Amma, universally known as "The Hugging Saint," went through a two-decade transformation from a simple fisherman's daughter to an international wonder worshiped by millions. Gail "Gayatri" Tredwell was there every step of the way--from early devotee to head female disciple, ever-present personal attendant, handmaiden, whipping post, and unwilling keeper of some devastating secrets. Because she became fluent in the Malayalam language and had continual intimate proximity to Amma for twenty years, Tredwell is uniquely capable of portraying this famous woman. She tells her tale with straightforward honesty, fairness, and a dash of Aussie snap and wit. Although the guru's flaws are a necessary part of her story and awakening, she strives to be factual throughout, digging deep to eschew victim frameworks and take responsibility for her own role in accepting the abuse and perpetuating the lies. Tredwell takes us vividly through her varying stages, starting with na ĩ vet é and innocent devotion, then on to dawning awareness and confusion, finally to emotional breakdown and her shocking "enlightenment"--her realization that the liberation she urgently required was in fact liberation from her own guru

Lexical Ontological Semantics introduces ontological methods into lexical semantic studies with the aim of giving impetus to various fields of endeavours which envision and model the semantic network of a language. Lexical ontological semantics (LOS) provides a cognition-based computation-oriented framework in which nouns and predicates are described in terms of their semantic knowledge and models the mechanism in which the noun system is coupled with the predicate system. It expands the scope of lexical semantics, updates methodologies to semantic representation, guides the construction of semantic resources for natural language processing, and develops new theories for human-machine interactions and communications.

To be human is to be in relationships. We can’t survive without them but it’s in relationships that we can so easily get unravelled. Some relationships just seem to do us in. Either we feel like we lose ourselves or feel burnt out from futile efforts to make things right for another. In our relationships we can experience the very best of ourselves and the very worst. The message of Growing Yourself Up is that you can’t separate understanding the individual from understanding relationships. All of life’s relationships are integral to increasing self-awareness and maturity. And it’s not necessarily the comfortable relationships that promote personal growth. In this 2nd edition of the bestselling book, Jenny examines how to help others without fostering dependency, and how to determine what kind of help you or others want from therapists. This is in response to the many lay and professional people who have found this book valuable personally and want to know how to help others grow. Drawing from Bowen family systems theory, the book takes you on a journey through each stage of life to see predictable patterns of relationships and to show how to use this knowledge to make purposeful adjustments in yourself; as well as lending a mature helping hand to others. The result is a sturdier self, sturdier relationships and a refreshing new way to view life’s

challenges and opportunities.

The Spiritual Awakening Process Harvard University Press

When 16-year-old poetry blogger Tessa Dickinson is involved in a car accident and loses her eyesight for 100 days, she feels like her whole world has been turned upside-down. Terrified that her vision might never return, Tessa feels like she has nothing left to be happy about. But when her grandparents place an ad in the local newspaper looking for a typist to help Tessa continue writing and blogging, an unlikely answer knocks at their door: Weston Ludovico, a boy her age with bright eyes, an optimistic smile...and no legs. Knowing how angry and afraid Tessa is feeling, Weston thinks he can help her. But he has one condition -- no one can tell Tessa about his disability. And because she can't see him, she treats him with contempt: screaming at him to get out of her house and never come back. But for Weston, it's the most amazing feeling: to be treated like a normal person, not just a sob story. So he comes back. Again and again and again. Tessa spurns Weston's "obnoxious optimism", convinced that he has no idea what she's going through. But Weston knows exactly how she feels and reaches into her darkness to show her that there is more than one way to experience the world. As Tessa grows closer to Weston, she finds it harder and harder to imagine life without him -- and Weston can't imagine life without her. But he still hasn't told her the truth, and when Tessa's sight returns he'll have to make the hardest decision of his life: vanish from Tessa's world...or overcome his fear of being seen. 100 Days of Sunlight is a poignant and heartfelt novel by author Abbie Emmons. If you like sweet contemporary romance and strong family themes then you'll love this touching story of hope, healing, and getting back up when life knocks you down.

Land the deals you want and develop your instincts with million-dollar negotiation techniques After selling over \$3 Billion in real estate, including the most expensive one-bedroom house in history, Josh Altman, co-star of the hit show Million-Dollar Listing Los Angeles, wants to teach you the real estate sales and negotiation tactics that have made him one of America's top agents. Buying or selling a house, whether for a client or yourself, is one of the most important (and most stressful) deals anyone can make, demanding emotional intelligence and a solid set of negotiating skills. But by mastering the same techniques that sell multi-million-dollar homes in Bel Air and Beverly Hills, you can attract buyers and close deals on any property. Josh breaks down the art of real estate into three simple parts. First, he'll help you get business in the door during the Opening. Then he takes you step-by-step through the Work: everything between the first handshake and the last. And finally, the Close, the last step that ensures all your hard work pays off as you seal the deal. Learn how to open with a prospect, work the deal, close, open, and repeat Build and market your reputation, creating more sales opportunities Develop the traits of a closer in you and your team Drive the deal forward and get the best price for your property by creating desire, scarcity, and demand Successful real estate sales are driven by the same principles, whether they happen in the Hollywood Hills or just down the street. Josh wants to put those principles, and the techniques for applying them, in your hands. Learn them and discover what you can achieve.

Freshwater shortages will affect 75% of the world's population by 2050. Mithen puts this crisis into context by exploring 10,000 years of water management. Thirst tells of civilizations defeated by the water challenge, and of technological ingenuity that sustained communities in hostile environments. Work with nature, not against it, he advises.

From Sonoma wine country in the north to sundrenched La Jolla in the south, and from Malibu's seaside enclaves to Palm Springs nestled in the desert, California's distinctive regions are home to many of the world's most stunning swimming pools. Since the ancient times, when manmade baths enhanced the gardens of Egyptian nobles, pools have been built as the ultimate symbols of luxury and leisure, providing a means of capturing one of nature's most elusive elements. Soon after the pool arrived in America in the nineteenth century, California became a mecca for pool owners, where many advances in pool design have been made over the last century. Reflections on the Pool presents 40 perfect pools in 100 brilliant color photographs. These include the vibrant, Mexican-style architectural design of Ricardo Legorreta and the avant-garde, sensational creations of John Lautner, and illustrate the theories of the renowned landscape designers Thomas Church and Isabelle Greene. Each section of the book features a type of pool, or an element of pool design. Pools imitating nature, lap pools, architectural or highly ornamented pools are discussed in detail, as well as historic pools such as Hearst's Neptune Pool at San Simeon or Thomas Church's vanguard kidney-bean-shaped design of 1948, and other early California examples that set precedents for the pools of today. The introduction outlines technical aspects of design, and gives a brief history of the pool, including the influence of Hollywood on its popularity. Whether you own a pool or wish for one, and wherever you live, Reflections on the Pool is a color-infused, fresh, and inspirational display of the boundless possibilities in pool design.
