Magic Lantern Guides: Canon EOS 5D Mark II: Michael ...
I've purchased one of the Magic Lantern guides for every Nikon I've owned. They're invaluable for both reference and for learning ever more complicated cameras. These books are rich with pictures and photos, they're well written, they are great for stepping through new (to me) features and the books themselves are constructed well enough to be thrown into a camera bag and paged through over and over again.

Upgrade your Canon camera to a Cinema camera - Magic Lantern Guide

You can run both Canon firmware and Magic Lantern, to some extent, in QEMU. The emulation guide also covers initial firmware analysis and has some reverse engineering tips. If you cannot find a firmware dumper, feel free to ask; just be aware this step won't magically bring a developer to work on it.
