in the acclaimed *Tales of the People* series, this tale of a young girl's first Butterfly Dance captures the spirit of the Hopi culture. With its bright, stylized illustrations and distinctive Native voice, this appealing book gives a vivid sense of stepping into another culture. It chronicles one important day seen through the eyes of a young Hopi girl named Sihumana, or "Flower Maiden," who is a member of the Rabbit Clan and winningly portrayed as a rabbit. After going with her grandfather to greet the sun and bless the day, Sihumana travels with family to another village to take part in the traditional Butterfly Dance, performed late each summer in order to bring rain to the dry lands of the Southwest. The tale ends happily with the sound of rain on the roof and the promise of butterflies in the days to come. About the *Tales of the People* series Created with the Smithsonian's National Museum of the American Indian (NMAI), *Tales of the People* is a series of children's books celebrating Native American culture with illustrations and stories by native artists and writers. In addition to the tales themselves, each book also offers four pages filled with information and photographs exploring various aspects of Native culture, including a glossary of words in different Indian languages.

A triumphant memoir by the former editor-in-chief of French *Elle* that reveals an indomitable spirit and celebrates the liberating power of consciousness. In 1995, Jean-

Dominique Bauby was the editor-in-chief of French *Elle*, the father of two young children, a 44-year-old man known and loved for his wit, his style, and his impassioned approach to life. By the end of the year he was also the victim of a rare kind of stroke to the brainstem. After 20 days in a coma, Bauby awoke into a body which had all but stopped working: only his left eye functioned, allowing him to see and, by blinking it, to make clear that his mind was unimpaired. Almost miraculously, he was soon able to express himself in the richest detail: dictating a word at a time, blinking to select each letter as the alphabet was recited to him slowly, over and over again. In the same way, he was able eventually to compose this extraordinary book. By turns wistful, mischievous, angry, and witty, Bauby bears witness to his determination to live as fully in his mind as he had been able to do in his body. He explains the joy, and deep sadness, of seeing his children and of hearing his aged father's voice on the phone. In magical sequences, he imagines traveling to other places and times and of lying next to the woman he loves. Fed only intravenously, he imagines preparing and tasting the full flavor of delectable dishes. Again and again he returns to an "inexhaustible reservoir of sensations," keeping in touch with himself and the life around him. Jean-Dominique Bauby died two days after the French publication of *The Diving Bell and the Butterfly*. This book is a lasting testament to his life.

It's hard to be Velma, the littlest Gratch, entering the first grade. That's because everyone has marvelous memories of her two older sisters, who were practically perfect first graders. Poor Velma—people can barely remember her name. But all that changes on a class trip to the magnificent Butterfly Conservatory—a place neither of her sisters has ever been. When a monarch roosts on Velma's finger and won't budge for days . . . well, no one will forget Velma ever again. Acclaimed and bestselling illustrator Kevin Hawkes and author Alan Madison celebrate everything butterfly—from migration to metamorphosis. Watch as Velma Gratch metamorphosizes from a timid first grader into a confident young scientist!

Seminar paper from the year 2011 in the subject American Studies - Literature, grade: 1,7, Humboldt-University of Berlin (Institut für Anglistik und Amerikanistik), course: Gender, Sexuality, Race and Class in Contemporary American Drama, language: English, abstract: 1 Introduction Modern-day drama is often considered to be an effective means of expressing criticism. Numerous contemporary

playwrights experiment freely with dramatic conventions, and most works overtly demonstrate to be a piece of performance, so that the audience is alerted not to view reality but a play. Thus, the boundaries between authenticity (the 'natural') and role playing (the 'artificial') are blurred "in order to address the construction of social and political identity." (Saddik 2007: 13). David Henry Hwang's play *M. Butterfly* (1988) can be regarded as one representative of that type of contemporary dramatic pieces. It demonstrates the construction of identity around the politics of gender, sexuality, power and race. In the course of the drama, the (biological male) character Song Liling constructs a female, Oriental fantasy for the French diplomat Rene Gallimard. By performing her race and gender according to Gallimard's ideas about the Oriental, Song is able to disguise her male sex. For almost two decades, the French diplomat is not aware of the fact that his partner is not a woman but a man. (cf. Hwang 1988: 94ff.). The drama *M. Butterfly* - the first Asian American play to be produced on Broadway - has been introduced in the course of last summer semester's seminar *Gender, Sexuality, Race and Class in Contemporary American Drama*. It aroused my interest not only due to its witty and provocative style, but also because of the drama's fascinating and powerful but rather bizarre story about the relationship of a Western man and a perceived Chinese woman. I could not understand how Gallimard neither was nor, in the course of all their years together, became aware of his partner

"A thesis of a play, unafraid of complexities and contradictions, pepped up with a light dramatic fizz. It asks whether race is skin-deep, actable or even fakeable, and it does so with huge wit and brio."

-TimeOut London "A pungent play of ideas with a big heart. *Yellow Face* brings to the national discussion about race a sense of humor a mile wide, an even-handed treatment and a hopeful, healing vision of a world that could be" -Variety "It's about our country, about public image, about face," says David Henry Hwang about his latest work, a mock documentary that puts Hwang himself center stage. An exploration of Asian identity and the ever-changing definition of what it is to be an American, *Yellow Face* "is by turns acidly funny, insightful and provocative" (Washington Post). The play begins with the 1990s controversy over color-blind casting for *Miss Saigon* before it spins into a comic fantasy, in which the character DHH pens a play in protest and then unwittingly casts a white actor as the Asian lead. *Yellow Face* also explores the real-life investigation of Hwang's father, the first Asian American to own a federally chartered bank, and the espionage charges against physicist Wen Ho Lee. Adroitly combining the light touch of comedy with weighty political and emotional issues, Hwang creates a "lively and provocative cultural self-portrait [that] lets nobody off the hook" (The New York Times). David Henry Hwang is the author of the Tony Award-winning *M. Butterfly*, *Yellow Face* (OBIE Award, 2008 Pulitzer Prize finalist), *Golden Child* (1997 OBIE Award), *FOB* (1981 OBIE Award), *Family Devotions* (Drama Desk nomination), and the books for musicals *Aida* (co-author), *Flower Drum Song* (2002 Broadway revival), and *Tarzan*, among other works. David Henry Hwang graduated from Stanford University, attended the Yale School of Drama, and holds honorary degrees from Columbia College in Chicago and The American Conservatory Theatre. He lives in New York City with his wife, actress Kathryn Layng, and their children, Noah David and Eva Veanne.
