Forged by Twilight Paranormal Romance Love Awakens Their Royal Soul For weeks, Blane Pazu, aka the immortal demon king Pazuzu, experienced the increasing pull of his lifemate— he'd felt her for years but suddenly it threatened to tear his insides apart. The timing couldn't have been worse; he needed to first find his lost amulet to break Lucifer's curse on his kind and thereby save humanity... so he chose to ignore it. "This amulet chose you to form a mate-bond with the demon it belongs to. If you fail to find him, humanity will die." Zara Santiago came to Sin City five years ago to hide from her past. She should've known better than to allow the supposed witch, Madame Hilda, to spout out her fortune. For one, she didn't believe in anything as frivolous as the mystique world, let alone demons or angels. Therefore, the amulet was set aside in her home and forgotten about... until it started to glow. The day the black-haired pixie arrived at his gym, Blane knew he was lost. How could he trust a stranger who was asking too many questions and knew exactly what his amulet looked like? Was the evil goddess behind her appearance...or Lucifer himself? Why then, knowing the danger of trusting her held for them all, was it possible that the feisty mortal with the huge blue eyes managed to unleash Blane's darkest passion? A Guardian's Spell had been cast but Blane was left wondering... who wielded the power? Him... or the mortal human? Editor's note: Otherworldly creatures, curses, and pleasures. Guardian's Spell will keep your eyes wide, your jaw hanging open, and your mind wondering just what doing THAT with a demon king with TWO would be like.

By the early middle ages vernacular aristocratic traditions of heroic narration were firmly established in Western and Northern Europe. Although there are regional, linguistic and formal differences, one can observe a number of similarities. Oral literature disseminates a range of themes that are shared by narratives in most parts of the continent. In all the European regions, this tradition of heroic narration came into contact with Christianity, which led to modifications. Similar processes of adaptation and transformation can be traced everywhere in this field of early European vernacular narrative. But with the increasing specialization of academic fields over the last half century, inter-disciplinary dialogue has become increasingly difficult. The volume is a contribution to renew the inter-disciplinary dialogue about common themes, topics and motifs in Nordic, Roman, Anglo-Saxon and Germanic literature, and about the different methodologies to explore them.
