Students learn the sources of hundreds of vocabulary words with this new, multi-year program. Unlike many programs that depend on rote memorization, Vocabulary from Latin and Greek Roots incorporates a variety of techniques to teach students the skills they need to determine the

meaning of unfamiliar words, while also expanding sight vocabulary. Vocabulary from Latin and Greek Roots reinforces new words through: a format that capitalizes on word families, associative hooks and visuals to jog the memory, building language-analysis skills, exercises designed for maximum retention. Many vocabulary programs are focused on preparing students for a test from week to week, but Vocabulary from Latin and Greek Roots teaches skills that they can use for a lifetime. Teaches word analysis skills by focusing on root words. Additional notes on word and phrase histories build interest. Humorous visual mnemonics reinforce recall. Book Five is recommended for 11th Grade. This is a student classroom edition. Tests and Answer Keys are available through the publisher but are only sold to schools and teachers.

The Comedy of Errors Novel Units

The Scorpions are a gun-toting Harlem gang, and Jamal Hicks is about to become tragically involved with them in this authentic tale of the sacrifice of innocence and the struggle to steer clear of violence. This Newbery Honor Book will challenge young men to consider their own decisions as they come of age in a complex and often frustrating society. Pushed by a bully to fight and nagged by his principal, Jamal is having a difficult time staying in school. His home life is not much better, with his mother working her fingers to the bone to try to earn the money for an appeal for Jamal's jailed older brother, Randy. Jamal wants to do the right thing and help earn the money to free his brother by working, but he's afraid to go against the Scorpions. Jamal eventually pulls free of the gang's bad influence, but only through the narrowest of escapes. Walter Dean Myers, five-time winner of the Coretta Scott King Award, sensitively explores the loyalty and love between friends faced with hard choices. Scorpions is 25 years old, but the issues of poverty and violence make it a timeless powerful read—sadly as relevant as ever.

Go Set a Watchman American Reprint Company  
Ignatius Critical Editions (ICE) Study Guides are constructed to aid the reader of ICE classics to achieve a level of critical and literary appreciation

befitting the works themselves. They give introductions and summaries, followed up with in-depth considerations of key critical moments and themes, plus lists of points to ponder while reading. Finally, they include questions to test the students' knowledge of the text and ability to go from that knowledge to wider or higher conclusions about the works and their relation to reality. Ideally suited for students themselves and as a guide for teachers, the ICE Study Guides serve as a complement to the treasures of critical appreciation already included in ICE titles.

Part of Prufrock's new series for the upper level classroom, Advanced Placement Classroom: Hamlet allows teachers to take a fresh approach on one of Shakespeare's most famous plays, by moving beyond basic history and memorization of quotes. Students will study cultural variations of the Hamlet story, recreate the tale's events in a news show format, rewrite scenes using modern-day perspectives, and create

---

their own blogs to discuss the play's relationship to contemporary life. The author also provides easy-to-use discussions of Shakespeare's life and times and the ways Hamlet can be studied from a critical perspective. Prufrock's new line of innovative teaching guides is designed to engage students with creative learning activities that ensure Advanced Placement success. The Teaching Success Guide for the Advanced Placement Classroom series helps teachers motivate students above and beyond the norm by introducing investigative, hands-on activities including debates, role-plays, experiments, projects, and more, all based on Advanced Placement and college-level standards for learning. Grades 7-12

### Midsummer Night's Dream, A Penguin UK

This book is the new definitive guide to teaching students to love Shakespeare. ShakesFear proceeds from a very simple premise: William Shakespeare's plays were written for audiences to enjoy and not for readers to trudge through. Noted Shakespeare scholar Ralph Cohen's life is devoted to the notion that only through performance does the depth and complexity of Shakespeare's world come to life. In this book, Dr. Cohen walks teachers through the process of making Shakespeare fun in the classroom by staging scenes and plays. He uses tricks and "ploys," arguments, and hypothetical questions to tease students into falling in love with the characters first, then the plays, and eventually the literature. - Publisher.

Scorpions London, Chatto

'And when I shall die, Take him and cut him out in little stars.'

This collection of Shakespeare's soliloquies, including both old favourites and lesser-known pieces, shows him at his dazzling best. One of 46 new books in the bestselling Little Black Classics series, to celebrate the first ever Penguin Classic in 1946. Each book gives readers a taste of the Classics' huge range and diversity, with works from around the world and across the centuries - including fables, decadence, heartbreak, tall tales, satire, ghosts, battles and elephants.

**NATIONAL BESTSELLER • WINNER OF THE**

**PULITZER PRIZE •** A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two

---

people alive in the face of total devastation.

' Incoming Asteroid! ' is based on a project within ASTRA (the Association in Scotland to Research into Astronautics) to provide scientific answers to the question – what would we do if we knew there was going to be an asteroid impact in ten years ' time or less? Clearly there are many things humanity can do nothing about, for example an unseen object traveling towards us so fast that we have no time to prepare, or an object so large it may be unstoppable. A realistic hazard model was decided upon, and the scenario developed from that: an incoming object about 1 kilometer in diameter, in an orbit ranging from the outer rim of the Asteroid Belt to within that of Earth ' s. Three basic possibilities are considered in this book. The first is the deflection of the asteroid, using remote probes along with a number of possible technologies to change the asteroid ' s course. Second is the attempt of a manned mission, in order to plant a propulsion system on the asteroid to push it into a different orbit. Third is the nuclear option, a last-ditch attempt to break up and then disperse the asteroid using nuclear weapons. (A rather impractical combination of these second and third options were used as the plot of the popular 1998 Bruce Willis feature film, Armageddon.) Although the cost of developing the technology needed to protect the Earth

would be substantial, there would certainly be spin-off benefits. These could eventually result in practical small-scale atomic energy sources, new propulsion systems that could make extraterrestrial mining within the solar system a possibility, and other as-yet unforeseen benefits. And finally, Incoming Asteroid! considers the political implications - how governments across the world should best react to the threat with a view to minimizing loss of life, and in the weeks running up to the possible impact, preventing panic in the population.

Scholastic Inc.

Tiger Ann Parker wants nothing more than to get out of the rural town of Saitter, Louisiana--far away from her mentally disabled mother, her "slow" father who can't read an electric bill, and her classmates who taunt her. So when Aunt Dorie Kay asks Tiger to sp the summer with her in Baton Rouge, Tiger can't wait to go. But before she leaves, the sudden revelation of a dark family secret prompts Tiger to make a decision that will ultimately change her life. Set in the South in the late 1950s, this coming-of-age novel explores a twelve-year-old girl's struggle to accept her grandmother's death, her mentally deficient parents, and the changing world around her. It is a novel filled with beautiful language and unforgettable characters, and the importance of family and home. My Louisiana Sky is a 1998 Boston Globe - Horn Book Award Honor Book for Fiction.

County & Municipal Record Cambridge University Press  
Shakespeare everyone can understand--now in new DELUXE editions! Why fear Shakespeare? By placing the words of the original play next to line-by-line translations in plain English,

these popular guides make Shakespeare accessible to everyone. They introduce Shakespeare's world, significant plot points, and the key players. And now they feature expanded literature guide sections that help students study smarter, along with links to bonus content on the Sparknotes.com website. A Q&A, guided analysis of significant literary devices, and review of the play give students all the tools necessary for understanding, discussing, and writing about Merchant of Venice. The expanded content includes: Five Key Questions: Five frequently asked questions about major moments and characters in the play. What Does the Ending Mean?: Is the ending sad, celebratory, ironic . . . or ambivalent? Plot Analysis: What is the play about? How is the story told, and what are the main themes? Why do the characters behave as they do? Study Questions: Questions that guide students as they study for a test or write a paper. Quotes by Theme: Quotes organized by Shakespeare's main themes, such as love, death, tyranny, honor, and fate. Quotes by Character: Quotes organized by the play's main characters, along with interpretations of their meaning.

**The Happy Golfer Macbeth: Side by Side**  
Winner of the Newbery Medal, this remarkably moving novel has impressed the hearts and minds of millions of readers. Set in Mississippi at the height of the Depression, this is the story of one family's struggle to maintain their integrity, pride, and independence in the face of racism and social injustice. And it is also Cassie's story—Cassie Logan, an independent girl who discovers over the course of an important year why having land of their own is so crucial to the Logan family, even as she learns to draw strength from her own sense of dignity and self-respect. \* "[A] vivid story.... Entirely through its own internal development, the novel shows the rich inner rewards of black pride, love, and independence."—Booklist, starred review

**The Scottish Educational Journal Vintage**  
Presents the original text of Shakespeare's play side by side with a modern version.
