The reason why it is cheaper for Magellan to sell you a newer unit at a discount is because it cost them more to stock the batteries and pay someone labor to replace it for you. I would say look for a 4040 unit with a damaged display on ebay or something and replace the battery yourself if you think you can do it.

Magellan Maestro 4040 Manual

I purchased the Magellan Maestro 4040 last week and used it for a trip down to Richmond, VA. Overall I am very please with the unit. The mounting hardware was excellent and stayed put exactly where I wanted it to. The signal strength was outstanding. The screen is the perfect size, big enough to see without being so massive it restricts your view.
