Macroeconomic Opportunities and PESTLE Analysis of Turkey ...

PEST is an acronym for Political, Economic, Social and

---

Technological. This analysis is used to assess these four external factors in relation to your business situation. Basically, a PEST analysis helps you determine how these factors will affect the performance and activities of your business in the long-term.

### PEST Analysis

#### Ultimate Guide:

#### Definition, Template,

#### Examples

By understanding these external environments, organizations can maximize the opportunities and

minimize the threats to the organization.

### PESTLE analysis

answers 6 key

questions: Political -

What are the political factors that are likely to affect the business?

Economic - What are the economic factors that will affect the business?

#### Macroeconomic

#### Opportunities And Pestle

#### Analysis

A PESTLE analysis should feed into a SWOT Analysis as it helps to determine the threats and opportunities

represented by macro-environment forces that the organization usually cannot control. On an international basis, it is best to perform the analysis on a country-by-country basis because factors can differ greatly between countries (or even regions).
