“ A vast amount of information on the German Naval Security Fleet, sicherungstreitkr ä fte, producing what is a unique review in depth. ”

—Firetrench.com This study of the Kriegsmarine ' s Sicherungstreitkr ä fte, their

security forces, fills a glaring gap in the study of the German navy in World War II. This wide array of vessels included patrol boats, minesweepers, submarine hunters, barrage breakers, landing craft, minelayers, and even the riverine flotilla that patrolled the Danube as it snaked towards the Black Sea. These vessels may not have provided the glamour associated with capital ships and U-boats, but they were crucial to the survival of the Kriegsmarine at every stage of hostilities. As naval

construction was unable to keep pace with the likely demand for security vessels, Grossadmiral Erich Raeder turned to the conversion of merchant vessels. For example, trawlers were requisitioned as patrol boats (Vorpostenboot) and minesweepers (Minensucher), while freighters, designated Sperrbrecher, were filled with buoyant materials and sent to clear minefields. Submarine hunters (U-Boot J ä ger) were requisitioned fishing vessels. More than 120 flotillas operated in wildly different

conditions, from the Arctic to the Mediterranean, and eighty-one men were to be awarded the Knights Cross; some were still operating after the cessation of hostilities clearing German minefields. The author deals with whole subject at every level, documenting organizational changes, describing the vessels, and recounting individual actions of ships at sea, while extensive appendices round off this major new work.

“ Paterson offers a well researched narrative detailing

both the large scale aspect of Security Forces operations interspersed with examples of key or typical engagement examples. ” —The International Journal of Maritime History Chicago Central Business and Office Building Directory e-arnnow sro Packed with detailed information and color photos, these are the most complete and up-to-date guides to Britain ’ s accommodations, golf courses, restaurants, and pubs. Visitors ’ details include hours, prices, directions, suitability for families, insider

tips, and more.
