different in their politics and methodologies, who are acutely aware of the importance of politics on literary practice and theory. Should, for example, feminist criticism be subjected to a critique by voices it construes as hostile to its political agenda? Is it possible to present a critique of feminist criticism without implicitly impeding its politics? And, in the light of recent political events should the Right pronounce the demise of Marxism as a social science and interpretive tool? The essays in *Shakespeare Left and Right*, first published in 1991, present a tug of war about ideology, acted out over the body of Shakespeare. Part One focuses on the challenge thrown down by

Richard Levin's widely discussed "Feminist Thematics and Shakespearean Tragedy". Part Two considers these issues in relation to critical practice and the reading of specific plays. This book should be of interest to undergraduates and academics interested in Shakespeare studies. *Chronicles of England, Scotland and Ireland* Routledge
LitPlan Teacher Packs have a foundation of materials for teaching works of literature. Over one hundred pages including short answer study questions, multiple choice quiz questions, discussion

questions, writing assignments, vocabulary worksheets, daily lessons, unit tests, games, puzzles, review materials, bulletin board ideas, and much more. *Macbeth Common Core Aligned Literature Guide* Routledge
Presents reproducible materials for teaching Shakespeare's "Macbeth" in high school, including critical thinking, creative writing, literary analysis, vocabulary, and review activities as well as quizzes and exams. Routledge

Embarking on your first solo road trip. Receiving a special surprise that arrives out of the blue. Finding a sudden flash of inspiration that sets you on a wondrous new path. When we think about the moments that stand out in our memory, it's clear that our minds hold onto the unusual or unexpected. By tapping into students' innate curiosity, you can design memorable, meaningful learning experiences that captivate their interest and ignite their imaginations. Structured around four key elements that fuel engagement-surprise, curiosity, freedom, and inspiration-Keeping the Wonder offers practical strategies and abundant inspiration for K-12 educators to create lessons that are fun and compelling. Combining enchanting anecdotes, real-world experience, and a wealth of research, the authors share their collective expertise as educators and founders of the innovative Keeping the Wonder workshop. In this dynamic handbook, Jenna, Ashley, Abby, and Staci offer a fresh approach to learning through the lens of wonder. By providing creative ideas for switching up standard lesson plans in ways both subtle and profound, they show us how to recapture our fascination with the world by employing all of our senses, and enhance engagement and critical thinking for students and teachers alike. Endorsements Before reading Keeping the Wonder, I saw my social studies classroom for what it was: brick walls, desks, and a few colorful posters. Today, I see magic seeping through the cracks of every space. Keeping the Wonder reignited my

passion for student engagement and learning with every turn of the page. -Dr. Jacob Bauer Zebley, high school social studies teacher and 2015 Cecil County Teacher of the Year From personal stories, practical advice, and research-based strategies, *Keeping the Wonder* is a book you will reach for time and again. After reading, you'll start looking not just at your own classroom and curriculum through the lens of wonder, but the world around you. A must read for any teacher who is looking to

bring that sense of curiosity and love of learning back into their classroom. -Caitlin Mitchell and Jessica Cannata, cofounders of EB Academics and bestselling authors of *The Empowered ELA Teacher Research in Education* Routledge
In *Shakespeare in Three Dimensions*, Robert Blacker asks us to set aside what we think we know about Shakespeare and rediscover his plays on the page, and as Shakespeare intended, in the rehearsal room and in performance.

That process includes stripping away false traditions that have obscured his observations about people and social institutions that are still vital to our lives today. This book explores the verities of power and love in *Romeo and Juliet* and *Macbeth*, as an example of how to mine the extraordinary detail in all of Shakespeare's plays, using the knowledge of both theatre practitioners and scholars to excavate and restore

them.

A Unit Plan Routledge
This volume offers a wealth of critical analysis, supported with ample historical and bibliographical information about one of Shakespeare's most enduringly popular and globally influential plays. Its eighteen new chapters represent a broad spectrum of current scholarly and interpretive approaches, from historicist criticism to performance theory to cultural studies. A substantial section

addresses early modern nineteenth-century themes, with attention England to late to the protagonists and twentieth-century the discourses of China. The editor's politics, class, extensive introduction gender, the emotions, surveys critical, and the economy, along theatrical, and with discussions of cinematic interpretations from significant 'minor' characters and less the late seventeenth commonly examined century to the textual passages. beginning of the twenty- Further chapters first, while advancing scrutinize Macbeth's a synthetic argument to performance, adaptation explain the shifting and transformation relationship between across several two conflicting strains media-stage, film, in the tragedy's text, and hypertext—in reception. Written to a cultural settings level that will be both ranging from early accessible to advanced

undergraduates and, at the same time, useful to post-graduates and specialists in the field, this book will greatly enhance any study of Macbeth. Contributors: Rebecca Lemon, Jonathan Baldo, Rebecca Ann Bach, Julie Barmazel, Abraham Stoll, Lois Feuer, Stephen Deng, Lisa Tomaszewski, Lynne Bruckner, Michael David Fox, James Wells, Laura Engel, Stephen Buhler, Bi-qi Beatrice Lei, Kim Fedderson and J. Michael Richardson, Bruno Lessard, Pamela

Mason.

The Merchant of Venice Taylor & Francis

The search for a means to an end to apartheid erupts into conflict between a black township youth and his "old-fashioned" black teacher.

Macbeth Dave Burgess Consulting
That Shakespeare thematized time thoroughly, almost obsessively, in his plays is well established: time is,

among other things, a 'devourer' (Love's Labour's Lost), one who can untie knots (Twelfth Night), or, perhaps most famously, simply 'out of joint' (Hamlet). Yet most critical commentary on time and Shakespeare tends to incorporate little focus on time as an essential - if elusive - element of stage praxis. This book aims to fill that gap; Wagner's focus is specifically performative, asking after time as a stage phenomenon rather than

a literary theme or poetic metaphor. His primary approach is phenomenological, as the book aims to describe how time operates on Shakespearean stages. Through philosophical, historiographical, dramaturgical, and performative perspectives, Wagner examines the ways in which theatrical activity generates a manifest presence of time, and he demonstrates Shakespeare's acute awareness and

manipulation of this phenomenon. Underpinning these investigations is the argument that theatrical time, and especially Shakespearean time, is rooted in temporal conflict and 'thickness' (the heightened sense of the present moment bearing the weight of both the past and the future). Throughout the book, Wagner traces the ways in which time transcends thematic and metaphorical functions, and forms an essential

part of Shakespearean stage praxis. *From Ecopolitics to Ecocriticism*
Routledge
Shakespeare wrote for a theater in which the audience was understood to be, and at times invited to be, active and participatory. How have Shakespeare's audiences, from the sixteenth century to the present, responded to that invitation? In what ways have consumers

across different cultural contexts, periods, and platforms engaged with the performance of Shakespeare's plays? What are some of the different approaches taken by scholars today in thinking about the role of Shakespeare's audiences and their relationship to performance? The chapters in this collection use a variety of methods and approaches to

explore the global history of audience experience of Shakespearean performance in theater, film, radio, and digital media. The approaches that these contributors take look at Shakespeare's audiences through a variety of lenses, including theater history, dramaturgy, film studies, fan studies, popular culture, and performance.

Together, they provide both close studies of particular moments in the history of Shakespeare's audiences and a broader understanding of the various, often complex, connections between and among those audiences across the long history of Shakespearean performance.

Shakespeare's poetic-dramatic worlds are inescapably limited. There is always, in his poems and plays, a force (a contingent drive, a pre-textual undertow, a rational-critical momentum, an ironic stance, the deflections of error) coercing plot and meaning to their end. By examining the work of limits in the sonnets and in five of his plays, this book seeks not only to

highlight the poet's rejection of "the steadfast commitment to pathos of finitude". critical rationality. But finitude is much It also aims to plead a more than a modish, neo-case of hermeneutic existentialist, continence. Present-day watchword. lived experience are brought out through reference to memoirs written by modern-day military spouses, sociological studies of the American armed forces, and reports issued by the Department of Defence. Shakespeare's military spouses create a discourse that recognizes the role of the military in national defence but criticizes risky or damaging behaviours and norms, promoting the idea of a martial identity that permits	military defence without the dangers of toxic masculinity. Meeting at the intersection of Shakespeare Studies, trauma studies, and military studies, this focus on military spouses is a unique and unprecedented resource for academics in these fields, as well as for groups interested in Shakespeare and theatre as a way of thinking through and responding to psychiatric issues and traumatic experiences. <i>Macbeth</i> Routledge	This innovative book explores links between literature and videogames, and how designing and playing games can transform our understanding of literature. It shows how studying literature through the lens of videogames can provide new insights into narrative and creative engagement with the text. The book sets out theories of narrative
---	---	--

aesthetics and multimodality in literature and videogames, alongside models of literacy needed for such cultural and creative engagement. It goes on to examine game adaptations of children's literature; and a series of videogames made by students based on Beowulf and Macbeth. In each case, the book considers ways in which the original	text has been transformed by the process of game design, and what fresh light this casts on the literary narrative. It also considers what kind of learning, creative production, and cultural engagement is apparent in the game designs and emphasises the importance of treating games as a narrative medium in their own right. With a unique approach to	the aesthetics of narrative in literature and videogames, the book will be of great interest to researchers, academics, and post-graduate students in the fields of literature, pedagogy, and game studies. <i>British Books</i> Routledge Advanced Placement Classroom: Macbeth is a teacher-friendly resource for using one of Shakespeare's greatest tragedies in
