ATTITUDE STUDENT'S BOOK - WORKBOOK - WB CD - 2A

This volume assembles a distinguished group of international scholars whose chapters on classic and emerging issues in research on attitudes provide an excellent introduction for advanced undergraduates and graduate students. The book's chapters cover all of the most critical features of attitude measurement, attitude development, and attitude change. Implicit and explicit approaches to measurement and conceptualization are featured throughout, making this one of the most up-to-date treatments of attitude theory and research currently available. The comprehensive coverage of the central topics in this important field provides a useful text in advanced courses on persuasion or attitude change.

More than 300 pages of content includes 55 illustrations by Catherine. This is your all-in-one text + workbook! The book is designed for you to write in it! Take notes in margins, complete the action assignments, include your own sketches - my content is the starting point, and by the

time you complete the book I hope you will have co-created a training manual for yourself. The more input from you, the better! **LIVE IT! Mastering Positive Attitude Habits**, is based on the Attitude Management employee trainings and college courses Catherine has been facilitating over the past 15 years. The content has already proven to change people's lives for the better, including these results: improving job satisfaction and productivity, enhancing relationships, redirecting career paths, achieving life goals, and creating daily practices and perspectives for maintaining motivation. The book is organized like Catherine's trainings: concepts explained in a style that is easy-to-understand, clarity about the decisions that must be made if a person wants to contribute in consistently positive ways, and an action planner at the end of each chapter. This format provides maximum return on your investment of money and time. \*This is not fancy trainer talk! This is not theory! This is practical tools to create real-life change.\* The book is designed to help people in an attitude rut shake off binding attitude blockers that limit careers

and relationships. It is equally focused on those who generally demonstrate a good attitude and who want to maintain their momentum toward even higher levels of self-awareness and positive contribution. Before attitude training: unconscious reactions to circumstances, unhealthy attempts to control people, blaming others for feelings and outcomes, and disproportional displays of emotion and personalization. After attitude training: reduced fear of experiencing a range of emotions, ability to understand what is felt and why it's felt, enhanced focus on goals and awareness of how some habits impact goal achievement, developed ability to recognize how our actions impact others, freedom from unproductive personalization, and daily planning for active attitude management. This book is a terrific resource for couples considering a long-term commitment as well as people in established relationships who want to further discuss and plan for their individual goals as well as their family goals. People facing their first jobs would be wise to read this book and learn how to master positive attitude habits before it becomes someone else's job

to try and manage your attitude. It's a must-read for employees who have been filling the same roles at the same organizations for years and years - it might be time for an attitude booster shot! Managing your attitude is a core competency for anyone hoping to fill - or already filling - a leadership role. Go back to the top of the page and click "ADD TO CART." Buying this book is one SMALL ACTION that can make a BIG DIFFERENCE in your life. Let's get started on this important journey of mastering positive attitude habits that will become foundational to your personal and professional goals! I'll \*See\* you in chapter one!
